Town Council.

A special meeting of the town council was held Monday evening for the transaction of business left over from last meeting. Members present: His worship the mayor, and Messrs. Ingie, Sinclair, Weese, Graham, Winters, Cathro, McLennan, Connelly, Cahill and Crandell.

County Council.

The June session of the county council of Victoria met Tuesday afternoon at 4 p. m., all the members present except Messrs. Bailey (Emily), Bailey (Laxton), McLennan, McEachern and Parker. The minutes of the last January meeting were read and passed.

WARDEN'S ADDRESS.

In his address to the council the warden first offered a welcome to the new reeves, Messrs. Tooke and Crabtree, and believed they would prove themselves an acquisition and an assistance in the council's deliberations. The suit between the counties of Victoria and Peterboro' had found was not yet at an end, as from a communication from Mr. A. Hudspeh and which would be laid before them, after some reservation the judgment had been given against this county through the misconstruction of the word "not" in some section according to Mr. Hudspeh's letter, but as Mr. Hudspeh would address them later on he need not refer to it further then. Owing to the death of Mr. Jas. McKibbin it had become necessary to appoint a new auditor for the proper auditing of the accounts and he had therefore appointed Mr. S. Irwin for the purpose, which he trusted would prove satisfactory. He had been informed that the county of Haldimand owing to financial difficulties had been unable to make the payment due this county in March last, but he believed some arrangements had been arrived at since by which they could settle the liability. The plans for the new bridge at Cobocook are not quite ready to lay before the council. They would be, however, before the session closed, and all reports and papers at the same time. The equalization of the assessment rolls would also require some consideration and the estimates for the coming year, which are now prepared and will be laid before them in due course. The total estimates amount to \$42,750, but from this will be deducted various items derived from legislative grants, auctioneers' fees, registration fees, etc., leaving a balance to be raised of \$27,040. It is probable that about \$24,000 will be required to provide for all expenditures, while the \$3,000 will be applied on the sinking fund. In 1881 the amount required to be raised was \$32,957; last year it was \$28,598 in order to meet a deficiency of \$3,513 of unprovided expenditure. But this amount only will be required for the outlay for this year. \$20,000 of the debenture debt had been paid off by the treasurer since last year, but it would be found necessary to provide for \$16,000 maturing next year. There were also many other matters which would require the attention of the council and would be laid before them in due time. He was pleased to say the affairs under a benevolent Providence were prospering and that the bright prospects he was sure were the outcome of their careful deliberations. He was certain the same care and attention to the public interests would not be wanting at the present session.

REPORTS.

Mr. Winters presented the report of the town property committee. The committee had considered the application of the butchers asking the council to license those by-law who keep shops and refuse those peddling the same, and recommend that no action be taken in the matter. The special committee appointed to look into the amounts that have been placed against lands for taxes reported that the collector had done all he had power to do, and all taxes collectable had been collected.

BY-LAWS.

Mr. Winters introduced a by-law in lieu of by-law No. 141, taxing circuses, menageries, side shows, etc., exhibiting in the town. The council went into committee of the whole on the by-law, Mr. Ingie in the chair, and reported the amounts to be charged as follows: Circus and menagerie combined, per day, \$50; menagerie, unaccompanied by circus, \$20; side show, accompanying circus, \$10; tents, shows, such as circus riding, rope dancing, etc., where charge of admission is under 25 cents, \$10, 25 cents and over, \$20; for every exhibition of leggerdemain held in any place except the town hall, and non-residents of the town, \$2. Shades or booths not exceeding a space of thirteen feet: residents, \$1; non-residents, \$3. Vendors of medicines, jewellery, and all such petty articles cannot be sold on the public streets except on market square and on payment of fees as is laid down in the old by-law.

CELEBRATION OF DOMINION DAY.

The feeling prevailed among the members of the council that some step should be taken by the town to celebrate Dominion day, and prevent as far as possible the exodus that will in all probability take place in the event of no demonstration of any kind at home. After a little discussion Mr. Weese moved, seconded by Mr. Sinclair, that \$100 be granted providing the citizens contribute \$200, for the due celebration of Dominion day, and that Messrs. Weese, Sinclair and Brady be a committee on the part of the council to act with the citizens.—Carried.

CLOSING THE STREETS.

On motion Mr. W. B. Fee was heard regarding certain streets Mr. M'Ilhargy had fenced in in the east ward, near where the Yankee mill stood. He stated that Mr. M'Ilhargy had closed up three streets and will not allow parties to pass to and fro without paying 10 cents a toll, and in other ways tried to monopolize the streets. Mr. Riley was also heard and corroborated Mr. Fee's remarks. Mr. M'Ilhargy on the other hand claimed that he purchased the land. The council saw by the map that they were public streets and must be opened. Mr. John Robinson was heard in reference to a fence owned by Mr. Waddle, east ward, which he claimed was extended beyond its proper limits. The above matters were disposed of by Mr. Ingie moving, seconded by Mr. Sinclair, that the mayor authorize the parties to have the fences removed at once, if not legal proceedings be taken against them.—Carried.

TENDERS FOR PLANK.

Mr. Ingie stated that so far he had received but one tender for plank for the streets, and he had better accept that tender or wait. He was empowered to act as he saw fit. The council then adjourned.

Personal Paragraphs.

Mr. P. McDonald, of the firm of Touchburn & McDonald, has just returned from Montreal, where he combined business with pleasure. His purchases of fine goods during his trip will be found worthy of inspection. Mr. J. R. Dundas, M. P., left last week for the old country. He will be absent about six weeks. Capt. Botum, who has been seriously ill for some weeks, and has been laid up in the Jewett house, left this week for home. His many friends in the district will be pleased to hear of his steady recovery.

Mr. P. McDonald, of the firm of Touchburn & McDonald, has just returned from Montreal, where he combined business with pleasure. His purchases of fine goods during his trip will be found worthy of inspection. Mr. J. R. Dundas, M. P., left last week for the old country. He will be absent about six weeks. Capt. Botum, who has been seriously ill for some weeks, and has been laid up in the Jewett house, left this week for home. His many friends in the district will be pleased to hear of his steady recovery.

of the statutes bearing on the question and the necessity of some legal provision having been made by the legislature for just such cases as this, which led him to believe the insertion of the word "not" in the section which he had read should not have been there, and was there by an accident. If neither Victoria nor Peterboro' nor any one had jurisdiction over this bridge then some legislation should be enacted for the purpose. The question was, however, now in the high court, and was to have come up in a few days but has since been postponed to November.

Some conversation ensued regarding the section referred to, Mr. Daniel and Col Deacon considering the wording was correct enough, but it was in reference to the local municipalities and the keeping up of their roads.

An expression of approval of Mr. Hudspeh's course was passed and thanks for the attention given to the matter.

CHARITY GRANTS.

Col. Deacon moved, seconded by Mr. Crabtree, that this council grant \$100 to the town of Lindsay and \$25 each to the villages of Fenelon Falls, Bobcaygeon, Onemee and Brucebridge for public charitable purposes.

Mr. Adams considered Lindsay should not ask for so much money, as they did not give so much more money in proportion. As they were compelled to keep up their poor so should Lindsay. Col. Deacon explained that the rural districts generally managed to send up the poor, or a great many of them to Lindsay, and often people who had never given the town a cent of taxes. The townships should not be too hard on Lindsay either, for they had now a heavy railway debt and other debts while the real benefit was received by the rural community, and when such was being done the townships should at least give a sufficient amount to take care of the sick received from them.

Mr. Broad was rather against the grant of \$100 to Lindsay, but the villages should receive their grant perhaps. If, however, they considered Lindsay was entitled to it or could show so he would not oppose it, but these charity grants should cease at all events except in particular cases.

Col. Deacon said that then they should take care of these poor people; if they did not Lindsay would be compelled to fill the jail with all who came in without any visible means of support and that would cost far more. He, however, would do anything to assist and compel them to do anything at the kind. The motion being put was carried.

COBOCOOK BRIDGE.

The plans and specifications of the new bridge over the river at Cobocook were read by the warden.—Referred to road and bridge committee.

REPAIRS TO BRIDGES.

Mr. Fairbairn moved, seconded by Mr. Crabtree, that this council have the iron and wooden bridges at Bobcaygeon painted and the piers of the wooden bridge pointed, and that this motion be referred to the committee of roads and bridges.—Carried.

A BAD ROAD.

Mr. Fairbairn stated that there was a slight misunderstanding between the township of Ops and Fenelon and requested that Mr. White be heard. Mr. White explained that the matter was in reference to some bad pieces of road between the 11th con. of Ops and 11th con. of Fenelon, being drowned land, and which caused a great deal of trouble. As neither township pretended to have jurisdiction over it he would like to know who should attend to it.

Mr. Walker stated that Ops had made a grant of \$25 for this purpose providing the township of Fenelon would do likewise. It was scarcely necessary to bring such a small matter here, but he would nevertheless report him.

Mr. Daniels stated the township of Fenelon was quite willing to assist Ops and Emily in putting the road in repair, although they could not be compelled to do so. If the county says that Ops and Fenelon must repair the road then Emily should also assist in doing so.

Mr. Fairbairn said that no corporation could spend money outside of its borders and as far as he was concerned he considered it wrong to do so. His township had made improvements on a part of this road fully believing these two townships between them would do the balance.

Mr. Daniels stated it was customary for one township to assist another to repair a road in which each had jurisdiction.

Mr. Adam did not think they could do anything as a county council till there had been a refusal on the part of the townships.

Mr. Fell moved, seconded by Mr. Parkin, that the grievance of Mr. White be referred to the road and bridge committee for consideration.

REPORTS.

Mr. McLennan moved, seconded by Mr. Fell, that the report of the standing committee on printing be now read, passing several sundry accounts and which was adopted. On motion of Mr. Fell the council went into committee on the equalization of assessment report, which was read and finally passed.

AGRICULTURAL GRANTS.

Col. Deacon moved, seconded by Mr. Smithson, that this council grant \$250 to the several agricultural societies as follows: \$200 each to the Victoria and south ridings of Victoria and \$100 to the Muskoka district society.—Carried.

BY-LAWS.

Mr. Fell moved, seconded by Mr. McLennan, that by-law No. — to confirm the equalization of the assessment rolls of 1882 be now read. The council went into committee thereon and the by-law was duly passed.

The council then adjourned till 4 p. m. Thursday afternoon.

DUNSFORD.

Correspondence of The Warder.

EXCURSION.—An excursion to Fenelon Falls under the auspices of the St. John's S. S. is announced for June 20th. A good time is expected.

CROPS.—Crops are looking remarkably well on the high grounds. The fall wheat has suffered a little on the low, and ground by the late frosts. Farmers are all busy potato planting.
