## GRAND Colonial Exhibition in London,

ENGLAND, 1886.

*FIFTY-FOUR THOUSAND FEET RESERVED FOR CANADA.*

**First Royal Exhibition Commission since 1862.**

THE COLONIAL and INDIAN EXHIBITION to be held in LONDON, England, commencing MAY 1st, 1886, is intended to be on a scale of great magnitude, having for object to mark an epoch in the relations of all the parts of the British Empire with each other.

In order to give becoming significance to the event, a Royal Commission is issued for the holding of the Exhibition, for the first time since 1862; and His Royal Highness the Prince of Wales has been appointed President by Her Majesty.

The very large space of 54,000 square feet has been allotted to the Dominion of Canada by command of the President, His Royal Highness.

This Exhibition is to be purely Colonial and Indian, and no competition from the United Kingdom or from foreign nations will be permitted, the object being to exhibit to the world at large what the Colonies can do.

The greatest opportunity ever offered to Canada is thus afforded to show the distinguished place she occupies, by the progress she has made in Agriculture, in Horticulture, in the Industrial Arts and Fine Arts, in the Manufacturing Industries, in the Natural Industries, in Mechanical Mechanical and Inventive, in Forest Woods by Models and Designs; also in an adequate display of her vast resources in the Fisheries, and in Power and Mineral wealth, and also in Statistics.

All Canadians of all parties and classes are invited to come forward and vie with each other in endeavoring on this great occasion to put Canada in her true place as the premier colony of the British Empire, and to establish her proper position before the world.

Every farmer, every producer and every manufacturer has interest in assisting, it having been already demonstrated that extension of railways follows such efforts.

By order
JOHN LOWE,
Sec. of the Dept. of Agriculture.

## True Love Can Ne'er Forget.

"It is related of Caroline, the Irish bard, that when deprived of sight, and after the loss of one of your, he complained like that love by the touch of her hand. The harp's many cords Bridget Cruise, and though she can scarcely make it answer to the melody as formerly, it answers who can!' Inspire such a passion."—*Songs and Ballads.*

"True love can ne'er forget;
Fondly as when we met,
Dearest, I love thee yet,—
My darling one!"
Thus sang a minstrel gray
His sweet impassion'd lay,
Down by the ocean's spray
At out of sun;
But wither'd was the minstrel's sight,
Morn to him was dark as night;
Yet his heart was full of light
As he his lay began.
"True love can ne'er forget;
Fondly as when we met,
Dearest, I love thee yet,—
My darling one!"
Scarcely the minstrel spoke
When quick, with flashing stroke,
A boat's light oar the silence broke
Over the sea;
Soon upon her native strand
Doth a lovely lady land,
While the minstrel's love-taught hand
Did ever his wild harp run—
"True love can ne'er forget;
Fondly as when we met,
Dearest, I love thee yet,—
My darling one!"
When the minstrel sat alone,
There, that lady fair hath gone,
Within his hand she placed her own—
The hard drop'd on his knee;
From his lips soft blessings came,
He kissed her hand with truest flame,
In trembling tones he named—her name,
Though her he could not see.
But oh!—the touch the hand could tell
Of that dear head, remember'd well,—
Ah! by many a secret spell
Can true love find his own!
For true love can ne'er forget;
Fondly as when they met,
He loved his lady yet,—
His darling one!

## *MOUNT HOREB.*

*Special to The Warder.*

ACCIDENT.—Mr. R. Southam's young daughter, four years old, happened with a very severe hurt, caused by the kick of a colt, receiving a very ugly cut in the forehead, leaving the skull bare for quite a space, also bursting the roof of the mouth. But under the skilful management of Dr. McAlpine, we hope for a speedy recovery.

A GAME between the two foot-ball clubs, 14th of Manvers and Mt. Horeb, was be played on Saturday, Oct, 3rd, on the Mt. Horeb grounds.

PERSONAL.—Mr. David Hart, of this place, showed his celebrated boar (Chester White) at the central show held in Lindsay, taking first prize. This speaks highly for Mr. Hart, as he spent time and money procuring this kind of hog. Mr. Southam also took a high stand, taking first for mare and foal and second for foal. This, too, speaks well for Mt. Horeb.

HARVESTING is about wound up. About time, we should say.

MESSRS. Tunis Hart, J. and R. Lees are out threshing, doing first-class work, highly spoken of by everyone. The young men deserve much credit.

## *JANETVILLE.*

*Special to The Warder.*

WHEN Mr. Robt. Johnston was returning home to the Midland district after performing his annual drill at Kingston, he was met in Lindsay with a telegraphic dispatch, stating that one of his children had died in his absence, and was on its way to Janetville cemetery for interment. So he had to wait for the remains of his dead child and return to the place of interment with a number of sympathizing friends, who went to Lindsay to shew their sympathy for him.

SCHOOL.—The trustees of the Janetville school have secured the services of Miss Finney, of Lindsay, to preside over the junior department of their school for the remainder of the year, the school being so large that Miss Beaver, who has charge of the senior classes, was unable to control the school and do justice to all.

HYMENEAL.—Our young friend, Sergt. Arthur McNeil, of the Millbrook cavalry, has taken to himself a wife in the person of Miss Mary A. Graham. We extend to them the usual congratulations, hoping that their union may be a happy one.

MR. D. Lavery's business as a general merchant has so improved that he has to employ a clerk, in the person of Mr. Mat. Simon, in addition to his own help.

POTATO ROT.—We regret to have to announce that the potato rot is becoming more general than was at first thought, a large number being found totally unfit for use.

THE SHOW.—The Somerville show was held at Coboconk on the first two days of this month, and as usual was a good one. Our teacher, Miss Meagrove, exhibited several specimens of her handiwork, and obtained a number of prizes; but some of her exhibits were of such merit that the overwise judges decided that they could not have been made; they must have been bought, and refused a prize on those grounds. They did not, so far as we can learn, venture an opinion how the exhibits came into existence before being bought. We suppose they imagined they grew; but they were mistaken, as the articles in question were really the work of Miss Musgrove. The directors of the society should get judges that know something.

MR. Hodgson rejoices in the possession of a young son.

NEARLY AN ACCIDENT.—Mr. Jas. Rettie got caught on the tumbling rod of a threshing machine and the trousers taken off him about the quickest he ever had, and was left as naked as a peeled oak.

GONE NORTH.—Messrs. E. Wheeler, T. Petch and J. Jeffers have gone to the lumber camp north of Haliburton.

## *CAMBRAY.*

BUILDING.—Our respected merchant, Mr. E. J. Lytle, is busily engaged in building an addition to his store, in the shape of a brick structure. Increase in business demands an extension.

MEETINGS.—Our Presbyterian friends are having a series of Evangelistic meetings. Mr Campbell, a student from Knox college, was assisting Mr. Patterson last week.

STORE.—Mr. Fair, who has been working at Berkeley's mill for some time past, contemplates, at the earliest opportunity, opening out a general store in the stand formerly occupied by Mr. Smith. We wish and bespeak for him a large share of the public patronage.

RESIGNED.—Mr. J. C. Rogers has resigned the headmastership of our school, he having decided to attend the Collingwood collegiate institute, to take up the arts course.

## *FENELON FALLS.*

*Special to The Warder.*

THE hunt club has gone to Hoey's island for a few days to look for a number of deer that have been seen there lately. It is understood that the game caught on Sundays will be given to the resident ministers. We trust they will not mistake the editor of the Gazette's pony for a fawn and "down it."

THE water of Cameron lake has not been so low for many years. It wants a change of government.

THE new school house in the south ward is about completed. It is a handsome stone building and is a credit to the village.

THE canal up to the stop logs above the first gate is full of water. The work is finished as far as the digging and building is concerned.

MR. and Mrs. Glanville, of London, formerly of Fenelon, were visiting their friends here last week.

REEVE McArthur is around town as usual, having "laid up" the steamer Coboconk for the season. We learn that Mr. McArthur intends buying grain during the fall and winter. He is an experienced hand and will no doubt make it a success

## *ISLAY.*

*Special to the Warder.*

ACCIDENT.—On Wednesday, 23rd inst. a rather serious accident happened to a person of the name of Mrs. Risden, who resides near Woodville. It appears that on her return home from the Lindsay Central the horse, taking fright at an object on the side of the road, shied and made a sudden turn, running upon a large pile of rails that lay upon the roadside, when upon Mrs. Risden fell backwards, where she lay for some time under the vehicle, unable to extricate herself until assistance arrived. She was carried in an almost senseless condition to the residence of Mr Alexander Carmichael, where her wants were kindly attended to. Dr. Ray, of Cambray, was immediately summoned, when it was discovered she had sustained severe internal injuries. Her lungs are badly shattered and bruised. She still lies in a precarious condition.

THRESHING MACHINE.—Messrs. Isaac and Thomas Maynes have purchased a new threshing machine from the firm of Hamilton & Co., Peterboro, at a price of $350. They purpose making a big season. We wish them success.

SPORT.—The sporting season has fairly commenced. Our local nimrods are on an investigating tour on the waters of Balsam lake. Messrs. D. Tolmie and D. C. Smith on Tuesday morning last succeeded in bringing to terra firma a number of the "feather fraternity." A deer was noticed by the Balsam Lake sportsmen rambling through the surrounding meadows. We predict a speedy capture.

PERSONAL.—Mr. Angus McFadyen has been on a tour to the cities bordering on the great lakes, visiting friends and acquaintances and attending to other business of minor importance. He reports a pleasant voyage.....Miss Graham, of Toronto, is at present on a lengthy visit to friends and relatives in this locality. Mr. Craig, of Carleton Place, is on a visit to old friends in this section.

RESIGNED.—Our teacher, Mr. D. C. Smith, has resigned the mastership of our school for the ensuing year. Although offered an increase in salary he could not be induced to remain, having decided to attend the Collingwood collegiate institute to study for a higher grade of certificate.

PRIZES.—We notice that a large number of prizes were carried off at the Glenarm fall show by the residents of this section. We commend their enterprise and congratulate them on their success. The principal exhibitors from this point were Messrs. H. Graham, J.
