THE various railway lines throughout the country are making preparations for cheap trips for their patrons during the holidays. The general inclination among them seems to be to make return tickets from point to point required at a single fare or in other words at half rates.

THERE are many rumors of candidates and probable candidates this week, but until the gentleman insert their cards in the papers we cannot tell how true they may be. Come now, gentlemen, bring along your name and your card, so all may know who are the bonafide candidates and vote accordingly.

THERE is said to be a desperate fight for the first deputy reeveship to come up this year, Mr. John Pyne and Mr. Thos. Fee both opposing Mr. McLennan. If Captain Crandell would also sail in there would be a very neat contest. Mr. Thos. Connolly, of the south ward will it is said also oppose Mr. Ingle. Mr. Leary has promised us his election card next week so he is a candidate for the reeveship

City Dry Goods Clothing Syndicate Lindsay

## WHY?

Because we were the first to rend asunder the old fashioned long winded high prices. Because the City Store continues to be the regulator of low prices and leading styles. Because we always advertise exactly what we practice.

Because our whole aim and study is to buy cheap and sell cheap.

Because we give better value for money than can be had elsewhere.

If the above is not true why do so many merchants pretend to try to follow in our wake? If the above is not true why do we incur so much jealousy?

If the above is not true how could we have established so large a trade in so short a time? If the above is not true how could we hold our trade and increase it as we have and do each succeeding month?

There must be some good reason for our great success.

There must be some good reason why others try to copy our style of business.

There must be some good reason why our patronage is daily increasing. Kind reader, it rests with you to buy goods cheaper if you will, but give us your trade and influence and help us to double our present business. Our object is to buy cheap and sell cheap. and the larger our business the cheaper we can buy and the cheaper we can and will sell.

Consider the above carefully, and when you want DRY GOODS, MILLINERY, CAR-PETS, CLOTHING, READY-MADE OR ORDERED, come and see us. We will do our part to make it pleasant for you, and give you bargains that will bring you back again.
