Messes, J. O. Ayer & Co., tentiemen:
Last winter I was troubled with a most
unconfortable techina humor affecting
more especially my limbs, which iteled a
intolerably at highl, and hurned so intense.

severc caterrh and caterrhai cough; my
appetite was poor, and my system a good
test run down. Knowing the value of
AYER'S EARRATARILLA, by observation of
many other cases, and from personal use
in former years. I began taking it for the
above-named disorders. My appetite improved almost from the first dose. After
a short time the fever and itching were
also cared by line of irritation of the
skin disappeared. My estarrh and cough
were also cared by the same means, and
my general health greatly improved, until
it is now excellent. I feel a hundred per
cont stronger, and attribute these results
to the use of the Laguage plants, which
I recommend with all considence as the
best blood medicine ever devised. I took
it in small dose three times a day, and
need, in all, less than two bottles. I place
those facts at your service, hoping their
publication may do sood.
Yours respectfully. Z. F. Wilde.

There was an immense quantity of talking done and a little business, but we got through with all necessary business for the day, and now the all important question with our school board is, shall we or shall we not open school for the first three months of 1884?

FAREWRLL PARTY.—Mrs. M. A. Gib-son gave a party on the night of the 21st as a good-by to Miss Lottie Alsop and Miss Helena M. Lough, school teachers, who are going to the front township to go to school. It was a grand success.

They are superior to all other medicines. The principal hall and reception room were crowded to their fullest capacity, and presented a very animated and interesting scene.
