Phthisis, instead of being purely a local disease of the lung, as is commonly believed, must be treated as a great con-stitutional malady, the result of impov-crishment from a failure of nutrition. Organs and fismes impaired by climatic influences, or previous disease, are the influences, or previous disease, are the first to give way, and we have the poverty of blood showing itself in consumption of the spine, hip, knee and bowels, as well as the lungs. The defect consists essentially in an insufficient supply of the food phosphates for tissue construction and the generation of nerve force. Wheeler's Phosphates and Calisava shows the box record yet attained in bonefitting and ouring this disease.

The Bad and Worthiese are never imitated or counterfeited, This is expecially true of a family medicine, and it is positive proof that the remedy imitated is of the highest value. As soon as it had been tested and proved by the whole world that Hop Bitters were the purest, best and most valuable family medicine on earth, many imitations spring up and began to steal the notices in which the pressend the people of the country had expressed the merits of H. It., and in every way trying to induce suffering invalids to use their stuff insuffering invalids to use their stuff in stead, expecting to make money on the credit and good name of H. B. Many others started nostrums put up in similar style to H. B., with variously devised names in which the good word it hop "or "Hops" were used in a way to induce people to believe they were the same as Hop littlers. All such pretended remedies or cures, no matter what their style or name is, and especially those with the word "Hop" or Hops" in their name or in any way connected with them or their name, are imitations or counterfeits.
