

HAGYARD'S YELLOW OIL CURES RHEUMATISM.

National Pills, superior to all other purgatives in strength and virtue, in safety and effectiveness.

Confessed knowing that he had a wife living. The case was put off for one week to hear from No. 1.

Two eggs which were instituted against Kingman to recover damages for injuries received through defective sidewalks, have been settled, the city paying \$100 to each plaintiff.

Godfather local paper complains of the misbehavior in church of some of its villagers. Some of the young people are said to talk aloud during the time that the clergyman is preaching.

Messrs. Dobson & Son, of Gunnington, are asking the council of that village for assistance in the establishment of a heating factory. It is intended to employ fifteen or twenty hands.

The false result of the 26 June system in the last census is shown in the fact that the census of Trenton just taken makes the population of that town 4,100, an increase over the enumeration of 1880 of 1,100.

A writ has been issued at the instance of H. C. Gibbs, son of the late Senator Gibbs, of Oshawa, against John Houston, manager of the Standard bank Conington, claiming \$20,000 damages for slander.

A married man named Monk, employed in Butterfield foundry, Barrie, fell from a ladder through one of the rungs breaking, and injured his arm so that the physician says he will never be able to use it again.

Collingwood is keeping up a perpetual raid on the education department. It has just got six pupils raised from intermediate to third class on appeal, and one pupil has been awarded an intermediate. This raises their total to 88.

A few days ago while about half a mile from Orillia a stone or spent bullet was sent through the window of the 2.30 train from Gravenhurst, smashing the glass and severely injuring Mrs. Grant and a traveller on the seat opposite.

Revs. Dr. Rice and Dr. Carman accompanied by a number of their colleagues in the Methodist ministry on Friday presented a. and L. Landon with an address of welcome from the Methodist church adopted at the Belleville conference.

Jeremiah Morrian, a Frenchman in the employ of Mr. McVittie, at Longford mills, Rama, who had been drinking for the previous fortnight, last week attempted suicide by firing a revolver at his head the bullet lodging in the drum of his ear. He was taken to Whitby and lodged in goal awaiting trial.

The North Star says there is no lack of men for the lumber woods this season. One day last week the P. S. L. Co. received a telegram from a gentleman in Toronto saying that he had in that city four hundred first-class bushmen anxious to obtain work. The Co. however, replied that they had all the men they require. A similar reply was also received from various quarters and at last reports the men were still seeking employment.

The town council of Fort Hope has adopted the standard time, and the town property committee has been instructed to make arrangements with the Midland railway authorities for having the correct time transmitted daily to the corporation time-piece. The wisdom of this act is apparent to every one, as the inconvenience of having to keep track of two or three different times is one which is not only annoying but perplexing. A similar adoption should be made by our own council.

A remarkable case of home affection occurred a few days since at the Mackenzie house, Cookstown. A powerful bull dog with his teeth had tightly grasped Mr. Armstrong's dog, whose efforts to extricate himself from his canine brother's jaws proved fruitless. In the presence of a number of spectators Mr. Armstrong's cow showed her singular attachment to her master's dog by rushing furiously at the bull dog with her horns, and succeeded in relieving the dog from the grip of his antagonist. Afterwards the cow walked round about the relieved dog and manifested very great joy at his rescue.

Friday, the 9th of November, was the anniversary of the birth of the Prince of Wales, but the people of Tweed have another reason for remembering the 9th of November. On that day the first locomotive over the Ontario and Quebec railway arrived at that village, and a correspondent says that it will long be a memorable day in the village on that account. A large concourse of people assembled to welcome the iron horse, and the engineer was presented with a Canadian flag by the ladies. A little girl, the daughter of the first to blow the whistle, and a lady of the village had the honor of taking charge of the engine for a few hundred yards.

One of our exchanges in speaking of newspapers and what is expected of them, very forcibly remarks that "there is no business in all the wide world so subject to spurning as the art or trade of printing a newspaper. It really seems to us that public corporations, societies and associations in general, have peculiar ideas about printers. They think we ought to print, and to publish all for nothing, that is 'free gratis'; in other words they seem astonished if we ask half price only for obituary notices, cards of thanks, tributes of respect, personal communications, or anything else that only interests a few persons, and not the general reader. They think it costs no money to advertise paid, and this one and another will surprise them; they forget that this business makes nine-tenths of their immense fortunes; they forget that it takes money to pay compositors—to buy ink, type and paper; and lastly, they forget even to thank you for gratuitously printing their business or serving the public. Not only do country editors suffer from these infirmities, but they are also compelled to listen patiently to the dull nonsense of some fellow who wants to introduce Kamechatka baths, agricultural insurance pills, or sugar-coated double-buck-action washboards. We feel sure that if we were a provincial editor we would live very cheap, because we should get 'board' for nothing."

Remittance should be made by Post-Office Money Order or Draft, to avoid chance of loss. Newspapers are not to copy this advertisement without the express order of HARPER & BROTHERS.

Senior Juan Vazquez, the new Spanish Minister at Washington, is a distinguished scion of a noble family.

For tooth-ache, burns, cuts and rheumatism use Perry Davis' Pain Killer. See advertisement in another column. In there anything more ensuring, that having your own dear old eyes, and in there anything more delightful than getting rid of it? Hollander's Corn Cure will do it.

Dr. Thomas' Electric Oil, which is entirely cured me after a few applications. Since Dr. Thomas' Electric Oil has become celebrated, unprincipled persons are imitating it. Get the genuine.

Mr. H. McChew, custom house, Toronto writes: "My wife was troubled with dyspepsia and rheumatism for a long time; she tried many different medicines but did not get any relief until she used Northrop & Lyman's Vegetable Discovery and Dyspepsia Cure. She has taken two bottles of it, and now finds herself in better health than she has been for years."

What Does It Mean?—What is meant by "Secretions" in a medical sense? "The secretions" are the pores of certain glands and organs of the body to hold and distribute the beautiful fluids of the system, such as bile from the liver, etc. Burdock Blood Bitters regulates all the organs of the secretions to make pure blood.

McGregor's Speedy Cure. From the many remarkable cures wrought by using McGregor's Speedy Cure for dyspepsia, indigestion, constipation and affection of the liver, and from the number of testimonials of its efficacy, we have resolved to place it extensively on the market, so that those who suffer may have a perfect cure. Go to a Highland drug store, or get a trial bottle free, or the regular size at fifty cents and one dollar.—4-2.

LINDSAY'S WARE, Aug. 22nd, 1883. Messrs. Churchill & Co., gent.—I have been selected with Selkirk as the past three years, and have been treated by some of the best doctors in Eastern Ontario without any lasting benefit. It is recommended by Mr. C. J. Lindsay, of Kars, to try your Fountain of Health. After using five bottles of the Fountain and two bottles of your Clinax Salve, I believe I am perfectly cured. My general health is also much improved, and I now feel like a new man.

Yours truly, ROBERT BENNETT, Engineer St. "Olive," Montreal and Portland Lane, (I) Our Canadian Silk Industry is prosperous. The great difficulty to be contended with is the low grade of goods required. In nothing is this more apparent than in the comparatively small article of sewing silk. The great demand in Canada seems to be for a cheap quality, buyers forgetting that a cheap thread need not necessarily be a fine and consequent a weak one. Messrs. Belding, Paul & Co. make three grades of spool silk; of these different qualities the poorest one has by far the largest sale, at the same time they constantly hear of complaints of poor sewing silk. If ladies will take the trouble to ask for Belding, Paul & Co.'s own brand, and see that their name is on the end of each spool, they will be sure of getting the best make.

What it did for an Old Lady. CONROCKTON STATION, N. Y., December 23, 1878. GENTS.—A number of people had been using your bitters here, and with marked effect. In one case a lady of over seventy years had been sick for years, and for the past ten years had not been able to get around half the time. About six months ago she got so feeble she was helpless. Her old remedies, or physicians, being of no avail, I sent to Depot, forty-five miles away, and got a bottle of Hop Bitters. It improved her so she was able to dress herself and walk about the house. When she had taken the second bottle she was able to take care of her own room and walk out to her neighbor's, and has improved all the more since. Her children also have derived great benefit from their use. W. B. HATHAWAY, Agt. U. S. E. Co.
