THE DUDE.

He may be tall, he may be short, He may be stout, or he may be thin, As long as he wears his pants so tight That he can hardly get within, As long as he looks so handsome and neat, You'd think he'd been melted and poured in complete.

Midland District Notes.

The Presbyterians of Scarborough have received \$2,000 of Knox's college. The last log of the sawlog drive was passed through the boom at Belleville on the 28th.

Don. Bonds have been given for the week, which will be done in the most substantial manner.

The East Muskoka Agricultural Society announces their fall show in Huntsville on Tuesday, October 2nd.

Charles Smith's new storehouses and elevator, Campbellford, is five stories in height and of large capacity.

During the thunder storm of last week the residence of Mr. Jas. Morrison, 1st con., Eldon, was struck by lightning.

The rate of taxation in Gravenhurst this year for all purposes will be two cents and three mills in the dollar.

The Napanee and Tamworth railway is to be built as far as Tamworth this fall and an elevator erected in Napanee.

A petition is to be presented to the Orillia council containing 100 signatures asking for a repeal of the cow by-law.

A man named John Stewart, sawyer in McLeod & Cameron's mill, Midland, while adjusting a saw had his fingers and arm badly cut.

A girl named McCarthy was badly bitten by a bull dog on Wednesday of last week at Belleville. The brute was killed by the girl's father.

Mr. E. Courtney struck his thumb against a saw in his cabinet factory in Ashburnham, and almost completely severed the top off it.

Thomas Goodfellow, a brakeman in the employ of the Midland Railway, had his foot badly jammed while engaged handling freight at Waubesa.

Garrat Cook, of Midland, was fined \$10 and costs of 50 days in jail for assaulting his wife. He was bound in the sum of \$400 to keep the peace for one year.

The barns and outbuildings of Mr. Samuel Smith, lot 27, 4th con., Hamilton, were destroyed by fire on Sunday evening, the 12th inst. A large quantity of hay and other valuable stock was consumed.

A frame barn about nine miles northwest of Bethany, the property of Mr. Thomas Graham, was struck by lightning the other night, and with its contents was entirely consumed. Loss about \$2,000; no insurance.

During a thunder storm on Monday morning week the lightning struck a bass-wood tree on the farm of Mr. Thomas Wetherup, lot 27, 5th con. of Hope, under which a number of sheep were laying, five of them were killed.

Mail Conductor Kelly of the Midland railway found a letter among his mail matter a few days ago addressed to "Hon. Frederick Douglass, Pelee Island, Ontario, Canada, North America." It bore the post-mark of an Italian town.

On the 18th inst. Mr. Geo. Webber, Peterboro, shipped a car load of sheep for the Liverpool market, and on the 14th he shipped a car load of cattle and hogs for Montreal. Mr. Jas. Fife, of Otonabee, also shipped a car load of cattle the same day.

A Union Sunday school picnic is being arranged for between the Sunday schools of Canastota. It will likely be held in about three weeks time, about the close of harvest, and the probability is that teams will be procured for a drive to the lake shore of Beaverton.

A fire occurred at the residence of Mr. John Gormley, Hill's Corners on Tuesday week at noon. The Ottawa fire brigade went out, but the distance being so great the building was rendered useless before their arrival. We have not learned the loss, but we believe there was a slight incurrence.

The body of the late Mr. Wm. Douglas, who was drowned at Fensell Falls, has been recovered. The removal of the stop logs from the dam, raised the body of the deceased to the surface. The body was found in a spot that had been covered by a scumpling party previously. The body was taken to Peterboro for burial.

The lightning made havoc in Campbellford on the 23rd inst. Wm. Glen, of Seymour, had his barn and contents burned. Patrick Higgins, of Percy, barn and contents burned. The contents belonged to Jeremiah Collins. Other lights were observed, but their consequences are unknown. The storm lasted for about an hour.

Says the Port Hope Times: We received from Mr. Robert Keeler, of Ossa, on Saturday last a sample of two stalks of the new grass on his place, one which was the almost incredible number of eighty-three pods. Mr. Keeler enclosed a note in the parcel, bearing the words "Best this if you can." Here is a chance for our enterprising farmers to compete.

A serious shooting accident happened at Peterboro on the 22nd inst. to Thos. Howden, a son of Mr. Jos. Howden, about sixteen years old. He was in a ducking boat on the river near Campbelltown with another lad named Mitchell, and was reclining in the boat alongside his gun, when by some movement of his foot the gun went off, sending its charge of shot into the young man's face, inflicting severe injuries. There are hopes of his recovery.

The work of rebuilding the buildings on the corner of George and Charlotte streets, Peterboro, which were destroyed by fire on the morning of Friday, the 17th, has been commenced. The blacksmith shop will be larger, and the marble factory much the same as before the fire. The cabinet factory will be greatly enlarged, as the front part of the building will be three stories high, with a mansard roof, and an addition of thirty-six feet, two stories high, will be built to the rear of it.

On Sunday evening, 19th inst., a bold robbery took place at Mr. J. L. Hughes' residence, Downside street, Peterboro. The family were all at church except Mrs. Hughes, who was sitting on the front veranda. Mr. Hughes had left his coat, containing his pocket-book, hanging in the kitchen, which opens on Park street. The thief easily found admittance, the house being left open on account of the warm weather. The sum of twelve dollars was taken from the pocket-book, a ten dollar bill in another compartment of it having been overlooked. The theft was a bold one, and there is no trace of the robber.

About ten o'clock on Friday, 17th inst., a man named Matthew Morrow, who lived in an old house on lot No. 18, 4th con. of Clarke, was found to have committed suicide by hanging. He had gone deliberately about the matter, he took the cord of his neck and went into the woods about forty rods from where he was living, and climbed a beach tree and fastened the cord about twenty feet from the ground and jumped off a limb, dropping ten feet. His neck was broken by the fall. He was found a short time afterwards by Mr. Stephen Taylor, P. M., of Zion, who happened to be at the residence of his sister, Mrs. Robinson, at the time. The man had been insane for some time past, was in Cobourg jail for protection, but got out in some way.

He had a wife and three children living near Millbrook.

The Couchiching hotel is to be rebuilt in time for next summer's travel.

Horse shoe Island, Lake Couchiching is to be set aside for a future summer hotel.

Work on the Trent Valley canal locks at Backhorn is going on with the greatest activity.

Lee, the Napanee murderer, is in the asylum of the Kingston penitentiary. His mental condition is still in doubt.

Port Hope is retrograding. The gas is so deficient and scarce that the worshippers in churches have to hold services by daylight.

Arthur Yeoman, working in Chantler's mill at Bracebridge, was caught in a belt and whirled round and round, his arm being shattered to the shoulder. He suffered other severe bruises.

The Dominion Government have advertised for tenders for the purpose of procuring a mast and shed, and a shelter shed for a beacon light, at the Gravenhurst narrows, Lake Muskoka.

John McCaffery, of Port Hope, was sent to jail on the 20th inst. for fifty-five days with the option of a fine, for abusing his family and turning them out of doors. John will probably do better when he is liberated.

Campbellford is proud over the result of the departmental examinations. Seven candidates wrote for second-class and were successful, six taking grade A and one B. Eighteen passed the examination for third-class and six the intermediate examination. In all 31 candidates out of 32 passed successfully.

The Intelligencer says that on the morning of the 19th inst. the barns and sheds of William T. Bird, lot 6, 2nd con. of Huntingdon, were struck by lightning about four o'clock, and burned. They contained the whole of this year's crop and four hogs. Loss about \$2,000, insured in the Agricultural, of Watertown, for \$500.

The quait match on Monday afternoon week between Mr. Geo. Rick, of Otonabee, who held the medal, and Mr. W. Maloney, of Cedar Dale, was won by the champion, of Cedar Dale, by the score of 41 to 37 points. The contest was a very even one throughout, and considerable excitement was evinced by those present during the play.

On Saturday week, in shunting cars around in the Midland yard at Port Hope, the brake on one of the cars was defective and not sufficiently strong, and the consequence was that a couple of cars went through the Midland elevator, smashing the doors in their progress, and ran against the northern door of Mr. King's elevator, breaking it also. An investigation will be had by the railway authorities.

Among a number of new machines recently brought from other shops on the Midland railway is the one in this town, says the Port Hope Times, is a large and powerful steam hammer, which is capable of striking a blow of several tons. Some heavy pieces of iron were shown which had been beaten out by the use of a blow to an extent which would have required the exertions of two strikers at least fifteen or twenty minutes.

A stalk of wheat measuring six feet two inches, grown on the farm of Mr. John Smithson, of South Monaghan, is being exhibited. It is heading out well, but Mr. Smithson is not very confident that it will be a profitable wheat to grow in that section. The straw is remarkable for its length and strength, and we would recommend our farmers to see samples of it. It is a French wheat, and we understand a great many are experimenting with it.

A serious runaway accident occurred on Kempenfeldt road on Sunday evening, 19th inst., whereby Mr. Geo. McGowan, of Vespera, and a lady who was with him, sustained severe injuries. It appears that the horse which McGowan was driving became frightened and started off at a breakneck speed down the hill. Mr. McGowan held fast to the lines and eventually managed to stop the horse. The buggy was completely smashed up, and the lady who was with McGowan was badly kicked on the head by the horse. McGowan himself had one of his shoulders severely hurt, and it is fortunate that both were not more seriously injured.

A daring robbery was perpetrated at Seaton's hotel, on the Perry road, north of Finton, near the line of the Ontario & Quebec, by two men on Monday, 20th inst. It appears that Mr. Thos. Tappan, reeve of the township of Barrie, had driven to the hotel, and thoughtlessly left his coat (in a pocket of which was his purse containing \$70 and some valuable papers) in his wagon. The men above referred to, who were employed on the road, discovered the coat with its valuable contents and taking possession of the money and papers, went away. The loss was discovered about ten o'clock on Tuesday, and the disappearance led to their being suspected of the theft. Pursuit was soon instituted, but at this writing they have not been found.

The Hastings Star says:—Trouble is brewing between the Agricultural Society of East Peterboro and the village of Norwood. On the strength of a verbal promise from the Norwood council of a permanent lease of the grounds for the use of the society, the directors obtained a grant of \$150 from the municipality of Asphodel and handed it over to the Norwood council, the directors also fencing and otherwise preparing the grounds. The Norwood council, now that they have both the money and the work, offer the "better terms." The Asphodel council should hold the directors personally responsible for the money granted. We shall again refer to this matter.

On Wednesday afternoon of last week between four and five o'clock, Mr. Otonabee, of Peterboro, was seriously injured, and narrowly escaped being killed at McDonald's saw-mill, on the shore of Little Lake. He was "jacking up" logs out of the water into the mill, standing with his hands on the lever that controls the movements of the machinery which winds up the chain. Through some mishap he slipped and fell on a rapidly revolving shaft behind him, his back falling on the shaft. His shirt caught in a coupling and it was entirely torn off him before he got free. His position was doubly perilous, as the logs were coming quickly towards him, and he got free from the shaft and ran under the gangway just in time to escape from under them. The shaft was near the floor, so that it could not throw him over it. He was, however, very seriously injured, as two ribs were broken, a penetrating wound was inflicted on the abdomen, lacerating wounds on the sides, his back and lower limbs were injured. Dr. Sproule, the surgeon in attendance, thinks he will recover.

Headache, Headache is one of those distressing complaints that depends upon nervous irritation, bad circulation, or a disorder of the stomach, liver, bowels, &c. The editor and proprietor of the Canada Presbyterian was cured after years of suffering with headache, and now testifies to the virtues of Burdock Blood Bitters.—90-2.

KAHOLA, Mo., Feb. 24, 1883. I have purchased five bottles of your Burdock Blood Bitters & Co. last fall, for my daughter, and am well pleased with the Bitters. They did her more good than all the medicine she has taken for six years.

The above is from a very reliable farmer, whose daughter was in poor health for seven or eight years, and could obtain no relief until she used Hop Bitters. She is now in as good health as any person in the country. We have a large stock and they are making remarkable cures. W. H. BRUNER & Co.

W. H. GROSS DENTIST.

Nearly 23 years experience. ENGLISH BLACK RUBBER PLATES. Mr. Gross is using for his best dental plates Gold, Platinum and Black Rubber, three of the most reliable materials now in use for the purpose. Mr. Gross uses the purest English Black Rubber, and never, during his experience of nearly twenty years, has been so uniformly successful with any material. Black Rubber is non-irritant and non-conducting, and cannot therefore produce competition or any other of the numerous diseases of the mouth. Thousands of people who have been not only annoyed but actually tortured by the attempted use of red rubber and gutta serena plates for a day wearing Black Rubber plates with pleasure, never before known in their experience with artificial teeth. An attempt is being made by a certain non-placed dentist to force upon his patrons a humbug, called a "gold alloy plate." Do not be deceived by it. It is nothing new, but an old thing revived, and does not contain an atom of gold. Mr. Gross has a sample of the genuine article from which gold alloy plates are made, and any one can see it by calling at his office. He will make plates of what is called gold alloy or of red rubber for persons who want such plates after their poisonous nature has been fully explained. If you are about getting artificial teeth and want something that is good, that will stand the test, get them made on Gold, Platinum or Black Rubber, and you will have no cause for regret. In some respects the Black Rubber is superior to either of the metals named and can be furnished at about one-fourth their price. A full upper under set of teeth from \$9 to \$60. Mr. Gross is using the Improved James' Grand Gas, the purest, safest and most reliable form of gas in use. Electricity successfully used.

The natural teeth preserved by using and filling guaranteed for five years. Mr. Gross will take pleasure in explaining everything to persons who call for information. His rooms are over Kennedy's store, Kent Street, Residence, Russell Street.
