RE-OPENING

CITY RESTAURANT.

I beg to inform my many friends and the pub-generally, that I have re-opened with an

CANDES, NUTS, NUTS, CIGARS, ETC., Consisting of

Lindsay, May 15th, 1884. The Victoria Warder

FRIDAY, AUGUST 1, 1884.

LORNEVILLE.

Mas. A. Campbell, of Kettleby, Ont., is visiting friends in this vicinity. Mr. Duncan, a former resident of this part and now of Toronto, is also here among his friends. Mr. Don. S. Campbell, of Shelbourne, Ont., arrived home for the vacation. Mr. C. Westlake and wife, of Thornhill, are also paying their friends a

THE CROPS.—Hay, which is about half a crop in this section, is nearly all harvested and secured in good condition. Barley outting has commenced and several fields are in shock. The yield although short in straw promises well in grain. Some fields of fall wheat are also in readinoss for the knife.

Anorage of our boys has bravely en-listed in the noble army of benedicts, in the person of Mr. Albert Ashman, who was united to Miss Marjory McPherson, east of here. We wish them all happiness and a brilliant future.

Mr. Hugh McEachern, sr., who was signification with a paralytic stroke on Sunday

week, is on a fair way to recovery. Ters locality is gaining a wide spread fame for articles exported to supply the demand of foreign markets. Mr. Donald McLauchlin of this locality has just shipout the first car load of tanbark. We hope his venture may prove a success and the promising industry a permanent one, - Advocate,

WOODVILLE

DURING the past month it seems mother earth has been passing through a nelt of meteors and we observe by our exchanges that many of these small colestial wanderers have fallen to the earth. This locality has not been neglected, one falling near Eldon station, while another fell at Elen, Mariposa, on the night of the 10th inst. Whatever may have been their origin these meteoric stones have a peculiar interest attached to them, inasmuch as they form one strong link of testimony as to the composition of the oth r great planets and bringing the researches of science more conclusively in harmony with fact,—[Advocate,]

with fact .- Advocate. THE council at its last meeting appointed a village board of health as fol-lows :-Dr. Clark, J. C. Gilchrist, James Smart, Arch. Campbell and P. McSweyn.

THE I. O. G. T. open temple on Friday evening on Friday evening was the most hall was filled and all left well pleased with the excellent programme which had bean placed before them. Several visitors from Cannington were present and render-el assistance in the entertainment. We hope to see another before long.

A case of typhoid fever has developed a town and the board of health have taken every precaution for isolation and medical attendance. The individual, one John MoLeod, has recently arrived from he shanties to work for Mr. Wm. Smith, 4th con. of Eldon. While staying at the Northern hotel he was taken sick and on medical attendance being summoned it was suggested that isolation would be proper. He was accordingly removed on Tuesday evening to a house on Queen street and a careful attendance engaged

FENELON FALLS.

FINED.—Saturday William York and John Richmond were each fined \$2 and costs by R. McFarland, J. P., for fighting on the main street.

Acordent.—On Wednesday forencon the men employed in the canal were driven from their work by the rain, and two of them, named respectively George Burefoot and Henry German got skylarking near the Simpson house. They were the best of friends and no violence was used, but while sparring Barefoot slipped and fell and his right collar-bone was broken.

Accident to a Child.—On Monday Mr. John Burley's little son, between two and three years old, fell while running scross the yard, and his forehead came in contact with a stone, which cut a gash meanly four inches long. No serious consequences are apprehended, and as the child is so young the soar may in time almost entirely disappear.

MILL ACCIDENT. Thesday Mr. Isaac Archer, an employee in Smith & Fell's shingle mill, met with a rather serious accident while in the performance of one of his duties. It appears that he had been attooping down to push some sawdust into the elevator, and, rising suddenly to his full height, was struck on the head by a pulley which inflicted an ugly scalp wound very much resembling a horseshoe in shape. As he fell soon after receiving the blow it was feared that his skull was fractured, but such fortunately, proved not to be the case.

New Bulldings,—More new buildings are in course of erection or about to be commenced in Fenelon Falls. Mr. Thos. Lane's house is a neat story-and-a-half frame, now nearly finished; and Mr. Charles Broad is at work on the foundation of a dwelling he is about to put up on a recently purchased lot on the south side of Bond street west. The most important, however, is a brick block which Mr. Samuel Newman contemplates erecting on his property on the west side of ing on his property on the west side of Colborne street. It is to be 42x50 feet, two atories high, of red brick with a white front, and will contain three single atores. Messrs. Barker & Broad are to do the stone and brick-work, and Mr. Thomas Littleton the carpenter work. The estimated cost is \$2,500.—[Gazette-

IT is our painful duty this week to record the death of one of our most promising young men, Donald A. Smith, who resided a short distance east of here, who died on Thursday last at the age of 23 years. Although ailing for some time past his death was quite unexpected. The remains were interred in the Eldon cemetery and followed by a numerous concourse of friends.

Mn. Hugh McEachern last week sold a general purpose mere to a farmer of Mara-township for the handsome sum of \$200

Mr. Alex. McEachern raised his large barn on Monday and it is one of the best buildings in the township. The structure is 40x60 with a stone foundation. After the raising the usual dancing took place and a very enjoyable evening was spent.—[Advocate.

JANETVILLE.

lence of the Warder. Woodland Party.—The woodland party held in Mr. Wm. Graham's prove on the townline between Manvers and Cartwright was a complete success. It was held under the auspices of St. Albion's church, on the evening of Thursday, the 24th. The trees were hung with Chinese lauterns which gave a beautiful light to all around. The programme consisted of vocal and instrumental music. The Bethany brass band was in attendance and furnished a choice selection of music, while the refreshments were furnished by the ladies of the congregation. A heavy shower of rain put a stop to the proceedings and they had to retire to the crowd was so great that many had to go crowd was so great that many had to go away for want of room in the church. The proceeds amounted to the handsome

BASEBALL.—A game of basebalt was played between the Newry club and the Janetville club on Saturday, resulting in a victory for the former of 20 runs. One of the players was struck with the ball on the upper lip and knocked down, splitting his lip and causing an ugly face. It marred the sport of the evening.

red the sport of the evening. CROIS,-Now that the barley harvest has set in it is fully known that it will be a light crop in this part of Manvers at all events, and we are inclined to think if it is light here it will not be heavy in other places. The wheat is promising an abundant yield, while the late showers have been the means of improving the oats and a better crop is expected now than some time ago. Turnips are looking well and will be an excellent crop if the fly and grasshopper let them alone.
