Notes and Comments.

Perhaps the newest and oldest fashion on the other side is the introduction of the plug hat by the conductors and brakemen of freight trains.

Among all the towns of our North-west none has shown a more steady and healthful growth than Portage La Prairie. Of wholesale trade it can scarcely be said to possess any, nor is it likely to develop in that direction.

It is an interesting fact in connection with the opening up of many of the professions to women that six ladies have just distinguished themselves as students in the South London (Eng.) College of Chemistry.

Rev. Dr. Grant, Principal of Queen's College, Kingston, who has just returned with Sandford Fleming from a trip through the Rocky River route of the Canadian Pacific, reports Major Rogers, in charge of the Rocky Mountain survey, having successfully achieved a triumph for a direct line.

patation for women is a public benefactor. In the State of Ohio, where 700,000 votes were cast, the temperance party fell only about 10,000 short of having enough to carry an amendment to the State constitution, decreasing the total prohibition of the liquor traffic.

Mr. Toker, of the Peterboro Review, and Mr. Stratton, of the Examiner, have been exchanging compliments in the usual way through the medium of their journals, but of course nobody paid much attention to these powerful editorials, supposing that they were written merely to prevent that stagnation of the intellect which sometimes results from long residence in a small town.

On the Pacific coast the summer is one long spell of dry weather, all the rain that falls coming during the winter. This year witnesses an unusually early commencement of the rainy season, the first rain having fallen Sept. 30th, and many showers having since followed, making this the earliest opening of the rainy season for many years.

A determined attempt was made last Sunday in New Haven, Conn., to enforce the "blue laws," so far as they affect Sunday driving. About a score of persons were summarily arrested by constables, acting under the direction of the grand jurors.

Moody on the Pacific is only about 1,400 miles, whereas from Portland to St. Paul is 2,911 miles. Another interesting fact is that it will present the most striking and picturesque scenery of all trans-continental railways. The mountains on Bow River, the Kicking Horse, and in the Selkirk are singularly grand and beautiful.

A Remarkable Result.—W. A. Eggers, of Frankville, was a terrible sufferer from Chronic Kidney and Liver Complaint, and at one time was so bad that his life was despaired of. He was cured by four bottles of Burdock Blood Bitters.

For cramps, pain in the stomach, bowel complaint or chills use Perry Davis' Pain Killer. See advertisement in another column.

Do Not Be Duped.—A recently advertised and highly praised remedy for deafness has lately been exposed as an unmitigated fraud. Not so with Hagyard's Yellow Oil; none name it but to praise.

LEEDS, Mich., Feb. 2, 1880. I have sold H. P. Bitters for four years and there is no medicine that surpasses them for bilious attacks, kidney complaints and many diseases incident to this malarial climate.

Wife—Why don't you go to A. Higginbotham's drug store and get a bottle of Kram's Fluid Lightning, you know it cures all such things as toothache, neuralgia, headache, indigestion, earache, sore throat, etc. It gives instant relief.

For any testimonials recommending McGregory's Spleen Cure for dyspepsia, indigestion, costiveness, headache, etc., that are not genuine; none of which are from persons in the States or thousands of miles away, but from persons in and around Hamilton, Ont. We give total bottles free of cost, so that you cannot be deceived by purchasing a worthless article, but know its value before buying.

Like BLAZES.—A country cousin, while in town on Saturday, happened into a store where the proprietor was engaged in talking through the telephone.

A Great Source of Evil.—Every farmer will admit that one of the most serious enemies to good crops is that of worms or parasites that prey upon vegetable life; other species of worms infest the human system and are productive of much suffering and ill health.

SUTHERLAND'S

RHEUMATINE

THE GREAT CURE FOR RHEUMATISM

And all complaints of a Rheumatic nature.

RHEUMATISM is not a sovereign remedy for all the ills that flesh is heir to, but for NEURALGIA, SCIATICA, RHEUMATISM, and complaints of Rheumatic nature.

IT IS A SURE CURE

Letter from E. Poole, the well-known Photographer of St. Catharines.

St. Catharines, Ont., Sept. 29, 1882.

J. N. SUTHERLAND, Esq.

Dear Sir,—It gives me great pleasure to say that my brother (for whom I procured two bottles of your Rheumatine), to my agreeable surprise, has totally recovered from his severe attack of rheumatism.

He left Saginaw to visit Brantford. When getting off the train at St. George he found it impossible to proceed further for several days. I paid him a visit in Brantford and found him trying many so-called remedies—Galvanic Battery, etc.—all to no purpose, not even relief. He suffered intense pain continually, seldom sleeping during the whole night. About the third week after receiving the Rheumatine he replied to my letter of enquiry that he was cured. Scarcely believing it, I wrote, asking, "Are you cured or only relieved?" His reply was "I am as well as I ever was."

Now, Sir, I am very much pleased, far delighted, with Rheumatine and should you need a testimonial for publication, only ask and I will gladly give it to you. Sincerely yours,

E. POOLE.
