In the Lindsay public schools those pupils who are promoted from one book to another will be required to procure a book of the new series. Those who remain in the same division, or who are promoted to shigher division of the same class, will retain the old book, except in the senior fourth class, where the new 4th reader only will be used. As it is desirable that all candidates for the December entrance examinations at Lindsay and Omemee should take the literasay and Omemee should take the literasay and Omemee should take the litera-ture examinations from the new series of books, it is requested that all who intend to apply will procure the new books at the beginning of the term. In all other cases pupils will retain the old books until a new book is required. J. H. KNIGHT, inspector.

At Bradburn's opera house, one week commencing August 3, 1864. Roller rinks, Salvation army, war excitement have had a tendency this season to obliterate travelling companies, but Harry Lindley seems equal to all emergencies. He has inaugurated a low price scheme with high priced artists, and gives a show which for length, breadth and quality discounts even the largest organizations. Ladies seem to rush en masse either to see "Handsome Harry" or impelled by a really high class entertainment. Their proformances of society drama remind one of the old time Prince of Wales and Robertsonian productions. They have given entertainments this week with one sterling recommendation, viz: that our Lindley Comedy Company sterling recommendation, viz: that our

this game. All are cordially invited.

The Lindsay club are arranging with the Clippers, of Hamilton, to play here on the 3rd of August and the beys will have to guarantee \$50 so they want the town people to turn out and help the game along. The town people ought to be proud of their base ball club, having pluyed 6 games so far this year and not been defeated yet, and since G. Little has pitched for them they have not lost a single game. They have won since G. Little pitched 12 straight games. A record of which the Lindsay people ought to be proud of and the only way to let the boys see that we appreciate their games is to turn out in force, now see if we can't give the boys some encourage-ment by turning out to the Clipper Lind-say game. A change has been made in the method of payment of the legislative grants and the municipal equivalent to schools. The county treasurer becomes the treasurer of these school moneys; he is furnished by the inspector with a statement of the amount apportioned to each section, which is payable to the school trustees. It is now compulsory on trustees to pay the teachers' salaries quarterly no matter how the agreement is drawn.

Improve our local Market. We take the liberty of suggesting that the trade of Lindsay might be improved by drawing hither the people of Cartshould look to this place as a natural market. How to induce the farmers of those townships to come here in preference to their going to Port Perry or Bowmanville is subject for the local merchants to de-termine. There are two or three plans induce the township of Ope and the county of Victoria to keepin first class repair the main road running south to Manvers in-cluding the "floating bridge" and its ap-proaches; another is to induce seme of our steamboat owners to run a weekly or biweekly steamer from Sougog island, calling at Caesarea, Armstrong's, Wilson's and McGill's landings. The steamer might leave Scugog island, west of Caesarea, at 6 o'clock in the morning and after calling at the ports named reach Lindsay at 9 or 9.30 o'clock. The return trip could burin at say 4 o'clock in the trip could begin at say 4 o'clock in the afternoon, thus allowing farmers ample time to arrive home by nightfall. To make this a success the town might for a year or two readily grant a subsidy of (say) \$200 annually, and receive a guarantee from the steamboate to run at least two trips per week. There is a third means available to our merchants, viz, to adventice liberally and unform the state of the state

The first annual games of the C. T. A. and excursion took place at Pleasant Point on Wednesday 23 inst. The new steamer Dominion and palace scow took down about 500 excurionists. The beautiful spot selected far surpassed any previous picnic grounds as there were good grounds for the sports, also a fine sheltered spot under a clump of ceders. Dancing was indulged in all day, Mr. A. Doran, quadrille band was in attendance. All the young people enjoyed themselves as well as the older ones. Between times there

as the older ones. Between times there was an open air concert. Mr Jas. Smith and his little boy, Master Johny Smith distinguished themselves, as also did Miss McGillis. Mr. Smith sang "our brave boys" comment on their ability is needless as our readers have heard these parties before. All having had a good time and being well pleased left at 7.30 p. m. for Lindssy, daucing being kept up on the scow all the way home. Our C. T. A. young men deserves great credit for the way everything was carried out. Their coming literary entertainments should be 6 entries, 1, Michael Grandy, 2, Ben Pearson; potatoe race, 10 entries, 1, J. Will for the next few weeks distribute Genuine Barefooted Bargains to the purchasing public in regular Gatling gun style. The Gatling gun sweeps all before it likewise these barefooted bargains at The City Store. Fall importations have already begun to arrive and room must be made for their reception, and we resolved to charge the Gatling with a double charge and turn the crank with a determination to win a sweeping victory. We herewith give a few quotations to prove the quality of our ammunition and remember that our Gatling holds fifteen hundred just such charges all equally as valuable as quoted :-
