In it we are told that the area carried from Haliburton to Toronto for ten cents cach while as a matter of fact ties are only for Rathburn & Sons who supply the company with ties and in return have things arranged to keep the price of the down to starvation figures.

The most successful dentist in this part of Canada. The GOLD ALLOY used by Mr. Neelands for artificial teeth is a grand success, notwithstanding the false statement made about it by a Lindsay dentist jealous of Mr. Neelands' by a Lindsay dentist jealous of Mr. Neelands' enterprise in buying the patent right. This individual exhibits to his patrons a piece of gross metal resembling soft solder or lead, and tells them it is a poison and the same as Neelands' Gold Alloy, which is a falsehood, as the Gold Alloy used by him contains both gold and silver and no majer.

and no poison.

Mr. Neelands inserts numbers of perfect fitting sets of teeth for people in Lindsay, Ops, Mariposa after this dentist had tried and entirely failed to give satisfaction. Black Rubber has been used by Mr. Neelands for the last !7 years. The only genuine English Black Rubber kept constantly on hand. Teeth inserted on any plate desired. In extracting teeth with gas it is a common thing for Mr. Neelands to extract from 10 to 15 teeth with one dose of gas and the person leaving quite well and strong. Mr. Neelands while its business is far above hands made a special study of this gas under Dr. Colton, of New York, the inventor, who writes to Mr. Neelands that he has given the gas to 136,613 persons without an accident. Teeth filled to last a life time. One lady says she had her teeth filled with gold by Mr. Neelands over 15 years ago, and her teeth are all good yet.
