

FREEMAN'S WORM POWDERS
Are pleasant to take. Contains their own...
Cures Dizziness, Loss of Appetite, Indigestion, Biliousness, Dyspepsia, Jaundice, Affections of the Liver and Kidneys, Pimples, Blotches, Boils, Humors, Salt Rheum, Scrofula, Erysipelas, and all diseases arising from Impure Blood, Deranged Stomach, or irregular action of the Bowels.

District News.
Carroll's planing mill, Thornbury, was burned down last week. Loss \$3,500.

Chaffey council is agitating a railway over the portage between Peninsula and trading lanes.

Mr. A. Mossy, well digger, while drilling a well on Mr. Bruce's farm, Point Mars, struck a salt spring.

The harness shop of Mr. Alex. Campbell, of Kettlevy, was burned down last week. An insurance of \$600 covers the loss.

An oil lamp exploded on the E. & P. express on Saturday night and caused considerable excitement amongst the passengers for some time. Luckily very little damage was done.

As the township of Wolfe Island has refused to pay the \$300 assessment which, it is claimed, it owes the county, a suit has been entered to recover the amount. The case will be interesting.

People from the infected districts of Stoen and Hangerford are crowding into Belleville to escape the disease. Steps have already been taken to prevent any further immigration from the infected district.

Thos. Gordon, the oldest working printer in Canada, has retired from the "case." He had been fifty-seven years in the business, and for the past seventeen has been employed in the office of the *Quebec Mercury*.

Mr. G. P. Smith, of Sharon, was found dead in his bed one morning last week. An empty flask and a phial of laudanum were found in the room, and the surroundings indicated that he had made a hard struggle for life.

The Queen's bench division made an order on Saturday for the immediate payment of the sum of \$1,000 a penalty inflicted on Mr. Taylor, a grown laundress in Muskoka for illegal voting in the Muskoka election.

John Combs, an engineer of the steamer *Arctabaska*, got drunk the other night at Owen Sound and tried to run the town. He succeeded in creating a riot, and also in obtaining leave to reside in the central prison for one year.

A young man named Debbart, of the township of Holland, went away at a protracted meeting near Berkeley on Thursday evening last. He had been subjects to fits, and the excitement of the meeting made him insane. He is said to be very violent—tearing his clothes, and difficult to control.

The Akey-Turan gang have been holding high carnival in Newmarket. On Tuesday of last week they entered Hewitt's hotel, and created a disturbance with the intention, it is said, of cleaning out the bar-room. The result was the gang got put out themselves, and one of them now has his face in mourning. There is some talk of lynching the entire gang.

A terrible accident occurred on the Callendar extension, near Bracebridge, on Wednesday. A blast exploded, and besides seriously wounding a number of navies, deprived Mr. Joseph Macdonald, brother of Mr. Angus Macdonald, the contractor who is well known in Kingston, of his eye sight. He may recover his sight. Mr. A. Macdonald was present at the time and miraculously escaped injury.

A gathering of the rowdy element of Newmarket styling themselves, "The Devil's Army," raised quite a dust on the night of the Salvation Army banquet there, between the hours of eleven and two o'clock. The *Bea* describes their antics as follows:—"Three young men with a small drum, fife and mouth-organ, with a following of about 15 others paraded Lot street and formed into a circle in front of the captain's residence where they had the brass impudence and irreverent audacity to hold a mock prayer and litaney meeting, mingled with antics. The whole crowd should have been arrested for disturbing the public peace especially under the circumstances."

On Tuesday, a construction train on its way to Lunenburg ran into a terry loaded with rails, at Nassau Mills. All the rails but seven had been taken off when the construction train came along. Before a stop could be made the engine of the train had struck the terry and the rails which were on it were, by the force of the blow, at once brought in contact with the engine. The terry was shattered, and the rails were sticking up vertically in front of the train. The movement of the train had not ceased and the engine in running over them was stove in many places. The truck was torn up for a distance of ten yards, the engine was disabled and thrown from the track, the iron rails were turned

and twisted, and the regular train passing was obliged to take to the siding. Fortunately no one was hurt.

The Saved Army, of Georgetown, have fitted up the old brewery there for a barracks. They have christened it the "Hallelujah brewery."

The Canada Pacific railway from Montreal to the Selkirk mountains will be completed in eighty-five days, according to President Van Horn's report.

A case of smallpox was discovered at Kingston on Sunday in the house of Sir Richard Cartwright. The victim, a nurse girl, was at once taken to the hospital.

The barn and contents of Mr. Thos. Field, near Thornbury, were totally destroyed by fire Saturday evening, caused by a cow kicking a lantern over in the stable.

Mr. Peter Allan, out from an elm tree on lot 14, concession 3, Carleton Place, seventeen and three-fourths single cords of 30 inch wood. A big looking pile from one tree.

It is difficult to decide whether the marriages were now passing over this part of the country is the result of the low prices of flour and potatoes or whether it is a sign of a cold and severe winter.

George R. Wingate, cashier of the North British and Canadian Investment Company, Toronto, accused of embezzling \$9,000, was arrested at New Orleans, Saturday night, and \$3,500 found on his person.

Charles Shearn, junior, of Almonte, while attempting to cross the river on the ice, broke through, and before assistance reached him became chilled and went down. The body was recovered in a few moments but life was extinct.

A cable despatch says: Thirty head of Canadian cattle were sold at the Liverpool, Christmas sale, Monday. They realized an average of upwards of 400 per head, and were admitted to be the finest on the market—even surpassing any of the British cattle offered.

A terrible explosion of gas took place at the residence of Mr. David, Montreal, on Sunday morning. Two of the servants went into the pantry to turn off the gas at the meter carrying a lighted candle, when an explosion took place that literally shook the house to its foundation. The two servants were blown into the kitchen and completely covered by debris and badly injured. The house is a wreck, not a single pane of glass being left whole. The billiard table was turned upside down and every ornament in the drawing-room was shattered.

On Saturday C. W. Smith, V. S.; of Jamestown, New York, visited the farm of Robert Gilray, near Meaford, and removed a large fleshy tumor, weighing over 15 pounds, from the sub maxillary space of a prize cow, valued at \$500. The tumor had grown strongly to the posterior angle of the submaxillary and posteriorly to the trachea. The animal presented such a loathsome appearance although several veterinarians were called none would operate. Mr. Gilray has received word that the animal in doing well and seems to experience no inconvenience from the operation.

The through freight traffic from the west to the seaboard over the Grand Trunk railway has largely increased of late, and all the available locomotives and train staffs are kept constantly employed. The winter rates are now in force, and it is altogether probable that the weekly traffic receipts will make a much more favorable showing than for some time past. In this connection it may be mentioned that the shipments of dressed beef from Chicago to Boston in Swift's refrigerator cars are now sent by way of Stratford, it being found that better time can be made than by the Great Western division, which had a monopoly of eastbound freight for a year or more.

On Saturday morning, about nine o'clock, a sad accident occurred at Mr. John Hunter's mill, Otonabee, which resulted in the death of his son. It seems that Mr. Hunter and his son Robert had gone to the mill that morning with the intention of getting up steam for the purpose of blowing-off the boiler. Steam was got up, and while it was rising, Robert got the axe, and going to the grindstone proceeded to sharpen it, meantime Mr. Hunter had stepped outside the mill, and in two or three minutes a neighbor came along, and asked permission to sharpen an axe he had brought with him. Mr. Hunter told him he could go in and do it, and on entering the mill, the man was horrified to find the body of Robert Hunter fast between the pulleys and the ceiling. To call Mr. Hunter in and shut off the machinery was but the work of a moment, when it was found that the young man's both legs and both arms were broken, his toes torn off, and the clothing stripped from the body, but the spark of life had fled. It is supposed that the belt slipped from the pulley while the machinery was being started, and that deceased in adjusting it was caught by the belt—an eight inch one—and being raised off his feet suddenly was unable to save himself from being crushed on reaching the pulleys at the roof. Deceased was a healthy, powerful young man, weighing about 200 pounds, and had every prospect of a bright and prosperous career

before him. He was 25 years of age.

The Free-Thinkers convention at Toronto was closed on Tuesday evening after a two days' session, by a concert and ball.

The arrest of the Salvation Army members in Montreal has caused great excitement and will be tested in all the courts.

The Dominion Grange give notice of their intention to apply to Parliament for power to establish a fire insurance branch.

Mr. A. Ros, son of the late member for Lennox and Addington, has been appointed county clerk in the place of his father at \$400 per annum.

The total cost of the steam heating apparatus being put into the new Roman Catholic cathedral in London, will be between \$4,000 and \$5,000.

A dry-goods merchant in Kingston published a pamphlet reflecting upon a firm in the same business, when members of the firm went into his shop and threatened to beat him. He had them arraigned before the magistrate and bound over to keep the peace.

The Salvation Army has commenced business in Montreal. The first public parade was held on Sunday, and resulted in the arrest of four of the leaders and the mobbing of the others. There are indications that if the army continues its parades in Montreal, the police will have plenty to do.

Sir John Macdonald has stated to a reporter at Ottawa that the Canada Pacific Syndicate had not, to his knowledge, made any new financial arrangements in England, adding that the money market was much depressed, and it was difficult to raise money for Canadian or American railways.

The veteran old Methodist pioneer, the Rev. Dr. Carroll, died on Saturday last, after a short illness, at the advanced age of 76. The rev. gentleman has been connected with the Methodist church of Canada for many years, and was greatly esteemed for his distinguished personal piety and devotion to duty.

Mr. Drury's election to the Local House has been declared void in consequence of the corrupt acts of agents. But this is not going to prevent him from taking his seat at the next session. He purposed to hold it upon a technical point. If that fails he will get Mr. Mowat to legislate him into the legislature.

Rev. Dr. Rice, who died at Toronto, was born in the month of September, 1814, in the New England State. He was the son of a physician of some note, who, while Dr. Rice was yet a youth, moved to St. John, New Brunswick. He received his chief education in the States, and it was not until 1837 that he identified himself actively with the Methodist church. He labored in the mission field in New Brunswick until 1847, when he changed the scene to Upper Canada. In 1849 he was appointed superintendent of the Muncy industrial school. During the three next years he held the chairmanship of the Kingston district of the Wesleyan Methodist church. In 1853 he was treasurer of Victoria college, and in '54, '55, and '56 governor of the same institution. From 1856 to '59 he labored in Hamilton. In '60 and '61 he had to retire from active work on account of ill health. Resuming in 1863 he obtained the governorship of the Wesleyan female colleges remaining there until 1873. In 1874 he was president of the Wesleyan conference. From that year until 1883 his work was varied. In the latter year he was elected president of the general conference of the Methodist church of Canada, afterwards being appointed senior general superintendent of the united Methodist church after the amalgamation of the different bodies. Last year he labored too hard, bringing on a general illness from which he never rallied. Dr. Rice married a Miss Starr, of St. John, N. B., and has five surviving children, three boys and two girls.

To remove dandruff.—Cleanse the scalp with Frog-Lover's Mergle Sulphur Soap. A delightful medicated soap for the toilet. A true scented—the drummer.

A RUSSIAN REMEDY. The man with rheumatism can feel the approach of bad weather in his aching joints. Hayward's Yellow Oil cures rheumatism, sciatica, neuralgia, and other ailments.

The untidy, dirty appearance of a grizzly beard should never be allowed. Bucking-horn's Days for the whiskers will readily change their color to a brown or black in discoloring, and thus keep up your reputation for neatness and good looks.

A quart or more—a pretty girl. Among the warmest advocates of the use of Northrup & Lyman's Vegetable Discovery and Dyspeptic Cure are ladies famous in delicate health, whose vigor and beauty have been restored by it.

It is generally stated by purveyors of medicine that they will cure every disease of the human system, but such statements are untrue. It is possible for one medicine to cure one class of diseases. If medicines are considered for the treatment of the above diseases they will compare their remedies to rank a war that could not be won by any other means. Our pills will act as an emetic, acting gently; another will act as a cathartic, leading the bowels; another will act as a diuretic, expelling water from the stomach; and besides, another will act as a tonic, leading the body and leading to a cure.

Such a medicine you have in the above group—never fails to relieve.

FURNITURE. FURNITURE
H. HOLTORF'S
Is the place to purchase cheap furniture, comprising parlor, dining-room, bed-room and kitchen. In the

DOMINION WORM POWDERS.
These powders are well mixed with mild Antibilious and Purgative Medicines, which make them safe and effectual, not only in Worm Fevers but at the commencement of every Fever. When a child is sick it is not easy to find out whether it has worms or not. Give one Dominion Worm Powder night and morning and your child will be improved, worms or no worms. One box has taken away thirty Worms from one child. *See No. 1000 required.*

COMPOUND SYRUP OF HYPOPHOSPHITES,
Sugar of Milk, And Tolu.
This Compound is the best remedy in the Dispensary for all affections of the THROAT and LUNGS. We do not warrant it to cure Consumption in its last stage, but will do all that can be done by medicine. It removes Coughs and Hoarseness in their worst forms. Croup, Whooping Cough, Pertussis, Indigestion of the Lungs, and Consumption are the results of suppressed Coughs.

For want of a convenient remedy, many individuals allow neglected Coughs to produce the most dangerous consequences. The object of the proprietor in presenting this medicine to the public is to place in their hands a convenient remedy for such diseases, where the aid of a medical man cannot be obtained either from a distance or want of means.

COMPOUND SYRUP OF Cinnamon, Catechu & Blackberry
For the cure of
DIARRHÆA, DYSENTERY, CHOLERA MORBUS,
Pain and Cramps in the Stomach and Bowels.

It is generally stated by purveyors of medicine that they will cure every disease of the human system, but such statements are untrue. It is possible for one medicine to cure one class of diseases. If medicines are considered for the treatment of the above diseases they will compare their remedies to rank a war that could not be won by any other means. Our pills will act as an emetic, acting gently; another will act as a cathartic, leading the bowels; another will act as a diuretic, expelling water from the stomach; and besides, another will act as a tonic, leading the body and leading to a cure.

Such a medicine you have in the above group—never fails to relieve.
