The Victoria Warder

FRIDAY, SEPTEMBER 7, 1883.

LOCAL JOTTINGS.

URBAN AND SUBURBAN.

JAS. LAUT'S prize tea at Mrs. Jewett's. FRESH oysters to hand at Mrs. B. F. Jewett's.—81. RAISINS, raisins—14 lbs of good raisins for \$1—at G. A. Gibson's.—81-2. THE Methodist Sunday school excursion takes place to Lake Scougou on Monday. ALL the new school books are to be found at Easton's, Variety Hall.—79-3. BACON, bacon, boneless bacon in large or small lots at Spratt & Killen's at bottom prices. THROUGH tickets issued to all points in the United States and Manitoba. E. M. Woolhouse, ticket agent. THE gas company are continually extending their pipes. The latest extension is to Workman's lively stable. 100 sun shades and parasols to be cleared out at cost at the Mammoth dry goods and clothing house of Lindsay. Bradburn & Co. STOVE coal delivered to all parts of the town; also blacksmith's and Lehigh coal constantly on hand at R. Bryans, lumber merchant.—81-1. GAS.—Mr. Neelands guarantees to extract the worst cases of broken teeth and roots without pain or injury by gas. Electricity also used. THE Salvation army and others went on an excursion to Toronto Monday to take part in the anniversary jubilation there of the first landing of the army in Canada. LOCOMOTIVE whistles are hereafter to be made with a deep, mellow tone, that will be musical to the ear and soothing to the nerves. Who was this not thought of before? Now comes a revision of the oyster crop report. It is that the oysters are better and fatter than usual, but will be scarcer and therefore dearer. This sends a chill down our backs. POLICE COURT.—The business at the police court during the past week has been light, the only case concluded being one against H. Neider for obscene language against one Thompson in the east ward. FOR LADIES.—Come and see the stocks of new dress goods and trimmings in all the new combination colors, also black and colored cashmeres, silks, prints and fancy goods.—R. Smyth—D. C. Trew, manager. A MATCH game of baseball was played Saturday between the Peckabos and Whitesakes, resulting in a victory of one for the latter after a desperate encounter. The Peckabos, however, are sure of winning "next time." A NEW sidewalk has been laid on the south side of Kent street between Victoria avenue and Mr. H. Murray's tailoring shop. As the traffic over that route to the railway station is on the increase the improvement will be appreciated. SHOT.—Mr. J. Anderson, jr., was shot through the head one day last week while on a camping picnic. He was drawing the gun from the canoe when it went off. On receiving home medical treatment was pronounced and no serious result is expected. ENGLISH BLACK RUBBER.—Call on Gross, dentist, and see specimen sets of his superior artificial teeth on English Black Rubber, the most durable, cleanly and harmless plate made. Mr. Gross uses purified gas and electricity for extracting teeth without pain. Read new advertisement. THE railway extension at this town is being pushed along splendidly. The track to the bridge is free to be laid and the iron work of the bridge will be drawn down to it, a quantity of which is lying at the depot and waiting unloading. The contract will be finished by the end of the month.

Go to Hickey's for fine cakes and pastry. Miss Doyle intends to return to business on the 17th inst. GREENGAGE plums—the best in the market—at Spratt & Killen's. A LARGE shipment of Crawford peaches for preserving to-day at Soanes'.—80. NOTES BOUGHT, money lent on notes. Greenbacks exchanged. Mortgages negotiated. O. BIRLOW.—1077-ft. SERVANT GIRL WANTED at once. The easiest place in town. No children. 81-2. Mrs. T. BEALL. EASTON can furnish you a complete outfit for school cheaper than any other firm in town. J. R. Easton.—79-3. TICKETS TO EUROPE.—Passengers booked to Europe at the very lowest rates, choice of six different lines of steamships. E. M. Woolhouse, ticket agent. Dr. G. A. Clarke, of Toronto, will visit Veitch's hotel Friday and Saturday, Sept. 7th and 8th, when he will be prepared to treat all chronic and lingering diseases. FOR GENTLEMEN.—Come and see our new stock of ready made clothing. The bargains we offer will certainly astonish you.—R. Smyth—D. C. Trew, manager. LEAVE your order for new fall suitings at Bradburn's. 50 pieces new Scotch tweed on display superior in quality and design to any ever shown in Lindsay. All admit that Mr. J. P. Sutherland downs them all as a practical cutter. THE idea that lightning is not as destructive as it used to be because the network of railroads and telegraph wires over the country lessens the number of accidents, is met by the record of the summer. Fatal thunderbolts have never been more common. THE presentation of Mr. S. C. Wood, about which so much was heard some months ago, is to be made him by his political friends Tuesday evening in the council chamber. The present is in the form of an elegant piece of silver and will of course be accompanied by the usual address. SOLD OUT.—Mr. Veitch, who for some time was proprietor of the Veitch house, of this town, this week sold out to Mr. Douglas, formerly a brewer on the Victoria railway train and a resident of Cameron village. An accident disabling him for railroad work Mr. Douglas has turned his attention to hotel-keeping. SOME changes in the routes of the mail clerks on the Midland were made this week. Two mail clerks will leave Toronto in the morning, and parting at Wick-up to which point they have extra heavy work—one will go to Midland and the other to Port Hope, receiving and delivering all along the way. They return in the evening. SELLING OUT.—Having determined to dispose of my entire stock of hardware on account of ill-health I will sell from now until the end of the year without reserve at the lowest possible prices or in bulk to the trade at a liberal discount. Will lease store and dwelling to purchaser if required. Terms—All sums under ten dollars cash. JAS. WETHERUP. THERE are at present about one hundred and thirty-five men engaged on the work of track laying, ballasting, etc., on the Missing Link line of the Midland railway under the charge of Mr. John Cheer. Part of this force is engaged on the Onnesee end of the line and the remainder on the Peterborough end, and the work is being pushed forward as rapidly as it can be done. ANOTHER CHANGE.—Mr. J. W. Wallace has bought the Lindsay woolen mills from Mr. Wm. Dundas and will run it this winter in connection with his dry goods and clothing business. It is a fine property, and as Mr. Wallace knows how to handle it he will be sure to make it pay well. All the machinery we understand is in excellent order and the manufacture this season will be larger than it has been for some time. SOLD OUT.—Mr. R. Touchburn yesterday sold out his business to Messrs. Blackwell & Lightfoot, two young men well and favorably known in Lindsay. They will of course carry on the business as formerly, and will be sure to do a thriving trade, both being business men. Mr. Blackwell in the grain business and Mr. Lightfoot for a long term in the store of Messrs. Spratt & Killen. We wish the new firm every success. Mr. Touchburn will hereafter give his whole attention to the grain business. WEDNESDAY it is said is a good day to get married and in Lindsay they appear to take advantage of it. No less than three weddings took place in Lindsay on last Wednesday. First came the wedding of Mr. Hayer, of Toronto, and Miss Wright at the Methodist church; then came Mr. M. Boyd and Miss DeGrassi at the church of England, and lastly, a young couple from out near Cambridge, but whose names we did not learn. Three or four more weddings are reported to be coming off soon so that the boom is likely to continue. REMOVAL.—Mr. O'Connor having leased the foundry formerly occupied by Mowry & Son, corner Russell and William streets, has moved his carriage and wagon workshops and will in future carry on manufacturing there. The premises are much more commodious and better in every way than those formerly occupied, and the new ones will give him every opportunity to attend to the ever increasing wants of his large and constantly growing trade. He has a fine stock of vehicles on hand now for the fall trade, but we believe he is to go into the manufacture more extensively this season. OBITUARY.—We regret to learn of the death of Mr. Taylor, for so many years reeve of Carden and Dalton. The deceased gentleman many years ago came from Ireland and settled in Carden when there were but few settlers and fewer conveniences, and it is largely through his instrumentality so great a change has been wrought in the township. The deceased gentleman was always a great admirer of stock and horses, and did much in this line to improve the breed of the horses and cattle of his township. He leaves a good farm and considerable wealth to his sons and daughters, of whom he was blessed with a number. A LARGE number of both young and old attended the marriage ceremony of Miss DeGrassi to Mr. M. Boyd in the English church Wednesday morning. The happy event came off at 5 o'clock. Rural Dean Allen, assisted by Rev. S. Weston Jones, tying the nuptial knot. The bride was elegantly attired in white satin and with the customary wreath and orange blossoms. At the conclusion the bridal party was driven to the residence of Dr. DeGrassi till ten o'clock, when the newly wedded couple left by the train for the east. The wedding presents of the bride presented a beautiful sight, amongst which were an elegant water pitcher and a card basket presented by Mr. Boyd's employees, and a most valuable silver set from her parents.

FRESH bread and buns made daily at Hickey's. SCHOOL BOOKS.—Buy your school books at Easton's.—79-3. A GREAT supply of oranges, lemons, dates, nuts, etc., at Hickey's. SOANES' sole agent for the Li-gnor Teas. A handsome book given with every three lbs.—80. MONARCH, State, White Star, National Cunard and Beaver lines of steamships to Europe. E. M. Woolhouse, ticket agent. NEW stock of boneless bacon just to hand—purchased since the fall in price and consequently given away—at Spratt & Killen's. ACCIDENT.—Mr. Geo. Henley on Saturday in Hamilton's carriage works met with rather a painful accident. While working a cutting machine he cut his hand rather severely, and in consequence has to lay off work for a time. Mr. J. R. Easton having leased the store formerly occupied by Mr. F. Lemay intends moving into it in a few days. He has also rented the upper part of the building and it is now being repainted and fitted up for dwelling purposes. Who occupies this we have not learned, but anyway read his advt. elsewhere. THE Sylvester works are now making rapid preparations for the plough making season, and a large number of new ploughs are being turned out each day. Their sale of reapers has been very large this year, and so popular are they that many more could have been sold could they have been made in time. It is the intention to make a much larger supply for the next season's operations. AN ARMED-BODIED INSECT.—The guard of an English railway carriage recently refused to allow a naturalist to carry a live hedgehog with him. The traveller, indignant, pulled a turtle from his wallet and said: "Take this too," but the guard replied good-naturedly, "Ho, no, sir. Its legs you can't carry, and dogs is dogs, cats is cats, and 'edge-ogs is dogs, but turtles is himecks. LOCKET LOST.—Miss M. V. Henderson while at Lindsay on Saturday, lost a large silver locket which she prizes very highly, as it was presented to her by the Presbyterian church choir, of Midland. It was lost at Hutton's grove, Lindsay. One side of the locket had gold leaves set in, and the reverse side bore the inscription, "Presented to M. V. H. by M. P. C. Choir. Christmas, 1882." The finder will confer a great favor by returning it to the owner, at Midland.—Midland Free Press. NOISE.—Sunday evenings in Lindsay have for the past few weeks been anything but what they are supposed to be in Canada, and whistling, shouting and other noises have to a large extent disturbed the solemnity of the night. Last Sunday night it was worse than ever, and on Kent street was kept up till very late into the night. We know our constables cannot be in every place at once, but they should certainly quiet the young vagabonds who so dearly love to whistle and hoot, and an example of one or two of them would effectually stop the nuisance. RUNAWAY.—The horse owned by Mr. L. O'Connor ran away Monday afternoon while returning from Mowry's foundry premises, into which Mr. O'Connor was moving, and for a few minutes caused a ripple of excitement at the corner of Kent and Lindsay streets. The boards being loose on the wagon slipped forward on to the horse, frightening it, and the mare, the driver pulled on the lines the more the boards were pushed against the horse. The driver, Geo. Ingle, son of Mr. Joe Ingle, was subsequently thrown off, likewise the boards, and the horse and wagon stopped uninjured. Mr. Ingle was not hurt, notwithstanding that he sat down rather solid on the road. THE Canada Presbyterian gives this excellent advice: If you cannot get a holiday abroad do the next best thing—come as near taking one at home as you can. Slack off a little in the work; don't worry, don't get excited; keep cool, and enjoy life as much as possible. Sleep all you can and don't give your brain any severe exertion. Take an occasional day or half day's recreation. There may be as nice places to visit within a few hours' ride of your home as some of the places you mention, but you will travel several hundred miles and pay a hundred dollars to see. Don't sit down and mope because you "can't go this summer." Your turn will come. Be thankful you have a home to stay in. WE are glad to observe that the town council at its meeting on Monday evening granted the Independent band the sum of \$100 to procure instruments providing the citizens give another \$100 and the members an equal sum. As the citizens will be sure to do this the new instruments are assured, and we can boast of a band more than equal to any in the province. The Independent band deserves every consideration at the hands of the people of Lindsay for all times and under all circumstances it has been willing to stand when called on and take part in all entertainments. In addition to the new instruments they should also have a new uniform, which of course could be equally well taken care of. THE THROTTLING CASE.—The rumor of the throttling affair of Mr. Buck's at Fenelon Falls one day last week appears to be correct. Mr. Buck was at the Falls taking orders for tea for Mr. R. Touchburn, and which does not appear to have pleased the merchants of that business village, as they considered they should have the right to sell all the tea there was to be sold. One young man named McDougall, of the firm of Brandon & McDougall, was especially displeased at the number of orders Mr. Buck had taken, and so far forgot his customary politeness as to go to the hotel where Mr. Buck was stopping and in language more forcible than was necessary informed him he was one of a vigilance committee appointed to guard their rights in Fenelon Falls, and that consequently if he persisted in selling tea he "would go out a corpse." We did not hear whether Mr. Buck fainted at this terrible threat or whether he even turned pale, but at all events he plainly told the "committee" that he should remain there as long as he thought fit, and so long as he did no harm to any one he had a right to sell tea to all who would buy and he was pleased to say their names were legion. Mr. McDougall apparently could not bear this and accordingly clutched the man's throat with his bare hands and gloved like hand, and only at the intercession of a gentleman standing near by he relinquished his hold and made up by abusing Mr. Buck and the house he resided in. It is said the case is to be ventilated in the police court at an early date, when, if the facts are all as represented, now, Mr. McDougall will feel himself enhanced of his impetuosity at least and make his "vigilance" of a more cautious nature in future.
