#### COBOCONK.

Services were held in Christ's church last Sunday evening for the first time in the evening since Rev. W. H. A. French took charge. The church which was brilliantly lighted by the new chandelier costing \$16, was crowded to its utmost capacity. The subject was light and darkness a contrast, and was eagerly listened to by the large audience and evidently made a deep impression.

Mr. Gould's mill has shut down two weeks ago for the season. He regrets that he shut down so early, but judged that the river would soon be frozen up.

Mr. Revel has started his new shingle mill which is doing good work. He intends to run all winter. This will give Cobococok a little.

#### NAVYERS.

A LARGELY attended and most enthusiastic meeting of the Navyers Conservatives was held in Bethany on Wednesday last. Notwithstanding the rain and almost impassable state of the roads every ward in the township was well represented. Stirling speeches were made by Messrs. Clarke, C. H. Bennett, M. P. F., McCartney and Preston. Committees were appointed in each ward, to look after assessment rolls, etc. The following officers and delegates were unanimously elected:—President, Robert Touchburn, Sr.; 1st vice-president, John C. Williamson; 2nd vice-president, Thomas O'Brien; secretary, J. J. J. J.; treasurer, Charles Reynolds; delegates, Messrs. Major J. Hughes, J. H. Mahood, W. H. Ferguson, James Clarke, Robert Thornley, Andrew Berson, Johnston Morrison, George McCartney, Robert Grandy, James Leslie, John Cairns, Benjamin McGill, Sr., Francis Fenning, David McNeil, Robt. Touchburn, Jr., John Vance.

#### PETERBORO.

Y. C. A.—On Thursday evening the junior Conservatives in Peterboro formed an association called the Young Men's Liberal Conservative Association. The following is given as the list of officers:—Honorary president, John Carnegie, M. P. P.; president, George W. Hatton; vice presidents—1st ward, John Corkery; 2nd ward, G. W. Hall; 3rd ward, J. O'Meara; 4th ward, James Kennedy, Sr.; corresponding secretary, E. A. Park; recording secretary, W. J. Minor; treasurer, Arthur Stevenson.

On Thursday Mr. H. Kay Coleman, principal of the Peterborough public schools, handed in his resignation to the secretary of the board of education. Mr. Coleman tendered his resignation on receiving an offer of \$1,000 a year from the board of education at Port Arthur, which position, if the board accept his resignation, he will accept. Mr. Coleman's resignation was quite unexpected for, and his many friends will regret to see him leave Peterboro.

#### FLEETWOOD.

MARRIAGE IN HIGH LIFE.—Mr. Robt. Grandy our esteemed teacher and council man has taken to himself a partner for life. He was married last week to a young lady from near Cobococok and is now settled in his new home near the Brick Corners. He has the good wishes of the community.

BOYCOTTING.—We were surprised to see the boycotting of THE WARDER. What was it for? There was nothing in the article that any intelligent person could take offence at. Let THE WARDER not fear for one that's lost there will be ten gained. As long as THE WARDER states and upholds the truth it will be supported by honest intelligent men.

There are numbers around here going to subscribe for it now that did not do so before. THE WARDER don't cringe or flinch like some of its contemporaries that are now crying over the death of Riel and hurting themselves at Sir John A. Macdonald which a short time ago when they thought Riel was going to get off over the horizon the other way. It is too this People's party can see into it. Go ahead WARDER you will be supported.

#### NAVYERS—ON LINE.

FARMERS in this vicinity are almost through with their fall ploughing. It has been announced that Mr. J. P. Power, of Janville, will preach a mile square on Sunday the 29th inst., at 2.30 o'clock.

A NUMBER of the Sabbath school scholars of this line met together at the residence of Mr. G. G. Gillis, where they presented Mr. Gillis with a silver cross and a glass case, as a token of their gratitude to him for the faithful services which he had rendered in the Sabbath school.

Mr. Silas Beer has just completed the building of his handsome residence. Mr.

Beer has just returned home after being away for some time visiting friends in distant parts.

Mr. Galloway some time ago invited a number of young people to his place, with the understanding that they were to have apples. On arrival at Mr. Galloway's the young folks were surprised when, instead of parsing apples as they intended, they received a very cordial invitation to the barn, where they danced until the small hours of the morning.

ONE MORE.  
[From the Herald.]

SUPPER.—A very pleasant gathering of about sixty citizens and others sat down to supper at Mr. John Young's hotel on Wednesday evening, the 19th inst. Mr. Sam. Wainwright, of the Lindsay WARDER being the guest of the evening. After the supper had been done the good things provided by mine host, the cloth was removed from the table when songs, speeches, toasts and recitations were the order of the evening. Mr. J. McNeely was unanimously called to the chair as well as Dr. Morris. The vice chair, after short witty addresses were made by chair and vice chair, the toast of the Queen was duly honored, the next toast was the Army and Navy and Volunteers which was responded to by Capt. Evans, Hughson and Lieut. Morrison. Songs interspersed by Lieut. Morrison and Parsons. The next toast, the Legislature, which was responded to by Mr. Thos. Stephenson in his usual witty and pleasant style. The County and Municipal Corporations Toast was coupled with the names of Dr. Norris, councillor Laidley, Mr. Neill and others who responded in good style. The next toast was the guest of the evening, which brought Capt. Sam Hughes to his feet; who gave a short review on literature and education from the oldest times to the present, showing the rapid progress in improvements in every department of art, science and manufactures, &c. &c. The Capt. also spoke on the volunteers, who, he said, were always ready and willing to do their duty for Queen and country.

The next toast, the agricultural interest, which was pleasingly responded to by Messrs. W. Adams, J. Johnston, Matland, Sanderson and others. The next toast, the mercantile and manufacturing was nobly responded to by Messrs. P. Jones, Cunningham, Stephenson, Laidley, Jewett, Dr. Mann, Sandy, Clarke and others. The next toast the learned professions and education was splendidly responded to by Dr. Norris, and Mr. Tanner. The Press by J. A. Calder and Capt. Hughson. The ladies were the next, which was duly honored, and the party broke up about 12 o'clock. This was a very pleasant and interesting meeting and we hope to see many of them through the season.

CANNINGTON.

REINSURE CHANGES.—Mr. Robert Sinclair has purchased the Loan and Insurance business comprising some of the best companies from Mr. George Horne. The many friends of the former gentlemen will wish him success in his new undertaking.

MASONIC.—On Wednesday evening last at the regular meeting of Brock masonic lodge the following officers were duly elected for the ensuing term, viz:—Dr. Harr, W. M.; Thos. Laughlin, S. W.; Joo. Houston, Treasurer; M. L. Netting, Secretary; Geo. Scott, O. T.

PERSONAL.—Mr. Hugh Bailey, of Colborne, at one time clerk in the Standard Bank was in the village this week calling on old friends who were very pleased to meet him again.

THE BEAUTIFUL.—On Sunday last there was a considerable sprinkling of the beautiful which covered our Mother Earth with a mantle of dazzling whiteness; but not for long, as all had disappeared by Monday evening, leaving the roads in a condition that can be better imagined than described to the great discomfort of the travelling public, the unsatisfactory aspect of business men and the consequent loss of the open winter, dead and prophetic.

FALL ALARMS.—On Friday evening last the inhabitants of the village were startled at the ringing of the fire bell by some idiotic individual, there being no cause for the same; no doubt it was considered a great joke and exceedingly funny by the population. We do not know what the law provides for this offence but if he were sent down to gaol with hard labor for three months he would perhaps consider it advisable the next time the fire bell comes on to try something better appreciated by the community than the ringing of fire bells.

MARRIAGE.—Notwithstanding the bad condition of the roads considerable grain has been brought to market during the past week. Prices are about as follows: Spring wheat 55 cents; fall wheat 50 cents; barley No. 1, 75 cents; barley No. 2, 67 cents.

CURIOUS RE-OVERTURE.—The Method

ist church having been closed for some time while additions were being built to the same was re-opened for divine service on Sunday last. The officiating ministers were Revs. M. L. Pearson, of Lindsay, Wm. Burns, of Peterboro. The collection at both services was in aid of the Trust fund. On Monday a tea meeting was held which was largely attended after which addresses were delivered by the Revs. M. L. Pearson, W. Burns, J. B. McLaren, A. Martin and others.

SCIENTIFIC.—On Wednesday next Prof. Keen gives one of his popular exhibitions and lectures on electricity. An entertainment so instructive should be well attended.

#### HEAD LAKE.

[From the Herald.]

AN EXHIBITION.—We were honored on Friday evening the 13th inst. by the visit of a young professor of dancing hailing from Cobococok. This young gentleman armed himself with a first class fiddle and a caller—so that there would be no obstacles in the path of pleasure all night; but also when they came to the appointed spot imagine his surprise to find that none of the gentler sex put in their much desired appearance. The exhibition has been postponed till some 6 inches of the beautiful has fallen. We hope the next to be as grand a success as this one was a failure. All young gentlemen in future will please note that the young ladies around Head Lake will not walk through the beautiful mud to such like exhibitions.

We hear of some couple wedding as soon as the beautiful comes. We hope to see about 6 inches some early morning.

#### POWLES CORNERS.

[Special to The Warder.]

ACCIDENT.—Mr. John Gilles met with a rather serious accident. He was plastering being in an elevated position when he fell some reason fell breaking two ribs. It is progressing.

PERSONAL.—Mr. J. B. Powles, teacher, is again hired by section No. 5, Fenelon. Mr. W. Styles is again going to his farm in the spring. Mr. John Sims is visiting north of Minden.

SOCIAL.—Another basket social. Very successful. The scene of the event was at the residence of Mr. W. McWalter. Proceeds amounted to \$15. A good time, everybody highly pleased. The latter part of the evening was spent in general social intercourse. Every one seemed in their highest spirits. The conversation was gay, quick and witty. The amusements, the playful tones and the clear laugh blended deliciously. Every one seemed to talk because they could not help it. Then came the sale of baskets and owing to wise selections of an auctioneer in the person of Mr. Francis Fyke the baskets brought a good price and was productive of a good deal of innocent merriment. A gentleman secured his basket he went in quest of his lady companion as the fates had decided. After the sale and when the baskets had been relieved of their burden, came the literary. Physical wants supplied; the mental were administered to. A very interesting and spicy programme, a mingling of the humorous, the beautiful and the pathetic was then rendered. Among those taking part were—Mr. W. Cullis gave a recitation in which there was a very skillful blending of the pathetic and the humorous. Mr. Cullis rendered it exceedingly well. We hope we have not heard him for the last time. Then followed Mr. Fyke, the humorous auctioneer in a pithy speech in his own happy and inimitable style. Miss Cullis then gave a recitation which was the embodiment of the pathetic and sublime. Miss Cullis possesses the power, the source of which we will not just now investigate, even in the social circle of making everybody with whom she associates happy. Before her audience she is more powerful and on the occasion referred to transferred her audience to the realms of the sublime and pathetic and there impregnated with them all impressions were made which time will not soon efface. We would be very much pleased to hear Miss Cullis render Moore's "When I first met thee." A song by Miss Etta Brown formed the next part of the programme. Miss Brown has a sweet and well cultured voice over which she has complete control. To at least one she has completely won the name of Jenny Lind was present. Next a recitation by Mr. J. B. Powles. He is an adept in rendering the Irish. His recitation so excellently given sparkled with wit and humor so natural to the scene that it will not soon efface. Others who contributed to the entertainment and who would receive more notice but for want of space were Miss Powles, Miss Bella Brown, Mr. J. Elery, etc. The entertainment closed by singing "God save the Queen."

SOCIAL.—A basket social will be held on Tuesday evening, December 1st at the residence of Mr. John P. Gow, Fenelon. A literary and musical programme is expected. An excellent time anticipated.
