Haliburton Schools.

From the very elaborately and carefully prepared report of Dr. Curry, the Inspector of schools in the county of Haliburton, some interesting particulars are to be gleaned. The following are a few of the facts referred to in the report.

Number of schools.—Anson, 2; Cardiff, 5; Dysart, 9; Glamorgan, 6; Lattinworth, 6; Minden, 8; Monmouth, 4; Snowden, 5; Stanhope, 4. Total, 49.

The following sums are raised in such township by taxes imposed by the school trustees.—Anson, \$703.03; Cardiff, \$605.01; Dysart, \$2,523.61; Glamorgan, \$468.80; Lattinworth, \$658.50; Minden, \$1,128.78; Monmouth, \$418.65; Snowden, \$756.68; Stanhope, \$810.84.

The total receipts in 1883 for census was as follows:—Anson, \$1,021.41; Cardiff, \$1,083.08; Dysart, \$4,114.36; Glamorgan, \$988.27; Lattinworth, \$1,493.33; Minden, \$1,704.15; Monmouth, \$676.15; Snowden, \$1,181.67; Stanhope \$660.82.

In the whole county there is a school population of 1,329, of whom 1,475 are in attendance at the various schools. Of these 1,475 there are in the first class 604, second class, 399, third class 300, fourth class 113.

Never Give Up. If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of a bilious nature, by all means procure a bottle of Electric Bitters. You will be surprised to see the rapid improvement that will follow; you will be inspired with new life, strength and activity will return, pain and misery will cease, and henceforth you will rejoice in the power of Electric Bitters. Sold at fifty cents a bottle by S. Perrot.

PORT HOPE. CHANGED HANDS.—The Port Hope Times has changed hands. Mr. Stanley Peterson has purchased the entire plant and subscription list of both the Times and Craftsman, and appointed Mr. W. J. Martin as manager. The transfer took place on Wednesday last.

CALL SUSTAINED.—At the regular meeting of the Port Hope presbytery, held in Cobourg Tuesday, the call of the first Presbyterian church, Port Hope, to Rev. J. W. Mitchell, was sustained. The reverend gentleman was immediately communicated with, and accepted the call. The induction will take place on Wednesday, April 2nd.—Rev. J. Cleland to preside.

IN GOD LEFT.—A young man who had come in from Lindsay to see his Port Hope girl, one day last week, called upon one of his business acquaintances to wish him good-bye before starting home on the three o'clock train. His friend tried to persuade him to stop over until the morning, but in vain, as he said business of importance waited him at home. Having a little time to spare, the Lindsay chap began to examine the stock of coffins. The proprietor proposed that his friend should try one of them. He consented, and was roused a prisoner with the lid screwed down. The only satisfaction he had was to see the Lindsay train "zoom" past the window from his narrow quarters through the glass front of his box. Anyhow he didn't take that train.—Guide.

MAPLE LAKE.

The social gathering in connection with the Methodist denomination of this place proved enjoyable and financially a success. Considerable amusement attended the readings and recitations, the Rev. Mr. Gorbert, of Essonville, told some pretty little stories, followed by speeches from Mr. Bayes, of Haliburton, Mr. Ferris, reeve of Stanhope, Mr. Delamere, Mr. Croft, and Mr. McPhail in the unavoidable absence of the Rev. Canon Jones. A very beautiful four or five story cake, manufactured by Miss Dawson and Mrs. Wessels, was next presented to the audience, which proved to be one of the most stupendous monuments of human industry ever offered to the public. Mr. Bailey's team reached the scene of action through a difficult and unprotected pathway, but not without upsetting his load in the snow, the cake falling out leaving its impression upon some individual who took possession of the mammoth cake until over 100 persons gazed upon it with admiration. The room was handsomely decorated with evergreens, labels, and maps representing the different countries of Europe and America. The cake having arrived the room was now complete. The choir had no sooner done with singing "Beauty all around" when some person was heard to exclaim—encore! when the choir sang "cheering, cheering," very beautifully and expressively. There being two platforms the performance was varied, first with music from the one and then by a speech from the other, during which time Mr. Moore and Owen Wessels were taking an active part in the accommodation of strangers. The cake was at last converted into an election cake. The two candidates nominated were a married and a single lady, Mrs. Wessels and Miss Steen. The latter obtained the cake by a majority of 37 votes. Lastly it was sold to Mr. Bailey, who had the pleasure of taking it home again.—Independent.

ONTARIO COUNTY.

ANOTHER CHANGE.—A change in the running time of the trains on the Midland railway is likely to take place about the first of April. Accommodation at Blackwater, which is to be the terminus of the Cobococ section, will be enlarged, though the Toronto and Port Hope trains will cross at Lindsay instead of Blackwater as before. The only change contemplated on the Whitby and Port Perry division of the line is that of going back to the old time for the train which remains in Port Perry over night and leaves in the morning for the month. By that means the people of Whitby will be able to get to Port Perry and return the same day.

THE NEWS SAYS a large shipment of young bulls was made from Pickering on Tuesday last, numbering about 80 head. Mr. Briemel was the shipper, and they are intended for his ranch in New Mexico.

THE MEMBERS of the Pickering syndicate, Messrs. Angus McKay, Robt. Miller, Boon and Williamson, will start for Indian Head, N. W. T., on the 20th of this month, to resume work on their large farm in that locality.

FRAT.—On Thursday morning about 2 o'clock, as the Bowmanville Foresters, who had been paying their Oshawa brethren a visit, were about to start for home a chandelier fell from the ceiling of their hall, which is in the third flight of the Lang block, and the oil immediately took fire. Mr. Fatts with presence of mind threw a large rug on the flames.

ACTORS FOR SLANDER.—Fully 300 people from Oshawa were in Whitby attending the trial of Mrs. Evans against Alex. Mackie of that town. The case was heard of the court before Judge Cameron, and in an action for slander. Some two years ago a Mrs. Evans arrived at Oshawa from Flint, Mich. She has been married twice, was divorced from her first husband and does not live with the second. However, she sees the Oshawa Foresters regard her character, and the names of several male residents have been connected with the scandal, especially Daniel Hiebock, into whose family the rumors penetrated. Mr. Mackie is a son-in-law of Hiebock. Mrs. Hiebock got a lady to write to Flint making enquiries concerning the character of Mrs. Evans in that city. An anonymous letter was received giving Mrs. Evans an unfavorable reputation. The defendant is alleged to have circulated rumors about the woman on the strength of these letters, the result being a suit for slander. The defence is that the malicious words were used on privileged occasions, that in the Hiebock family. The verdict has not yet been given.

WOODVILLE. Some impatient men undertook to run down Mr. Wm. Cameron and a friend, who were coming to Woodville one night last week. While on the townline near Mr. Donald Jackson's a team was caped bearing down on them. Mr. Cameron, who had only a light "rig," turned quite out of the road in order to allow the parties to pass. On coming up however, the most abusive language was used to the occupants of the cutter, while an attempt was made to nail the horses into the cutter. Mr. Cameron then succeeded in getting past and after driving a short distance again stopped when the abusive language recommenced. One of the parties now left the sleigh and started after the cutter, evidently with the intention of mischief, as he was armed with a cudgel of some kind. Mr. Cameron drove on to the village and says he will see that justice and a very stringent dose of it is meted out to those parties. It is now becoming absolutely dangerous to travel the roads after dark from this source.—[Advocate.]

THE INDEPENDENT Reform Post-market Era says:—"Previous to the late Algonia election George Burden sent a dispatch to Hon. Mr. Parris that it was absolutely necessary that he should be placed in possession of funds in some shape to meet pressing emergency. The election is now over, and in the Ontario public accounts we find the following sum paid that gentleman:—G. Burden, services as commissioner, \$2,615.00, together with a further item of \$118.22 for "sundry disbursements." Now, if we can only get at the expenditure made by Mr. Burden and the Dominion in the late Portage campaign, the public will have some idea of what it cost to manufacture political sentiment on the borders of civilization."

MISCELLANEOUS. Mother Graves' Worm Exterminator is pleasant to take; sure and effectual in destroying worms. EXCHANGES frequently complain that clerks and doctors do not supply them with notices of marriages, deaths, etc. While we have no reason to find fault with the way that we are treated in the matter, on the contrary we have much reason to extend thanks to our professional men for this courtesy shown us, we agree with our brethren of the quill that where this is neglected on the part of ministers and doctors, interesting information is withheld from the friends of those who keep it to themselves are none the better off for so doing.

A lady from Syracuse writes: "For about seven years before taking Northrop's Lymphatic Vegetable Discovery and Druggery I suffered from a complaint very prevalent with our sex. I was unable to walk any distance or stand on my feet for more than a few minutes at a time without feeling exhausted but now I am thankful to say I can walk two miles without feeling the least inconvenience." For female complaints it has no equal.

IT SHOULD BE INVESTIGATED. If any of our readers are suffering from chronic disease of the stomach, liver, kidneys, or bowels, they should investigate the merits of Burdock Blood Bitters. It is making some of the most remarkable cures on record.

LINDSAY'S WHARF, Aug. 22nd, 1883. Messrs. Churchill & Co., gents.—I have been afflicted with Salt Rheum for the past three years, and have been treated by some of the best doctors in Eastern Ontario without any lasting benefit. I was recommended by Mr. C. J. Lindsay, of Kars, to try your Fountain of Health. After using five bottles of the Fountain and two bottles of your Chlorine Balm, I believe I am perfectly cured. My general health is also much improved, and I now feel like a new man.

Yours truly, ROBT. BURNETT, Engineer Str. & Mechanical and Portland Line. (11) Cured Free. Any reader troubled with dyspepsia, costiveness, headache, liver complaint, etc., should call at A. Higinbotham's drug store and secure a free trial bottle of McGregors' Speedy Cure at once, which will convince you of the merits of the medicine. It cures permanently where other medicines have failed. As a blood purifier it has no equal. Remember it costs nothing to try it. Regular size, fifty cents and one dollar.

THE INSPECTOR'S annual report of the Belleville Deaf and Dumb Institution gives the total number of pupils in attendance during the year ending September 30th, 1883, at 263, being a falling off of ten, as compared with the previous official year. The usefulness of the Institution is shown by a list of forty-seven ex-pupils of the Institution who are now engaged in self-supporting employments. Twenty-one of these are shoemakers, four painters, three painters, three bookbinders, two artists, and the rest engaged in various mechanical avocations. The superintendent says that after careful enquiries he has failed to find anyone who had spent any considerable time at the Institution, who was a burden to himself or the charitable public.

Orion Collins, 49 Pearl street, Buffalo, N. Y., says "I tried various remedies for the piles, but found no relief until I used Dr. Thomas' Electric Oil, which entirely cured me after a few applications." Since Dr. Thomas' Electric Oil has become celebrated, unprincipled persons are imitating it. Get the genuine. Neuralgia, Deafness, Lumbago and Pain generally; and internally cure Colds, Sore Throat, Croup, Asthma, and many painful affections.

WEATHER PROBABILITIES. Foretelling the weather is uncertain at the best, but it is certain that if you catch cold in this changeable climate you can best break it off with Higinbotham's Pectoral Balm, the most reliable and pleasant remedy for coughs, colds, bronchitis and lung complaints. It is so agreeable that even a child will take it.

THE TOOTHACHE bane, cuts and rheumatism use Perry Davis' Pain Killer. See advertisement in another column.

OUR CANADIAN BAIT INDUSTRY is progressing. The great difficulty to be overcome with it is the grade of goods required. It is not in the more expensive than in the comparatively small quantities of saving oil. The great demand in Canada seems to be for a cheap quality, buyers forgetting that a cheap thread must necessarily be a flimsy one, and that a weak one. Higinbotham's Bait Co. make three grades of good bait; of these different qualities the power can be had by the largest size, at the same time they constantly have of complaints of poor serving bait. If he will take the trouble to ask for Higinbotham's Bait Co's own brand, and see that their name is on the end of each spool, they will be sure of getting the best made.

AYER'S Cherry Pectoral. No other complaints are so insidious in their attack as those affecting the throat and lungs, such as colds, coughs, and croup, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal disease. AYER'S CHERRY PECTORAL has proven its efficacy in a forty years' experience with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured. "In 1871 I took a severe cold, which affected my lungs. I had a terrible cough, and passed all night after night without sleep. The doctor prescribed AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and allowed me to get up in the morning for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me. HORACE FAIRBROTHER, Rockingham, Vt., July 15, 1882.

Group.—A Mother's Tribute. "While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. I administered it in small and frequent doses, and to our delight in less than half an hour the little patient was breathing freely. The doctor was told that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? SUCCESSFUL TREATMENT. Mrs. EMMA GEDNEY, 130 West 125th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for many years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried." A. J. CROFT, Lake Crystal, Minn., March 13, 1882.

"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. JOSEPH WALDEN, Byhalia, Miss., April 22, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that had but for its use I should long since have died from lung troubles." F. BRADDOCK, Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.
