The weather prophets who indulged in forecaste of general temperature are all astray, and for the last month we have had a genuine Canadian winter. The kilns were built and burnt by McGrath, but Harte refused to pay the agreed upon price on the ground that the bricks did not comply with the terms of the contract, but were soft and nusaleable. The plaintiff thereupon commenced an action to recover the price, under the provisions of the Lien Act, asking to have accounts taken, and defendant's interest in the property upon which the kilas were erected, sold to meet his claim.
