A balleon containing Professor Allen ascended from Rochester, N. H.,
Thursday, and in 45 minutes was over Well's beach, drifting out to sea. A current of air changed its course when two miles high, and it floated landward. While attempting to descend the escape valve rope became entangled and the valve would not close. The balloon descended with frightful speed, landing in a North Berwick swamp and nearly killed the asconaut.

It is a deep game that Hardy, Pardee, Peek, McCraney, Hunter, Striker, Fitzgerald, and their fellow Dakota speculatore have been playing. The first boom their speculation had in Canada was given it by a Grit paper published in the city of London, under the editorship of Hon. David Mills. He left Saginaw to visit Brantford. When gatting off the train at St. George he found it impossible to proceed further for several days. I paid him a visit in Brantford and found him trying many so-called remedies—Galvanic Battery, etc.—all to no purpose, not even relief. He suffered intense pain continually, seidem sleeping during the whole night. About three weeks after receiving the Rheumatine he replied to my letter of enquiry that he was cured. Scarcely believing it, I wrote, asking, "Are you cured or only relieved?" His reply was "I am as well a I ever was."
