It's getting around that this season of the year when the small boy, who can't lift a spade of dirt in the garden, will turn up a ten acre lot hunting for fish bait.

Brannan & Co.'s business is evidently in a flourishing condition, as they have made an increase in their staff in order to meet the demands of an increasing trade. We welcome the new salesman to Lindsay.

Brain Extract.—Mr. Gross, dentist, has extracted teeth without pain by the aid of liquid gas and electricity when everything else failed. They were first used in Lindsay by Mr. Gross, and are perfectly safe and reliable.

A match at wrestling between Mr. Fee and Mr. McCue for \$25 a side has been arranged, and Mr. E. W. Johnston has acted as referee for the winner. The contest comes off in the Opera house on the evening of the 24th of May.

Mr. Paddy Ryan, the pugilist of Montreal, arrived yesterday. He is a fine specimen of physical manhood and in fine condition. He has challenged to fight any man in Canada. He stars in the Opera house on the evening of the 24th of May.

Killed.—A man named Charles McAllister, of Peterboro', was killed on Thursday evening of last week on the Midland railway at Uppergrove station, township of Mara. There is a high place at this station, and it is said that McAllister fell off the platform. His head struck on a rail on the track, and the injury caused his death.

Disfranchising women who possess sufficient property qualification to vote, are to be enfranchised by the Dominion Parliament. One effect this will have will be to make public the names of all the unmarried who own property, as they will appear on the voters' list, assuming that they will ask to be put on it. In this way the young men will be enabled to see which of the young ladies of the community it will be the most profitable in the end to pay their addresses to.

A telegraphic line will soon be put up between Port Hope and Peterborough, and extended on to Lindsay, so that there will be direct vocal communication between these places, and also with the villages along the line. Port Hope is now connected with Toronto, Hamilton, Ouelph, Galt, Cobourg and all the intermediate cities and towns, and a line will also be put up between Cobourg and Kingston, which will connect with Belleville and other towns on its way. Thus when the connection is made between Peterborough and Port Hope we will be in a position to communicate by telephone with any of these places.

Boxing Entertainment.—Fully 400 persons witnessed the athletic entertainment given by Mr. E. W. Johnston and the members of his class in the athletic club room Wednesday evening. It opened with a club swinging contest, in which eight of the advanced pupils took part and was finally won by Mick Hutton. The next was the glove bout between Smith and Fee who were well matched, and resulted in Smith retiring in favor of Fee. E. W. Johnston, J. Way, W. Jewett and McCue tried the high leaping and high kicking, in which the latter three gentlemen acquitted themselves with great credit. The final contest was between Mr. Fee and Mr. Roche, the former of whom won the medal and the cheers of the audience. All present expressed themselves as well pleased with the entertainment.

SNOWDEN.

Correspondence of The Warder. Drowned.—Mr. Henry Wellington Cartnell, a young man who was employed river driving on his river was accidentally drowned on May 9th by falling off a log. His body was afterwards recovered. He leaves a mother, father and five sisters to mourn his sudden end.

MARIPOSA STATON.

Correspondence of The Warder. CATTLE SHIPPED.—Mr. E. Rows shipped five car loads of cattle for Liverpool, England, on the 14th inst. Mr. Beacroft is in charge of them.

LARGE STEER.—Mr. William Atkinson shipped his large steer on the 14th inst. He is 3 years and 10 months old and weighed 2,035 lbs. We challenge the county to beat this for the age. Mr. Atkinson received the handsome sum of \$127 for him. Who says stock raising does not pay!

NORTH BEKLEY.

Correspondence of The Warder. QUARTERLY MEETING.—Our fourth quarterly meeting of the North Bekley appointment came off on Sabbath, May 13th; a large number were present. The Rev. J. S. Evans, from the Orphan's Home, Hamilton, preached on that occasion.

GOING TO LEAVE.—The Rev. W. W. Lloyd is about to leave this circuit at conference, the 19th of June, which will come off at Peterboro'. We hope to have his place supplied with a suitable minister, as Mr. Lloyd leaves this place having the good wishes of all.

BRUIN.—Bruin is paying his visits in this place, killing several sheep, one belonging to George Brintnell, R. Atchison, Henry Davey, John A. Anderson. All those gentlemen have lost sheep by Bruin. Owing to the long winter we attribute this to his having killed so many. People should have their sheep in a secure place at night. Bruin is a good judge of nut-top. We find he does not take the worst of the flock.

WARM WEATHER.—Warm weather comes along very slowly. This has been a backward spring. Very few have done seeding yet.

MAPLE HILL—FENELON.

Correspondence of The Warder. CORRECTION.—Your Glenora correspondent a few weeks ago stated that Mr. Peter Ferguson started a singing school at Maple Hill, and was obliged to discontinue it because some of his pupils were further advanced in music than he was himself. As this is a direct insult to Mr. Ferguson we beg leave to correct it. The singing school was discontinued for several reasons, one of which was an account of the disorderly conduct of some of the Glenora young men who attended it the same evening. We all know your Glenora correspondent can display considerable musical talent (and he knows it himself, too), but we venture to say that Mr. Ferguson could teach him for a number of years to come yet.

PERSONAL.—Mr. John Campbell is going to give up farming after this year and start hotel-keeping in Glenora. As he is an enterprising and obliging gentleman he will no doubt succeed in the hotel business. Mr. Malcolm McLeod started for Dakota a few weeks ago, where he intends to make his fortune. We hope he may succeed. Mr. John Landall has engaged with Mr. C. Naylor on the farm near Lindsay for the summer months.

OUR SCHOOL.—Our school is advancing rapidly under the excellent tuition of Mr. Wm. Calder, the attendance being larger this year than for the two previous years. This speaks well for our teacher.
