Here and there are occasional patches that are not quite up to the mark, but this would naturally be the case under the most favorable seasons and conditions. VICTIMS OF INTemperance.

The victims of intemperance who fall by the wayside are very numerous, although Canada is looked upon as a sober, temperate country. Frequently the newspapers record the death of persons who had sunk to the lowest depths of degradation, and the statements are often added that years ago they had been in high social and business standing. The other week a Montreal newspaper intimated the case of a man who died in poverty and neglect. At one time he had had control of a large business, but giving way to intemperate habits he had gone steadily and rapidly down to abject poverty. Now the Port Arthur Sentinel records the miserable death of a man who, some years ago, was a candidate for parliamentary honors in a Canadian city. He went west and engaged out a miserable existence—singular, wretched and crime was his chief characteristic. Examination showed that his death was caused by intemperance...

Dentistry.

W. H. GROSS, DENTIST. NEARLY 24 YEARS' EXPERIENCE.

The call upon Mr. Gross for ENGLISH BLACK RUBBER PLATES will soon exceed his capacity to supply them from 4 to 6 sets of artificial teeth in this rubber, and he has been obliged to supply them in the world's possession, so many essentials for a perfect denture. These wearing ENGLISH BLACK RUBBER PLATES would have no other. Mr. Gross will make teeth on any plate preferred, and will guarantee the satisfaction of his patients. A stock of about 10,000 ARTIFICIAL TEETH to select from. It is believed that no dentist in the Midland district has a stock so large and well selected. Mr. Gross has lately procured one of Dr. Hurr's VITALIZED AIR attachments to be used in connection with the Liquefied Gas. He extracts from 15 to 20 teeth with one inhalation of this combination. ELECTRICITY used with success. The teeth are perfectly preserved and saved. As no term under FIVE YEARS is considered for the fitting of a denture, Mr. Gross will guarantee all his fittings for that length of time. In another dental advertisement in this paper Mr. Gross has been accused of being a quack. The man whose business is steadily on the increase and who welcomes to his office all who are in search of relief from their dental troubles, need not entertain much less, any very marked feelings of jealousy. For good advice and reliable work call on Dr. H. B. DEAN, over Kennedy's store, Kent street, Lindsay.
