

ABOUT

—THOSE—

8 & 9c. COTTONS.

They are as heavy and wide as those usually sold at 10c. and 11c.

We believe they are UNEQUALED in the trade FOR VALUE.

New Cotton Goods of every class at the reduced prices.

Dundas & Flavelle Bros.

FRESH bread and buns every day at Soanes'. ALL kinds of fresh and salt fish at A. Campbell's.—3-2.

A GREAT supply of oranges, lemons, lemons, etc., at Hickey's. WAGONS of all kinds, etc., best available anywhere at J. Hickey's.

WANTED, at J. Keith's, 1,000 bushels of black and red clover seed. Highest market price will be paid.—3-3.

CHEAP GROCERIES.—A. Primeau's is the right place to buy at rock bottom prices where goods are bought and sold for cash only.

A REPLY to Mr. J. Hopkins' epistle concerning the sparrows has been received, but is unavoidably held over till next issue.

REPAIRS to the steamboats wintering at Lindsay are being pushed more rapidly as the season advances. The coming summer is expected to be a fairly good one on the lakes, at all events the first part of it.

GOOD BARGAINS.—We have a few mantles, fur-lined circulars, fur caps, muffs and collarets, and a good assortment of gent's ready made suits and overcoats. Just call and see if we can't show you enough for them. R. Smyth.—99.

THE Dominion Bank we learn is to occupy the building on the corner of William and Kent streets some time during the coming summer, having obtained a lease for the premises. The occupancy various improvements are to be made therein and the building is to be remodelled throughout.

CONCERT.—An attractive feature at the entertainment on Tuesday next will be the concert given by Messrs. Bates and Lortman. No trouble has been spared to make this the musical event of the season and it is hoped that its promoters will be rewarded by a large attendance of our citizens.

THE splendid family residence to be sold by Mr. Geo. McHugh, at the Benson house, on Saturday, Feb. 23rd, is a fine opportunity for some Lindsay business man to purchase himself a good and comfortable home. The location is good, pleasant and healthy. The building itself is also first class inside and out. See advt. elsewhere.

THE Baptist church social on Thursday evening was a pleasant affair and well attended. Rev. Mr. Munro, of Peterboro, was present, and delivered an interesting and instructive address. The systems were plentiful and palatable, and the singing and speaking was grand and eloquent. Altogether there was what is called a glorious time.

MR. Grace having been re-elected as chairman of the board of education at the close of the meeting invited all the members to an oyster supper at Farquharson's. It is needless to say that Mr. Farquharson was on hand and treated them right royally and oysters, water, tea, etc. disappeared as though by magic, especially the contents of the plates within six feet of the reporters.

COL. Deacon is already giving his spare time to the financial outlook of the town so as to be prepared with a full and properly prepared statement at the close of the financial year to all who desire to look into it. The Colonel certainly makes a good financial minister, and appears to have a natural adaptability for making the many figures all fit one another.

Without him we are afraid the finance committee of last year as well as the county, would not be able to do much.

ORANGE INCORPORATION.—An Ottawa dispatch states—Mr. John White, M. P., has arrived in the city and says he is in no way to blame for the delay in the presentation of the necessary petition and the introduction of the Orange incorporation bill. The committee of the Grand Lodge who have the matter in hand, decided some days ago to place the bill in the hands of Mr. Hector Cameron, of North Victoria, who they seem to think is better qualified to take charge of it.

THE chairman of the fire and water committee is getting down to work and appears bound to have a change in the present order of things so far as the water supply is concerned. From a report presented and laid on the table for the time being, he evidently has an idea steam power is much superior to the present mode of getting water, and would like to introduce it. But we have reason to believe the council entertain a decidedly different opinion, both as to its expediency and general usefulness.

ORANGE SOLEMN.—The Orange Soiree Tuesday evening was not well attended as expected but otherwise the entertainment was a success. The singing and musical portion of the entertainment could not have been better, while the address of Dr. Bennett and Messrs. Johnston, grand master, Patterson, Lambert and others could scarcely have been happier. The cause of the small attendance than expected was doubtless owing to the bad roads and the dirty weather during the day there being but few from the country present.

THE concert on Tuesday evening next should not be forgotten in arranging for amusements during the coming week. Every preparation has been made to make it the concert of the season and we have no doubt it will be. Mrs. McDougall, of Montreal, is to take part, and this fact itself ensures a good concert, while the many other choice singers of both this town and elsewhere who will grace the entertainment will add materially to the programme to be rendered. Be sure to attend, this is to be the concert and in all probability the last of the season.

THE deputation to Ottawa this week in connection with the Trent Valley canal was a large and influential one, and if any good can be done by deputations the prospects of another grant ought to be favorable. All the municipalities in the district were represented. From Fall River sent three delegates, and would have sent more had they been willing to go, but Fenelon is having two locks built and wants the Government to build a second canal for the purpose of providing mill power. Robert Goss and two delegates, and the Victoria county council appointed a deputation of fourteen members, consisting of all the front municipalities, and Mr. Dill, of Bracebridge. Lindsay sent three, the Fenelon and Fenelon Falls sent three delegates, and would have sent more had they been willing to go, but Fenelon is having two locks built and wants the Government to build a second canal for the purpose of providing mill power. Robert Goss and two delegates, and the Victoria county council appointed a deputation of fourteen members, consisting of all the front municipalities, and Mr. Dill, of Bracebridge. Lindsay sent three, the Fenelon and Fenelon Falls sent three delegates, and would have sent more had they been willing to go, but Fenelon is having two locks built and wants the Government to build a second canal for the purpose of providing mill power.

THE handsome solid silver cup presented by the citizens of the Lindsay curling club in honor of the victory of the club's two rinks at Montreal, was last week in Messrs. Davies & Petty's jewelry store. The cup is a beauty, and of choice and appropriate design. It stands about sixteen inches high, with an ebony base six inches high in addition. The bowl of the cup is mounted on a tripod of three brims.

VITALIZED AIR AND LIQUIFIED GAS.—Mr. Gross, always on the lookout for the most approved appliances, has procured one of Dr. Hard's vitalized air attachments, now so extensively and successfully used in all well regulated dental establishments, in connection with liquefied gas for extracting teeth without pain. Mr. Gross extracts from 15 to 20 teeth with one inhalation of this combination.—3-2.

PEOPLE who have been using the American head light all have been very much dissatisfied with the Canadian oil (owing to the snow blockade) but now as we have received two car loads of the American we can once more supply the public with this most excellent oil. Although the price of American oil is a little in advance of the other, those who have used it say it is worth a great deal more than is asked for it.—3-2.

FRESH bread and buns made daily at Hickey's. ORANGES and lemons 25 cents per dozen at Soanes'. GREAT clearing sale of crockery at A. Campbell's.—3-2.

FRESH fish andysters always on hand at Farquharson's city restaurant.—2. THE railway to and from Lindsay have been exceptionally busy during the past week and are likely to continue so for some time.

300 PICTURES new prints made expressly for R. Smyth, and received before last inst., saving thereby 75 per cent. extra duty. January 16, 1884.—99.

THE Review says counterfeits 25 cent pieces have appeared in Peterboro' and two or three grocery stores have already been victimized. Lindsay merchants should keep a close watch out for there is no knowing how soon they may appear in this town.

THE grand curling hospital was inaugurated Tuesday morning at the St. Gabriel flour sheds, Ottawa street, Montreal, with great success, when a large number of enthusiastic curlers assembled from all parts of Canada and the United States.

Approaching the sheds the Dominion and United States, flags with the Union Jack proudly floating in the centre are observed surmounting the spacious buildings. On entering the visitor is at once struck with the animated appearance going on. The sheds have been gaily decorated with flags of all nationalities, and at the entrance to the first and second rinks and from the cross beams shavings have been hung, preventing the appearance of an ice cavern. Once properly inside one cannot help catching the enthusiasm of the players and watching with interest the deep and engrossing interest with which they view the various shots. The ice was in splendid condition and commenced play at 9.30 a. m. On Tuesday the Lindsay curlers played the Richmond club and beat them badly, obtaining a majority of 61 shots. They also succeeded well on Wednesday being the Melville club by 3 and yesterday were to play the Fictious.

BOARD OF EDUCATION.—The first meeting of the new board of education took place Wednesday evening. Mr. Wm. Grace was elected chairman. Messrs. Heap, McNeillie and Bradburn were nominated the finance committee; Messrs. Wray, Brown and Pitkin, managing committee; Deacon and Dr. Degrassi, McNeillie, Barron, Irwin and Walters, were appointed the visiting committee; Mr. R. Spier, secretary and treasurer. Reporting the appointment of caretakers some discussion ensued as to the heating of the south ward school, complaints being made that Mr. Sanderson did not attend to his duties. On the other hand the east ward school was found too warm. It was finally decided not to appoint caretakers till the matter was looked into. Miss E. M. Rose was appointed a teacher in the junior division of the east ward school at a salary of \$250 per annum, duties to commence Feb. 1st, 1884. Mr. Walters gave notice that he would bring in a motion at next meeting keeping back a portion of teacher's salary till the full contract of agreement had been fulfilled. The request of Mr. Hallett for maps, window blinds, etc., was referred to the managing committee with the inspector, Mr. Tilley and Mr. Hallett. The finance report was next presented and a large number of accounts were passed and ordered to be paid. Mr. R. Easton's account was held over for enquiry. The grant of \$50 for prize books was also passed and the inspector instructed to give them out according to the merits of the scholars. A standing committee consisting of Messrs. Barron, Brown, McNeillie, Walters, Deacon and the inspector, was appointed to report on the appointment and dismissal of teachers. The board then adjourned.

PERSONAL.—Mr. Stewart, of the Bobcaygeon Independent, was in town Saturday and gave us a pleasant call. Mr. D. McTearin, M. A., will conduct services in the Presbyterian church of this town on Sunday. Rev. Mr. Mescham lectured in the basement of the Methodist church on Wednesday and Thursday evening on Japan and its people. His addresses were interesting. Mr. F. Mooney, registrar of Haliburton county, was in town Wednesday, the first time for many weeks. His many friends will be pleased to learn that he is much improved in health, although not as strong as he ought to be. The mayor, Capt. Crandell and Mr. Thos. Fee left Monday evening as a delegation to wait on the Minister of Public Works in reference to the grant for a new postoffice at Lindsay. On their return they will of course take in the Montreal carnival.

Mr. J. A. McCarville, at one time of Lindsay, but now traveller for F. & J. Leclair & Co., Montreal, called on us a few days ago. His friends here will be pleased to hear he is meeting with success individually as well as in pursuing the trade of the house he represents.

On Monday after the morning mass, which is celebrated on the first Monday in the month for the benefit of the Altar Society, the ladies of that Society waited on His Lordship Bishop Jamot in the Sanctuary of St. Peter's Cathedral, Peterboro, and presented him with a handsome fur suit and an address.

We are glad to welcome Mr. Arthur Lee back again from Portage La Prairie, but hope the Portage papers are not right when they say he is likely to come back, not single but with a partner, to help make a fortune on the three hundred acres near the mountain. Arthur stay in town, even if you do take that other half.

The death took place on Sunday of Mr. J. W. Southam, father of Mr. Southam, of the firm of Southam, Calkins & Mark of this town, at the age of 69 years. Mr. Southam was an old resident of Cayn, having been clerk of the township for the past thirty-three years. The funeral on Tuesday was largely attended, many going from this town and vicinity.

The Peterboro Review in speaking of the late W. G. Thomson who died in Lindsay recently says: "Deceased, who was born at the old Mill of Foreman, Aberdeenshire district was an apprentice to the firm of Messrs. White & Hutchins, clothiers and haberdashers and was there for 7 years and in 1856 was engaged by the late Mr. Heron, of Glasgow, to come out to Peterboro, to enter the employ of Nicholls & Hall general merchants, and remained in their employ twelve months, when he commenced business on his own account in 1864, and in 1879 he succumbed to the bad times and made an assignment for the benefit of all his creditors. Mr. Thomson tried business in medicine for a short time, but competition being too great he gave it up, and entered the employ of Messrs. Fairweather & Co. Mr. William Fairweather, a member of the firm, was an old shopmate of his in Aberdeen. He remained in their employ twelve months, when he removed to Lindsay and entered the service of Needler & Siller, millers, as office manager."

The Victoria Warber

FRIDAY, FEBRUARY 8, 1884.

LOCAL JOTTINGS.

URBAN AND SUBURBAN.

FRESH candies made daily at Hickey's. OYSTERS 35 cents per quart at Soanes'. Go to Hickey's for fine cakes and pastry.

IMMENSE bargains in general groceries, at A. Campbell's.—3-2.

FRESH oranges, lemons and canned goods just received at Farquharson city restaurant.—2.

THE customary annual missionary services were preached in the Methodist church on Sunday to a well filled church. Five curling clubs expected from Midland and Oshawa on Friday did not arrive. They are expected up some time soon.

Loer on Kent street yesterday a seal-skin purse containing a sum of money. Finder will be rewarded by leaving it at the WARBER'S office.

THE annual meeting of Rose Valley District Grange will be held in Lindsay on Friday, Feb. 15th, at 10 a. m. Important business is to come before the meeting.

AN east ward youth received a reply to a marriage proposal, which said—"If you quit chawin Tobacco he had you, but I never can haf mi rest disturbed by sich a fowl Breth as you."

THE social club that sang at the Orange social deer-e the utmost credit for the time they have been organized. We are glad to see some of the young men of Lindsay trying to draw out the talent for singing which so largely abounds in our midst.

THE council having had a special meeting on Friday evening did not take place. The next meeting will be on the 15th inst. As the roll will be called in on that date those indebted for taxes had better make an effort to square up.

THE Robson block repairs are about made and Mr. W. M. Robson will resume business in his old line about the 1st of March. We are glad to see Mr. Robson going into business again and trust he will meet with the success which for so many years has attended him in the past.

TO-NIGHT.—"Under the Palms" to be delivered this (Friday) evening in the Opera House. Of this entertainment we need say no more. Its success is assured both from those having it in hand and from its own qualities. Go and hear it, you cannot be disappointed.

IN its report of the Woodstock meeting of the Fruit Growers' Association last week the Globe of Friday said—"Mr. Beak, of Lindsay, who was suddenly called from the meeting by a despatch stating that his son was seriously ill, left a paper upon the cultivation of fruit in the counties of Durham, Northumberland, Peterboro', Victoria and Haliburton. The paper was read by the secretary, Mr. Beadle. The writer stated that all fruits except the peach are extensively grown in this district with the most extensive. The opinion was expressed that more capital should be put into fruit culture, which would yield a handsome return."

1884. MONSTER SALE! 1884.
