### Shocking Murder.

Last week a murder of an unusually brutal character was committed about a mile and a half east of the village of Williamsford station, on the line of the Toronto, Grey and Bruce railway, in the township of Holland. It appears that about four o'clock a farmer named Geo. Lambert, about fifty years of age, came into his house for supper, and whilst in the act of washing his hands was shot through the back by his son Joseph, a young man aged about twenty, of eccen-tric habits, but not heretofore looked on as dangerous. The shot was fired through a stove-pipe hole from the room upstairs, The old man staggered backwards and fell on the floor, when his wife, who was in the house at the time, ran to his assistance, but was unable to get him to his feet. Meantime the murderer was loading his gun for a second shot, when his mother ran upstairs and implored him to tosist. On his threatening to shoot her remedy-Fountain of Health. -65-2. next, she rushed down stairs, and while she was in the act of doing so the second shot was fired, taking effect in the dying city, either on commission or by purman's head and killing him outright. The murderer then loaded his gun a third time, came down stairs, took the murdered man by the bootleg, and dragged him about farty yards to the fact of the gar- chipmonkf, gophers. 15c. den, where he began to prepare a grave. He then got some lumber which he commenced to measure and saw up for a caffin. By this time lifteen or twenty of the neighbors, who were alarmed by the mother, had congregated but were unable to do anything, as the murderer threatened to shoot the first man who approached him. A warrant was also obtained for his arrest, but neither was it considered advisable to do anything in the way of enforcing it till other devices for the cap-ture of the murderer were exhausted. At length a man named Hanly, under pretence of rendering the murderer assistance, succeeded in getting beside him, when he took him by the legs and threw him to the ground, after which he was handcaffed and taken to the village. He says that in committing the murder he was carrying out his father's instructions. It is said that he wished to get the farm, and that the fact of his being kept out of it engendered the feelings which prompted him to commit the murderous act.
