MACHINE Oils, machine oils, all kinds, cheap, at Higginbotham's drug store.—78-8.

Gas.—Mr. Neelands guarantees to extract the worst cases of broken teeth and roots without pain or injury by gas. Effect chiefly also used.

WRESTLING.—A wrestling match for the championship of Ops came off between James McLaugh and J. Halliday on Monday evening, resulting in a victory for McLaugh. Some little money changed hands, but the enthusiasm was not exceptionally great.

A LITTLE MORE LIGHT.—Passengers by the late Midland train, which enters our station, Toronto, at the north-east corner at half past eight, state that considerable inconvenience is experienced by passengers in finding their way out from the station on account of the scarcity of lights in that part of the station. It has been suggested that the station authorities might at a very small cost have the matter attended to so that passengers can get out with some comfort, instead of running the risk of stumbling over boxes, trucks, and baggage on the platform in finding their way out.

LINDSAY VS. PORT PERRY.—The Lindsay baseball club left town Friday last for Port Perry, where they played the return contest. The following members represented the Lindsay team in the contest: H. Bates, catcher; G. Denison, pitcher; J. Wood, first base; W. Vaitch, second base; J. Hillis, third base; R. Hangerford, short stop; N. McCrimmon, right field; D. J. Scully, left field, and A. McCrimmon centre field. After dinner the Lindsay boys retired to dress in their regalia, which consisted of a light cream-colored shirt with a large blue initial letter of the town thereon, blue pantaloons and red stockings, all of which made an elegant contrast and presented a very fine appearance. Port Perry won the toss, sending Lindsay to the bat to face Sangster, pitcher of the Port Perry club.

The following is the score by innings: Port Perry—1 5 2 0 1 0 2 0, total, 12; Lindsay—3 4 8 0 6 0 1 1, total, 25. One most attractive feature in the game was the skillful fielding of the visiting team, surpassing as it did that of any match game played this season. This is largely owing to the zeal and determination with which our men practised prior to the day of the match and the level ground on which the game was played. The game was completed by 4:30, Lindsay capturing the pennant, a \$2 ball. Both teams met at the Ruddy house, where a sumptuous repast was served up in fine style. The L. B. R. G. thank their friends for the reception accorded them and the hospitable treatment they received from the Port Perry B. B. C.

CRICKET.—A game of cricket was played here Tuesday between the Toronto club and Lindsay, resulting in a victory for Lindsay by 8 wickets. The first innings resulted in a total of 77, Ray, Vickers and Boulton being top scorers, with 24, 14 and 10 respectively. Havel's bowling was very effective, obtaining 7 wickets for 31 runs. The essay of the Lindsay club was productive of 73 runs, of which George Hall got 11, he being the only one to obtain doubles. Lindsay won the palm for bowling, getting seven wickets at a cost of 21 runs. Toronto went to the bat again, but this time the team was disposed of for 61 runs, which score was due in a great measure to the fine play of Vickers, who got 20 runs by second play, his wicket being the ninth to fall. Jones obtained 10, the rest of the innings being small. Boyd and Barron, however, succeeded in winning the match for the home club by eight wickets. Boyd scored 32 runs, not out, and Barron 25. Both of these scores were well got, especially that of Barron. At the close of the match an excursion took place to Sturgeon Falls, where a "hop" was given in honor of the Toronto. The following is the score of the match:

A. CAMPBELL.

Mr. J. R. Dundas, M. P., informs us that yesterday in conversation with Mr. Cox, he promised that the track between Lorneville junction and Cobocook should be widened by Wednesday next, and that regular passenger trains should begin to run that day between Lindsay and Cobocook. The missing link is also to be completed about the 10th of September, when connection east it is expected will be much improved. The time table between Lindsay and Cobocook is also to be issued at once.

Personal Paragraphs. Rev. S. Weston Jones and wife returned home last week.

Dr. Coulter, who for some days has been indisposed, is round again as usual.

Dr. Breerton, M. P. F., gave us a call Wednesday. He looks as well and as jovial as usual.

Mr. J. Irvine, hotelkeeper, is improved but little during the last week. It is doubtful if he can recover.

Mr. Tabscott, of Woodstock college, officiated in the Baptist church here during the absence of Rev. Mr. Anderson.

Large numbers of Lindsay people are now up the river or down the lakes camping out and enjoying the fresh breezes.

The Rev. John Smith, of Eskine church, Toronto, will officiate in St. Andrew's church on Sunday next.

Mr. C. D. Barr and Miss Young, of the Post, are away on the press excursion on a trip east. They will be away about ten days.

The many gentlemen who have been away holidaying are returning and again settling to business. All report a pleasant time and splendid weather.

Rev. Mr. Anderson and his daughter, Miss E. Anderson, returned last Friday from a short holiday tour to Ottawa and surrounding district, looking much better for their trip.

Mr. Geo. Carr is away on a holiday tour. In his travels he will visit Boston, New York and all the eastern cities, then taking a route through Pennsylvania and Ohio will visit Chicago and the west. It will of course take some little time to visit so great a territory.

Mr. Kellert, the new proprietor of the Queen's hotel, Haliburton, evidently knows what is required by the people of Haliburton in the hotel line. He is making various improvements both in the bar and house and is doing a splendid business. He will without doubt be as successful as he deserves to be.

Mr. Wm. Parsons, of this town, has been appointed agent of Messrs. Green & Ellis, the lumber manufacturers of Fenelon Falls with headquarters at Lindsay, Mr. A. W. Parkin having only time now to see to his own lumbering business.

Mr. Parsons is a thoroughly practical business man, well known and popular, and will undoubtedly attend closely both to the interests of his employers and the general public.

Mr. J. Neelands, dentist, who has been away west for some little time, is expected home to-morrow. In addition to his travelling in different parts of Manitoba and the North west he has also visited Dakota and was for a few days the guest of Mr. S. S. Peck, a real estate owner and resident of Dakota, and at the same time the stipendiary magistrate of Haliburton county in Ontario. Mr. Neelands considers Dakota a great country, but will not say "glorious." The fields of grain are something immense and so level is the country round there that every dwelling for fifteen and twenty miles round can be seen quite plainly.

LITTLE BRITAIN. Correspondence of the Warder. PRIZE.—A few of the young men of this part made arrangements for holding a picnic in Mr. Whitelock's grove on Saturday last, ample preparations being made beforehand as a large turn-out was expected. I understand a pleasant afternoon was spent by those who attended, although the number present was not up to the expectations of the promoters of the affair. Several speakers were in attendance, and the Little Britain band were blowing like good fellows.

HARVESTING.—Farmers are now busily engaged harvesting. Messrs. John Glenroy, Robert Anderson and Joseph Mark, in this neighborhood, are working self-binders which they have procured this season, and which are giving good satisfaction.

ODDS AND ENDS.—A wedding by current report is expected to come off soon. The band is getting along fairly; not much quarrelling. The evangelistic services are still continued in the temperance hall. A good opening here for a baker. A mill in the village, and another one about one mile and a half distant would insure a ready supply of flour, and there could be a ready sale for all the bread he would bake.

LIFFORD.

SPOILATION OF CHURCHYARDS.—If there is anything that would indicate a thoughtless, debased character, it is the pulling and carrying away of the flowers from off the grave of somebody's departed, after the surviving friend had carefully dressed and beautified it with choice specimens. We are sorry to have to relate that some person or persons have been guilty of committing such an act in St. Mary's churchyard this season. It is sincerely hoped that such unmanly acts will never be repeated here or elsewhere.

HALIBURTON.

Mr. Kellert is now the landlord of the Queen's hotel, Mr. McKelvie having retired into private life.

A CONSIDERABLE number of deer have been seen in the woods around here, and all reports agree that they are very fat.

We have had reasonably good hay weather for the last week, and the greater part of the crop has been secure in good condition. The crop is a large one, but there is not more hay in the country now than there was this time last year, for that there was a considerable amount of old hay, and this year there is no old hay whatever. The price will probably keep up to a good point.

EMILY.

A MEETING was held at the Bradburn house, Omemee, on Wednesday. The reeve, dep. reeve, and councillors Graham, Scully and Guiry were present. Minutes of last meeting read and confirmed. Moved by Mr. Guiry, seconded by Mr. Scully, that the following bills be paid:—Wm. Curry, money paid out last year, \$30.45; A. Finley, gravel, \$2.42; Jno. Hannan, gravel \$4; John Wildis, work on road, \$20; T. W. Blackwell, work, \$39; John Sanderson, work, \$5; D. Row, \$20.—Carried. Moved by Mr. McQuade, seconded by Mr. Guiry, that by-law No. 1, for the purpose of restraining certain animals from running at large, and regulating the duty of poundkeepers be now read a second and third time and passed, and the reeve and clerk do sign and affix the corporate seal thereto.—Carried. The council then adjourned to meet again on the second Monday in September, when a by-law will be passed opening a road on the west side of lot 20, on the 14th con. from the south to the boundary of Verulam, said road to be three rods wide.
