THE MOTHERS OF FAMILIES

Who have boys to clothe can't do much better with their money than attend this Closing Out Sale. I am selling large quantities of Heavy All-Wool Tweed at 50c. per yard that I don't think can be improved on at 75c. per yard, and cutting out the clothes to fit the boys for nothing. If you come in a month from now for these goods don't blame me if you don't get them. They are not being re-placed. There is a great deal said in the papers about Fine All-Wool Grey Flannel at 25c. per yard. Well, that is pretty cheap, but if you want to buy better value than that I have it for you. I have a splendid line of Red Flannel at Lower Prices than were ever seen in Lindsay. And they are selling, and I am going to clean every yard out before the 1st of January. In fact I must sell them by that date. Feather Tickings and Cotton Shirtings are the best made in Canada, and you can save a dollar or two if you want much of them. Table Linens from the finest double faced satin damask to the common makes are being sold in large quantities. Hotelkeepers and boarding housekeepers are getting these plums. Blankets have not yet commenced to move fast, but the few buyers who try every store in town before buying any place have gone away with a pair or two chucking to themselves that a dollar saved is a dollar made. Ready-made Clothing of our own make has been moving out to the satisfaction of the buyer and to ours. Ladies', Misses' and Children's Mantles and Ulsters are on the move. A \$10 one for \$6, and a \$7 one for \$5.50, and at such reductions in the same proportion for any price of garment have induced the prudent ones to buy earlier than usual. To those who prefer buying the cloth we cut the mantle for nothing. The Tailoring Business is good, with Mr. Milne at its head as cutter. Its not hard to keep it good. He sees it that every garment has to be as it ought to be before he allows it to get out of his hands. And in that way gentlemen who have had their clothes made by him are not very anxious to try any other place. And we certainly have as choice a stock of Suitings, Trousers and Overcoatings as is to be found in the trade. And the present prices have no doubt given a greater impetus to this department.

JAS. GRAHAM,

Opposite the English Church.

Sign of the Golden Fleece, Kent street, Lindsay.

Lindsay, October 23rd, 1884.

NEW ADVERTISEMENTS.

Low Prices Replied - Dundas & Plaville Bros.

The Victoria Warder

FRIDAY, OCTOBER 24, 1884.

LOCAL JOTTINGS

URBAN AND SUBURBAN.

Bravotta. The following errors occurred in the recent central price list: 1st prize Donald K. Campbell, 3 year old entire, colt, roan and orange; 1st prize Henry Fox, carriage team, 184 hands high and under; 2nd prize William F. Evans, single horse over 164 hands high; 1st prize on piano, W. W. Logan; 1st prize on organ, W. W. Logan; 2nd prize on organ, J. Keith, Secretary. Fire. Shortly after eight o'clock Friday evening a bright light suddenly illuminated the east ward showing plainly a fire had again visited that unfortunate locality. This time, however it was not so serious an affair as sometimes being but an old stable belonging to Mr. O'Leahy and containing nothing but a little straw. The neighbors arriving with pails the fire was not allowed to spread to any other property. We did not learn whether there was any insurance on the property burned. Personal. Mr. D. Sinclair is slowly recovering from his rheumatism and is about again. He was confined to his house for some weeks. Mr. Wright has during the past week received several large orders for boots and shoes from Toronto houses and others. Business is rushing there just now. Mr. A. J. Wright, formerly of Lindsay, now of Louisville, Ky., is in town on a brief business visit. Mr. Wright is looking well, but reports times quiet in the south owing to the election. The Crown Drum Stove. Retains its reputation as being the most useful, besides economical heater, ever put in a room or hall for giving out plenty of hot air and keeping your house comfortably warm during winter, also the air is kept in constant circulation in the room it is placed in. I am pleased to add a few names of patrons already for this season to several scores of patrons for past seasons, all of whom speak in praise of them: Messrs. D. C. Drew, G. D. Perry, E. Leuder, T. Waters and W. Foley. Manufactured only by E. McPeely, at his stove and thresher and coal oil depot, east end Kent street, Lindsay. Call and get every information about them. You will save the price of one of those heaters in half the season by their saving of wood, besides having twice the comfort for the wood burned.

The Opera. The Horroth Hibernica Company had splendid audiences Wednesday and last evening. The scenes were life-like and the whole entertainment good. Friday evening the Stafford-Foster Co. produced Othello in Bradburn's opera hall to a full house. It was a good show and the parts were all well represented. The St. Quinten Co. again paid us a visit on Monday evening. The house was good but the play, the "Chimes of Normandy," being a difficult one, was not so well rendered as the former plays by this clever company. Bravotta. Fresh Finnan haddie at A. B. Terry's. Oysters per can from 35 cents at Soanes'. Go to Hickey's for fine cakes and pastry. The boats on the Scougog are soon to stop running. Johnson's soap, E. Gregory has just received a stock. -40-4. All orders for bread to be left at A. A. J. Soanes', Kent street. Dozens and dozens of diamond dyes at Highbotham's drug store. -38-2. Try dandelion blood bitters at Highbotham's, 25 cents. -38-2. Left at Mr. Terry's oyster parlor on Saturday evening last a pocket book. Owner will please call and take it away. Mr. W. Fee has just completed two very neat and convenient new brick houses on his property in the east ward. They are now for rent. Some of the boys in the east ward have broken several of the new lamps recently placed there. The constables are looking after these bad boys. Six dozen plain and fancy hanging lamps at lower prices than ever. Come and inspect them, the variety is perfect, at A. Campbell's. -40-3. I have in stock about 20 fancy china sets which I will positively sell at cost price if purchased before our winter importation. This is decidedly no humbug. A. Campbell. -40-3. I find it impossible to dispose of my hardware in bulk at present so I intend renewing my stock and trust to be favored with a share of public patronage. Jas. Wymmerup. Mr. Isaac L. Rea informs us that regarding the young pullets spoken of in our Fenelon Falls news last week he has five young pullets of the white leghorn breed which began laying over three weeks ago yet are not four months old. By a runaway accident on Sunday Mr. John Ganjal, who drives the Benson house bus, was thrown out and received serious injuries. He is likely to be laid up for some little time owing to a broken shoulder and various bruises. Messrs. Edwards & Shaw, the well known illustrators, are meeting with great success with their entertainments in the north. They have shown in Haliburton, Kilmount and Minden this week and met with splendid houses. On Monday and Tuesday next they show in Fenelon Falls. They are a first-class troupe. As the great preacher Talmage, of New York, is shortly to visit Peterboro could not some effort be made to secure him for one night in Lindsay? Many in town have expressed great desire to hear Mr. Talmage and promised assistance in many ways if some of the societies or churches could see their way to bring him here. Could not something be done in the matter? They would be sure of a full house.

Brevette. Bulk oysters 4) cents per quart at Soanes'. Try dandelion blood bitters at Highbotham's, 25 cents. -38-2. All kinds of pastry, confectionery, fruit and canned goods at A. B. Terry's. All kinds of candies made at A. A. J. Soanes'. Splendid white fish and salmon trout just to hand at A. Campbell's. -38. Hyacinths, Jonquilla, crocus, snowdrops at E. Gregory's. -6-4. Diamond dyes by the hundred packages at Highbotham's drug store. -38-2. Oysters in bulk, on or by the plate at short notice at A. B. Terry's, direct from Baltimore. Fancy hanging fancy table and hand glass lamps of every description at A. Campbell's. -40-4. Potatoes are very cheap now, being bought for in some cases for 18 and 20 cents per bushel. Praters now have a chance to live. Mr. A. Graham, of the 10th con. of Ops, intending a party, on Friday, Oct. 25th, will on Friday evening, Oct. 25th, invite all who can to attend. You can save money by buying your military, mottled, ready-made clothing, hats and caps, furs, carpets, dress goods and in short everything in dry goods at the popular dry goods house, R. Smyth. Mr. John Armstrong, who has been carrying on the blacksmith business for quite a number of years near Jewettville, will in a few days remove to Lindsay, and take a position in connection with the Sylvester works. The comparative value tells the experienced tinner. Our job lot of overcoats, suits, ladies for and cloth coats, furnished circulars, shawls, and underclothing will not last long at the price we are offering them. R. Smyth. The Wanderers Bicycle club of Toronto at last meeting passed the dry goods vote of thanks to the Lindsay Central managers for the courtesy shown them on their recent visit to Lindsay and a copy of the resolution was received this week by Mr. Keith, the secretary of the society. Police court matters are dull again, partly because the late burglary has kept up the public attention and partly because the people are more inclined to behave themselves. It is to be hoped they may always do so, and that both magistrate and policemen may have an easy time. Although there is no regular Y. M. C. Association in Lindsay at present several of our young men have determined to attend the sessions of the provincial convention now in session at Peterboro. Mr. Melnie has also gone to be present until Sabbath. They will report at the young men's meeting next Tuesday evening in Hamilton's hall. All interested are asked to be present. As Rev. Mr. Punshon and J. Clarke were returning from the New Friday evening a couple of strangers jostled against them; but nothing was said as they thought better to leave it. They are supposed from the description given by Mr. Punshon to be the same individuals who the following evening so liberally patronized Mr. Beall's jewelry store. Mr. Valentine writes us that the would-be mendicants who made themselves so free with their pencils last week in handing in an innocent looking item concerning a supposed "careless teamster," had better be careful what they do in future. While Mr. Valentine, the gentleman referred to, is not a teamster, still he can take proper care of horses and never get at any time blanketed the cow by mistake. Nor did he ever have cause to flap round with "rheumatism" or suffer in many ways that the blacksmith has had to do because he would not attend to his own business and leave Mr. Valentine's alone. It is to be hoped in future they will know enough to attend to their own affairs and not mind Mr. Valentine or any one else, or their pencils will be shown up in such a way that one of them at least will never again offer for the council board. Forewarned is forearmed. At the meeting of the Ontario Curlers' conference in Toronto Wednesday the election of officers resulted in John O. Howard of the Toronto club being elected president of the branch; H. Michie, Ferguson, 1st vice-president; J. D. Plaville, Lindsay, 2d do. Rev. Dr. Barclay continues to fill the office of chaplain. J. G. Russell was re-elected secretary-treasurer. The following committee: H. M. Bar, Dr. Beeton, W. Rennie, R. Crawford, W. F. Davison, and D. Walker, were appointed to act with the office bearers as the executive committee. Messrs. Davison, Macintosh, and Russell were re-elected the committee on the annual. Mr. Hanson, W. Badenoch, and John Wright were elected committee on complaints and appeals, and Jas. Pringle and W. Badenoch auditors. The medal competition was arranged. Twenty-eight medals are to be located by the branch this year, which is the largest number ever yet given. The grouping of clubs for the Ontario tankard and primal competition was next arranged. There are eight groups in all. A resolution was carried to the effect that a vigorous effort should be made to convince railway people that a reduction of fares to curlers going on curling trips would produce much more curling and more profit also to the railway companies. By appearances at the market on Monday there was for a short time a very decided decline in pork, so much so it almost caused a panic. A farmer with a fine load of porkers had just driven in and the bidding on them became quite lively. Mr. Matthew's buyer having the inside track. Whether one of the hogs became disgusted at the figure placed on his carcass or whether he had a general antipathy to everything in connection with the pork packing business is not quite clear; but at the same time it was evident he was no party to the proposed arrangements and would not be if he could help it. He thereupon made a bold dash for liberty, but owing to the height of the rack above the wagon he concluded to jump forward on to the horses, on which he could fall soft and then gently roll on to the ground. The first part of the program was accomplished but the second was not owing to the refusal of the horse to wait. A general rush of horses and men then began till opposite the Vetch house when the man and the hogs were dumped into the ditch and the rack on top of them. The horses and the wagon kept till opposite the English church, when they ran into the gas lamp there and snapped the iron pillar in two as easily as though it was wood. The horse were eventually stopped, the injured driver attended to and the hogs gathered in after considerable trouble, and Mr. Geo. Matthews was once more boss of the hog market. The running between the hogs and men was in many respects very

Literary Society. We learn that it is the intention of the high school literary society to give a public entertainment in the open house on the evening of Thursday, November 27th. Special efforts are being made to furnish an excellent evening's entertainment. The proceeds are to be devoted to the purchase of books for the high school library. Look out for a future announcement. Central Ag. Society. A meeting of the directors of the Central exhibition was held in the secretary's office, on the grounds, Oct. 23rd, 1884. Members present, John Connolly, secretary, James D. Deacon, 1st vice, D. Scully, 2nd vice, Wm. McBurney, W. Robson, F. Murdoch, Eugene Shinn, A. McQuade, and J. W. Reid. Present by Miss Britton read. Received that the decision of the judges in this case be maintained. Jas. Cullis and Thos. Graham against award of 2nd prize bull calf, class 5, section 4, entry 1, owned by R. Espenson, being only a grade, was read; it being proved to the satisfaction of the board that the calf in question is not thoroughly bred as represented, ordered that the protest be sustained and that the award of the second prize be left to the judges. Protest by Thomas Graham against award of first prize to Durham bull calf owned by Col. Deacon moved, Mr. Robson seconded, and resolved, that the proof of Thomas Graham in reference to let prize bull calf, Durham, on ground of age be sustained until the owner shall furnish satisfactory evidence to the satisfaction of the president, the secretary-treasurer shall pay the prize awarded and the judges are hereby empowered to amend the award accordingly. Meeting adjourned. A meeting was again held in the council chamber, Lindsay, on Saturday, 19th. Minutes read and approved. Members present, John Connolly, Col. Deacon, A. McQuade, Robert Wilcock, W. R. Swain, Donald Grant, W. Robson, W. McBurney, P. N. Murdoch, E. Shinn, J. W. Reid, D. Scully. Col. Deacon moved, W. Robson seconded, that while as a general rule the board takes no notice of anonymous communications yet for the satisfaction of those who are not conversant with the subject matter of a letter over the signature "Hay Seed," published in the Peterboro Examiner, it is hereby resolved and ordered that the secretary furnish copies of the resolution to the local papers and to the Peterboro Examiner for general information. -Carried. Col. Deacon moved, W. McBurney seconded, that Mrs. Lach be awarded a first prize for best egg, class 1, section 2, entry 20, section 25, the entry having by inadvertence been misplaced in the building. -Carried. Col. Deacon moved, Mr. McBurney seconded, that the sum of \$2 be paid to Mr. Rodden for the use of his flag during the exhibition. -Carried. A meeting of the board was held on Saturday, 19th. Minutes read and approved. Received that the decision of the judges be sustained unless in one case the secretary was ordered to write to the party who raised the horse. Meeting adjourned. Railway Notes. The weather signals on the early Midland train have been discontinued. They were of great benefit to farmers and others along the line, and the discontinuance as to the cause of the signals being discontinued. A 750 pound moose was run down and killed by a train on the Canadian Pacific railway a few miles west of Mattawa the other day. He had become bewildered, apparently, at the morning mist, and was powerless to move from the track. The Grand Trunk railway has discontinued the dining car service between Toronto and Kingston, and hereafter time will be allowed at Cobourg and Kingston for meals at the proper time. Conductors are instructed at the proper times to notify the dining-rooms at both places of the number who may need meals. The assistant-superintendent of the Grand Trunk railway for the Central division has issued an order for the collection of all old buttons from the cast-off clothing of the Grand Trunk employes on his division. These are to be returned to Montreal and be re-gilt, and thus save the expense of new buttons on his division. For the last two Sabbaths trains have been running over the Midland division of the Grand Trunk railway. This action upon the part of the officials of the approach engine is a great feeling of indignation all along the line, and Monday afternoon an influential and largely representative meeting was held at Uxbridge to take steps to stop this desecration of the Sabbath. It was decided to seek concerted action with other municipalities on the line, and to petition the company to stop the traffic, but should this remonstrance fail to take legal proceedings. What with general hardness of the times, competition of other lines, and the stringent and disciplinary character of recent legislation at Ottawa, the two railways just now find themselves in anything but too easy circumstances. It is stated that orders have been issued from Grand Trunk headquarters for the discharge of every employe of the company that can be spared for the service and for a reduction on the wages of those who remain. The Canadian Pacific railway has already discharged a very large number, all that could be done without it is said. Brakenham Goodfellow, of the Canadian Pacific railway, was killed on Saturday afternoon near Streetsville junction. He was on the top of a freight train coming east and fell down between two cars. The wheels passed over his body and he was instantly crushed to death. The engineer noticed the accident and stopped the train. The remains were picked up and taken on to Streetsville, from whence they were removed to the home of the deceased at Toronto junction. Goodfellow was about twenty-five years of age, and had been recently married. He leaves a young widow, who, on Sunday, accompanied the remains by the Ontario & Quebec express, to the former home of the deceased in Peterboro. Since the opening of the Canadian Pacific railway to Toronto in opposition to the Grand Trunk it is stated that the competition between the two roads has become very keen. An incident serving to illustrate the statement has just been related by an authority of great reliability, and is published for what it is worth. Two commercial travellers left Montreal for the west a few days ago on their regular fall trip to the west. Prompted by a desire of securing additional business they returned at the new line. The offices of the general freight department, who were evidently apprised of their departure, are reported to have struck upon a novel expedient to establish themselves in their good places. When the Toronto train arrived at Peterboro lunch baskets, as is customary, were passed around on board at rather fancy prices. The drummers, however, were considerably surprised and taken aback on reaching the station when many of them were met with a complimentary picnic basket filled with the choicest delicacies, including a pint bottle of fine Pomeroy. It is needless to state that the travelers did full justice to the spread, and in eulogistic terms pronounced the wine as excellent.

FIRST BLOOD FOR WINTER.

October properly speaking is a fall month, but invariably draws first blood for winter, and it is during this month that November sharpens his teeth to prepare for the task before him of attacking the unprotected and improvident, who have failed to provide themselves with underwear and warm clothing for their protection. Alas! how many delay this provision, and the penalty inflicted by a sudden change of weather often results in the first seeds of consumption and occasionally in sudden death? Would it not then be wise for you to make an early visit to The City Store and provide yourself with the armour necessary to repel the attacks of Jack Frost? We have the goods necessary to defy Mr. Frost, and the prices are within reach of everybody. Never before in the history of Canada could you buy good reliable blizzard protector goods at such reasonable prices as you can to-day at The City Store. Flannels, Blankets, Shirts and Drawers, Fur Goods of all qualities in immense quantities. Ladies' Fur Mantles and Fur Lined Circulars is as usual with us one of our great specialties to which we give special attention. The City Store has so thoroughly gained its reputation as the proper place to buy your Fur Mantles and Fur-Lined Circulars that further comment from us as to their excellence is unnecessary. You can always rely on getting a reliable article from us, as we take special pride in the quality of our goods.

CARPETS AND HOUSE-FURNISHINGS is another department in which we take special interest, and handle none but the best goods. The fine Velvet Squares, all woven in one piece, introduced by us two years ago, have been a marvelous success, and those who have purchased from us are well satisfied and pleased with their selection. Carpets in Brussels, Velvet, Tapestry, Wool, Dutch Union and Hemp. English Oil Cloths and Linoleums, 4 yds. wide, cut in one piece to fit your hall without extra charge. No extra charge for cutting and matching carpets.

ORDERED CLOTHING DEPARTMENT FOR GENTLEMEN.—Our Mr. Cathro, as a first-class cutter, stands pre-eminent, and being a partner has a double interest in pleasing and suiting his patrons, while our selection of woolen fabrics in all the best known makes is superior to any we have hitherto shown. We are showing good heavy All-Wool Tweeds for less than the cost of production. These are facts, reliable facts, which every person admits on examination. You are requested to act suddenly, and protect yourself from the wintery blizzards.

SOOTHERAN, CATRO & MARK

CITY DRAPERS AND CLOTHIERS,

NO. 2, DOBSON'S BLOCK, - KENT ST., LINDSAY.

E. MCTAVISH,

LINDSAY, ONT.

E. MCTAVISH.

Lindsay, Aug. 25th, 1884.

A BEAUTIFUL WOMAN

Clad in a Beautiful Dress bought at RITCHIE'S BAZAAR is now a pleasing and frequent sight on the streets of Lindsay. If you glance at the pretty feet of these beautiful women you will notice they wear a neat Boot bought at the same place.

A STALWART MAN

With a neat fitting Suit, a stylish Overcoat and comfortable Fur Cap, bought at the same RITCHIE'S BAZAAR, is a not less common sight.

If you ask these people where they bought their Underclothing, Wincies, Flannels, Corsets, Hosiery, Cretannes, Mantles, Tickings, Wool Shawls, Rubbers, Overshoes, Boots and Shoes, for the Men, Women and Children, and those ALL WOOL SOCKS FOR 25c., they will answer at

RITCHIE'S BAZAAR.

S. S. RITCHIE,

2 Doors West of Benson House.

Lindsay, October 23rd, 1884.
