Our Band.

The Citizens' Band, under Mr. Bates, gave an open air concert on the corner of William and Kent streets on Saturday evening. The music was much appreciated.

Lindsay Central.

We have received the prize list and month poster of the Lindsay Central Exhibition, to be held in the town of Lindsay on the 22nd, 23rd, and 24th of September. This is always the best exhibition held in the Midland district. The Society offers \$2,500 in premiums, for which there will be at least a large number of competitors. All entries must be made by noon on the 19th of September. Parties at a distance who require information concerning the show should correspond with Mr. James Keith, Secretary-Treasurer, (Midland Free Press.

Robbery.

On Thursday last chief constable Bell received a telegram from Peterboro stating that a man named Holbridge had stolen a horse and buggy from a Mr. Houston, of Keewau, and that he was last seen driving towards Lindsay. As soon as chief constable Bell received the message he made enquiries at the different hotels and finally succeeded in finding the horse and buggy at Vetch's hotel where Holbridge had left it. Chief Bell then set about to find his man whom he spied in front of the Dairy house where he secured him and marched him to the lock-up to await further orders. Mr. Houston's brother came and took the horse away. Chief Bell is to be congratulated for his quick arrest of Holbridge as he only intended staying in Lindsay a very short while.

Salvation Army.

"The arrest, trial and imprisonment of Capt. Tom Scott and Lieut. John Godfrey, Lindsay, July 1885," is the title of a poem written by Capt. Scott while in prison. Like his predecessor in democratic religion, Bunyan, Scott beguiled his leisure hours by writing the song. His poem of incarceration lasted as long as Bunyan's he might have produced another allegory like the Pilgrim's Progress. The song is in pamphlet form and sells for a few cents. It was revised by one of the young ladies of the army, and, for its kind, possesses considerable merit.

The Army is on the increase and already a power in the town.

Sold Once More.

Our towns boasts of having at all events the handsomest policeman in Ontario. That the modest chief is not to be caught napping may be gleaned from the following: "On Monday, Chief Bell received a notice that an express parcel from Toronto awaited him with 25 cents charges on it. He saw the box and smelt a rat. Some of our town wags had gone on Friday's excursion, so suspecting a sell, Mr. Bell, coolly borrowed a quarter from the one he considered the likely dispatcher and paid the charges. The box contained stones, but Bell is in pocket the box. The wag is out a quarter."

Did She Die?

No she lingered with a terrible cough till she used white pine balsam—87-2.

Roller Skating Rink.

The roller skating rink will be opened on Monday next under a new scale of prices. Gentlemen will be charged 25 cents and ladies 15 cents. Spectators free. Messrs. Kinney & Brennan should be well patronized, as this is the only place of amusement that is now open. The citizens' band will be in attendance twice a week. A series of carnivals will soon take place. Watch for the dates.

Sylvester Works.

The Toronto exhibition has now become the great show of Ontario and may be said to have completely wiped out the old provincial. The latter closed at London last week and few from these parts knew it was going on. With the Toronto one it is different. Everybody goes to it and seems to be going. Our town was not behind any other in this respect. First among the manufacturers of machinery stands Richard Sylvester. He there exhibits the Minnesota chief self-binder, second to none; the Triumph reaper; the front end Canadian mower; the rear end Canadian mower; the Sylvester Sully rake; gang plow; two furrow plow; combination single plow; champion single plow; cultivator; Turnip drill; and the famous Sylvester grain crusher. These are all manufactured in this town and reflect the highest credit not alone on the proprietor, but also on the foreman and mechanics. The value of such an industry to the town, direct and indirect is simply enormous. Every other line of business is benefited by the Sylvester works.

Diamond Dyes.

Hundreds of Packages every color at Highbotham's drug store—87-2.

Ontario Business College.

We direct attention to the advertisement in another column of Messrs. Holday and Johnson of Ontario Business College, Belleville. For many years we have been intimately acquainted not only with those gentlemen, but have had ample opportunity of judging of their abilities and qualifications as teachers. They have the great advantage not possessed by many educators of being first and foremost, thoroughly practical men. To that they have added years of patient study until now their names are by-words in every mercantile house in Canada. The success attending their graduates, too, is in itself sufficient recommendation.

Cough No More!

White pine balsam cures any cough—87-2.

A Footnote Editor.

The editor of a country paper has taken to writing poetry, as the following will show:—"Brethren, is there a man with soul so dead, who never to himself has said—I will my country paper take, both for my own and family's sake? If such there be, let him repent—have the paper to him sent; and, if he'd pass a happy winter, he in advance should pay the printer."

Col. J. McLeod.

We feel certain that the many personal friends of Col. J. McLeod, will learn with pleasure of that officer's promotion to be chief commissioner of police for British Columbia. Col. McLeod was formerly senior major of the 45th battalion under Col. Cubitt, but went on the Red river expedition under Sir Garnet Wolseley, as brigade major. He was honored by the British Government with the Victoria Cross, and St. George and finally assumed command of the North-west mounted police. During recent years Col. McLeod has been one of the North-west council.

The Concert Last Night.

The concert given by the Bainmather family, in the Hall, last night, under the auspices of the Olympic Club of this place, was a rare treat. The wet weather interfered with the attendance, but the proceeds will be small, but that was not allowed to interfere with the programme, which was really first class. The songs were well sung. There were interludes with Scotch songs full of wit and pathos. Mr. and Mrs. Bainmather expect to visit the West, well able to portray the Scotch life and character in song and story, and it is by no means surprising to know that they generally draw large and appreciated audiences. Should they again appear in Port Perry they will be greeted by a full house—[Standard.

Imitation to Flattery.

No man ever initiated a spurious coin, good money only is counterfeited. So it is in Dr. Kergan's case. More than a dozen speculative sharks from Toronto and various other points in the dominion have hoisted their flags as "specialists" and cry out with a loud voice "we are Canadians by birth, education and sentiment; why not naturalize us?" What an inducement to hold out to the sick and the deformed! Because these imitators adopt a similar sounding name, copy Dr. Kergan's advertisements and announce themselves as Canadians, it is not surprising to see the people of Canada who need medical or surgical aid, will turn out by the hundreds to see them instead of applying to old reliable and experienced specialists who can cure them. Health is the greatest of all blessings and there are many who would willingly give their last dollar to obtain it, and these sharks are just the ones to take even the last cent. Beware of them! They care not where you were born, reared or educated or to what political party you belong, when you see one you see the entire of their staff in number and in intellect. Employ only those whom you know from their age, experience and success to be thoroughly qualified to treat in the most skillful and scientific manner all chronic diseases and ailments. In this connection we take pleasure in reminding our readers of Dr. Kergan's surgeons visit to this town, at the Benson house, Friday and Saturday, September 18th and 19th. On Monday the 21st they will be at Bobcaygeon, on Tuesday 22nd at Fenelon Falls and Wednesday at Cassington.

Base Ball Notes.

The Dawsons, of Hamilton, failed to show up here on Monday as they were billed for. They didn't see the error of their staff in number and in intellect.

The Widawakes and Clippers both local teams played a game last week. The Widawakes were victorious.

The Lindsay base ball club went out to Janetville on Friday last and defeated the team of that place by a score of 13 to 2 and an innings to spare. The Lindsay battery did good service, striking out no less than 18 men. McCann, A. McCrimmon, and G. Preston played their positions well as did Gladstone, N. McCrimmon, Sealy and Hungerford. One of the features of the game was a home run made by Lovett, he got a good clip at the ball and brought in three men besides himself. The Janetville club were composed of Bethany men and the best that could be secured in Manvers township. Manager Jas. Graham acted as umpire and vice-president T. E. Bradburn acted as scorer and kept a correct record to both sides, the following is the score by innings:

Janetville 0-0-0-0-1-0-0-1-2

Lindsay 0-0-0-0-0-4-4-0-13

Attendance about 300.

As we go to press we receive an account of the Lindsay vs. Peterboro game which was played yesterday. Lindsay won the game quite easily. Score by innings—Lindsay, 4-0-0-2-0-1-0-0-11; Peterboro, 0-0-0-0-0-0-0-4. Base hits, Lindsay, 8; Peterboro, 0; umpire, Geo. Dennison. Attendance, 200.

Janetville team was composed of Bethany players and quite a number of the old Manvers Central club. Capt. James Wilson procured the strongest team that could be got together in Manvers township.

We believe Little Britain will be in to play Lindsay next week.

The Lindsay club would like to hear from the Bethany base ball club.

Our contemporary in a seeming attempt to work up a "fever" last week cannot conceal his uneasiness. "Let those laugh who win" is our motto. The young scribe of the Post wishes one to infer that the secrets of the Liberal-Conservative association are known in that office. We earnestly hope our valued contemporary will make a desperate effort to preserve his equality. When the Conservative association wants his assistance, advice or influence, we doubt not, but from a proper respect therefor, engraved in gold will be presented to him. Meanwhile, we humbly beseech our worthy friend to possess his soul in patience. The WARDER is not written for the sole purpose of pleasing those at the east end of Kent street. Our endeavor is first to please ourselves, then the great Liberal-Conservative party of Victoria and North Durham. That we have not altogether succeeded in pleasing ourselves, is not surprising, when one considers the great amount of work performed in our newspaper; but it is indeed gratifying to know that the Liberal-Conservative party both individually and collectively endorse our course. "The proof of the pudding is in the eating." Although some eight or ten names have been dropped, we hope only temporarily, from our list, there has been an increase all round in the circulation of THE WARDER of nearly 100. There are voluntary subscribers the best kind to get. In fact we are more than pleased. Upwards of twenty new names were added this week from a district that trades largely with Lindsay. We hope the Post scribe may continue his motion. That is just the kind of thing we like. The readers of his paper will not be long in knowing he has a sore spot, when he scratches so vigorously. Keep it up dear friend; keep it up. We want another twenty this week.

Ruptured and Deformed people should not forget that CHAS. CURTIS, the celebrated Surgical Mechanic, of 115 King street west Toronto, will be found at the Benson House, Lindsay, Tuesday, Sept. 29th. Mr. Chas. Curtis has obtained a wide spread reputation for the cure of rupture and deformities by mechanical treatment; and he knows all over the Dominion as a man of every rare ability and skill. Few have mastered this difficult Profession as thoroughly as he has, and certainly none have obtained public fame and confidence as rapidly. He deserves his success, and gives you a call if you require anything in his line.

Chicago Excursion.

A cheap excursion to Chicago, Detroit, Cincinnati and other points will be run from Lindsay on Friday 26th inst. For tickets apply to F. C. Taylor, ticket agent, Lindsay.

Personal.

Messrs. James and S. Preston, of Bethany, spent a few days this week in our town.

Mr. J. R. McNeill, of the county office, has returned home from a trip to Western Ontario.

Miss Johnson, of Resbore, has gone to Toronto to visit friends. She expects to return in a few weeks.

M. R. Naylor, of Toronto, is home among friends for a few days. He was once a resident of this fertile district.

Miss Addie Totten arrived home from Toronto last week, where she was spending a few days with her many friends there.

Mr. Brown proprietor of the Lansdown roller rink, Peterboro, was in town on Wednesday and enjoyed a pleasant skate on the rink.

Mr. H. Thompson, representing Warwick & Co., and Mr. J. Spence, for Gage & Co., books and stationery, were in town last week.

Major Hunter, of Cameron, left on Saturday morning last for Kingston, to join his battalion, the 47th, preparatory to going into camp.

Mr. and Mrs. C. E. Vetch arrived home this week from Rochester, where they have been spending some holidays with their many friends.

Frank Spence, Esq., of the Canada Circuit, passed through Lindsay en route to Peterboro last Saturday evening. He goes to assist in the Scott act campaign.

Mr. W. Pratt, who was in "C" company, Midlanders, in the North-west, is in town visiting his many friends. Mr. Pratt leaves for Rochester soon, where he has accepted a good situation.

We congratulate Mr. John Morrison on his once more being gazetted among the 45th battalion officers. He will be both ornamental and useful in the battalion.

Gilbert Jarline, Esq., of Rottie's Station, is at present engaged reconstructing his barn, which was destroyed by fire in Durlington township, near Bowmanville, recently.

Miss E. A. Sykes, who has been a visitor with Mrs. Dr. McAlpin, has returned home to Toronto. She left on Saturday evening, taking with her Mrs. McAlpin's daughter, Mabel.

Mr. T. G. Wilson, of the Dundas Standard, is at present on a flying visit to the paternal roof in Lindsay. He formerly resided here and was a member of the WARDER staff in Mr. Flood's time.

Miss Kate McKellar, formerly milliner for D. Ray & Co., stopped here a few days last week, to see her many friends. Miss McKellar has accepted a good situation in Nanapan, for the coming season.

Wm. Maxwell, Esq., of Head Lake, has been appointed to the responsible office lately held by Mr. D. Staples, of Norland, deceased. From all accounts Mr. Maxwell will prove the right man for the position.

J. A. Tanner, M. A., the able headmaster of Oneness, was in town on Saturday, arranging for the opening of the new educational buildings in that village. The opening is described in other columns.

Messrs. Smith and Macdonald, teachers from Argyle and Eldon, visited Lindsay last week. Mr. Macdonald was successful in passing a distinguished examination at the Toronto Normal school last June, receiving special mention.

Mr. J. Walsh, Esq., clerk of the municipalities of Carden and Dalton, was in Lindsay last Saturday. If the men from the northern townships of Victoria are all of the superior mould of those it has been our good fortune to encounter, then must that county prosper.

Wm. Taylor, Esq., the popular reeve of Carden and Dalton, passed through Lindsay last Friday on his way to visit a sick sister at Irish Creek, on the Brockville branch of the Canadian Pacific railway. Mr. Taylor crops in his district to be fully up to the average, even after allowing for a failure of spring wheat.

Mr. Joseph Keele, one of "C" company, Midlanders, has been made happy by the receipt this week of a military certificate—one from the Royal School of Gunnery, Kingston. Mr. Keele attended there before going to the north-west; but only since his return was the certificate issued. He is now competent to command a company.

Mr. W. H. West, accompanied by other members of the Toronto Bicycle Club, passed through Lindsay last Saturday en route to Peterboro and the east. We regret being absent when Mr. West called for the "shake" of an old acquaintance, especially an old pupil, always makes us feel happy.

When in Europe this summer Mr. Dundas, M. P., was accompanied by his daughter, who, while her father was engaged in business, made a tour of France, Belgium and Germany, in company with the two Miss Whites, daughters respectively of the Hon. T. White, Minister of the Interior, and J. White, Esq., proprietor of the Montreal Gazette, after completing his business engagements Mr. Dundas rejoined the young ladies on the continent.

Mr. Frank Bleakley, C. E., his two sisters, of Bowmanville, and Miss Crinson, of Port Hope, returned homeward from the romantic summer resort of the eastern townships of Sturgeon Falls. The company expressed themselves delighted with Bobcaygeon and the people. They spoke in eulogistic terms, too, of the hotel, the Fremont House, where they boarded. Mr. Bleakley goes west immediately in charge of a surveying party.

Miss C. A. Ellis, who has been visiting relatives in Minneapolis and Shakopee, Minnesota, for some months, has returned to the Lindsay vicinity. Miss Ellis expresses herself as better satisfied than ever with Ontario. The cyclone in Minnesota this summer was very numerous and caused much damage. For hours preceding a storm our informant states there would be an almost complete nervous prostration, very trying. This fact no doubt explains why the western climate, so healthful for persons troubled with consumption or dyspepsia, is so trying on those afflicted with nervous troubles.

NEVER SINCE THE FLOOD

When the old man Noah drove the animals two by two into the Ark for protection has Dry Goods and Clothing been so cheap and so handsome as they are for the Fall of 1885, and never since Adam was a boy has there been such a large and well assorted stock in Lindsay to make your selections from as is now within the four walls of the City Store. We are as full of bargains as the victorious politician is full of votes on election day. We therefore without the least equivocation, hesitation or mental reservation of any kind proceed to give you some unadulterated pistol grip advice, or in other words pour some wisdom into your ear. To begin, times are hard and money is tight, therefore it behooves everybody rich and poor alike to be economical and tight fisted, and to exercise wisdom and foresight in expending money to the best possible advantage in purchasing the actual necessities of life. The question then arises what are the actual necessities of life without indulging in luxuries? Actual necessities are food to eat and clothing sufficiently heavy and warm to protect you from blizzards and things which during our long Canadian winters are always on the alert for victims, consequently they are treacherous foes and stab you the more severely when you are least protected hence the necessity for armor that will protect you from the attacks of Jack Frost.

We therefore warn you in time to prepare for the enemy and would advise that you equip yourself thoroughly well and at once in the City Store accountments and blizzard protector garments at prices that will knock the blizzards cold and drive you wild with delight.

Our 25 cent Grey All Wool Flannels are such prime value that actually people are hungry for them. Our stock of Ladies and Gents all wool underclothing is simply immense while the prices are ridiculously low. Heavy all wool and Union dress goods and ladies cloth suitings in great variety. Roman Stripes in Pushes, Silks, Velvets and Shirtings, Salisbury and Gladstone Flannels the noblest goods of the age.

We are the fashionable Merchant Tailors of Lindsay and take special pride in serving our patrons with style, fit and finish that cannot be duplicated and our stock of foreign and Canadian Tweeds and Suitings is ample and complete.

We cordially invite a visit from you.
