Rupture Cured. By four months' use of Charles Clute's Drawing Leggings. Patented in U. S. and Canada. Pains of Excelsior are such as to be cured by one use. 2nd, Perfect ventilation, air circulates freely under pad. 3rd, Constant pressure. In speaking the tongue acts as a valve in the mouth, which causes corresponding pressure immediately on the hernia. The pad is so perfect that it instantly imitates the motion of the tongue when speaking. It gives to the slightest motion of the body, the motion of the tongue, and it is impossible. The pad when worn (as above shown) is a clamping pressure, the same as by placing the hand upon the leg, compressing the thumb and forefinger. This is the result of a life study and 18 years' material experience. Twenty-four thousand adjusted in the last seven years by the inventor. Assisted by leading physicians. I defy the rupture I cannot help with ease. Spinal instruments, never improved. Without cutting or pain. Send 6c stamp for book on Rupture and the Excelsior Frame (registered by Chas. Clute), valuable information. Address: CHAS. CLUTE, Medical Machinist, 115 King Street West, Toronto, Ont. and corner Main and Huron streets, Buffalo, N. Y.—1351.

Dentistry.

W. H. GROSS. The oldest Dentist in the County. Over 21 years Dental experience. About 3,000 sets of teeth made during that time. Mr. Gross's insertion of ARTIFICIAL TEETH is bringing the mirror up to nature: they are life-like in appearance, and perfect in eating and speaking. All kinds of plates ranging in price from \$5 to \$25 for a full Upper or Under Set. The reputation of his English Black Rubber Plates is established. Those who value excellence and purity, particularly in an article to be worn in the mouth, will have nothing but Black Rubber. It is free from mercury or anything injurious and makes a more durable plate than any of the rubber compounds. One or more of Mr. Gross's English Black Rubber Plates may be found in almost every neighborhood within 30 miles of Lindsay, and all giving the greatest satisfaction. Rubber Plates made for those who prefer them. Teeth extracted without a particle of pain by use of ELECTRICITY. Sufferers are daily relieved without pain or risk, and voluntarily offer to testify in its favor. Mr. Gross experimented for months with a view of regulating the Electric current to suit the different temperaments. He was the first in Lindsay to introduce it, and is the only one in the place using it successfully. A great many certificates in favor of this great destroyer of pain have been taken. No extra charge for its use. Pure Gas is kept, but, as it is considered unsafe and injurious to health (accidents from its use being frequent occurrences), it will be given to parties who insist upon having it, and who are physically sound. Natural teeth prepared by filling with gold and other materials. Fillings guaranteed for Five Years. Call upon Mr. Gross will consume but little time, and cost you nothing. Many have expressed regret for having got a set of false teeth, a tooth filled or extracted, without first calling on GROSS, over Kennedy's store, Kent street, Lindsay.—1319.

J. NEELANDS, DENTIST, Lindsay. 20 years' experience. GOLD ALLOY PLATE. Dentistry revolutionized. Mr. Neelands announced some time ago that he was introducing this new kind of base for artificial teeth. He has now sufficiently experimented with this material that he can with confidence recommend it to persons getting artificial teeth as perhaps one of the best materials ever used. It is a compound of the Royal metal. No bismuth or antimony enters into its composition. The material cast from a direct model of the mouth, therefore the finest lines of the mouth are accurately copied, thus securing a perfect fit. The Thermal conductivity is such as to secure to the mucous membrane freedom from passive congestion so very common even with black rubber and other common plates. Persons who wear it claim that they do not experience that hot feverish feeling in the mouth so usual with rubber plates. A leading dentist of New York stated before the Dental Association that he had worn every kind of plate ever used and that he had felt more or less uncomfortable until he had worn this. There is but one other dentist in Canada at the present date besides Mr. Neelands who has secured the patent right to use this material. Teeth can be inserted on this plate at a price that will not be much more than on rubber. This material can also be used in conjunction with rubber. There is little doubt that before many years this will almost entirely supersede rubber. GAS. Mr. Neelands made a special study of this gas with Dr. Colton, of New York, the inventor for extracting teeth without pain. Mr. Neelands has given it to thousands while having teeth extracted, with the greatest satisfaction. Office next door to R. Smyth's store. Parties from a distance will please send postal card before coming.

An Oasis in the desert is no brighter light to the wandering Arab than a bottle of Dr. Van Buren's Kidney Cure is to the unfortunate sufferer from kidney disease. It is a perfect, positive and permanent cure. Sold by S. Ferrin, Lindsay.—68-8.

Professional Cards.

W. KENNY, Graduate of Merchants' Victoria College, Philadelphia. Residence and office, Bond street, Lindsay. Calls answered at all hours, and charges moderate. Diseases of all domesticated animals treated. 139-17.
