MACYARD'S YELLOW OIL... FREEMAN'S WORM POWDERS... HACHYARD'S PECTORAL BALSAM

The Victoria Warder

FRIDAY, MARCH 12, 1886. PLEASANT VALLEY. FARM BOUNTY.—Mr. I. G. Moynes has purchased that well known farm of Mr. Neil Macdonald's for the sum of \$3,000 showing us clearly that Mr. Moynes knows nothing of hard times he being the owner of 800 acres of the best land in Fenelon.

ROBAYGOON. FARM BOUNTY.—The Robaygoon brass band gave a concert in Kinmount on Friday evening last. They all say they had a good time and were well received, but owing to the cold the hall was not as well filled as could be wished for.

KIRKFIELD. Mr. Hector McEaton will start in a few days for southern Manitoba where he has a large farm. He has it rented and he wants to see that everything is all correct. He will then proceed to the Rocky Mountains where he will superintend the building of snow-sheds for Messrs. McKenzie and McDonald. Mr. Thomas Merry will also proceed westward in a few days. He intends taking a contract of supplying timber for the snow-sheds.

DOUBLE DOUBLE WEDDING.—On Monday February 23rd Miss Annie Merry daughter of Mr. John Merry, of the Portage Road, and Mr. John Merry, Jr. eldest son of the same were united in wedlock to William John Mitchell and Bridget Mitchell respectively. The latter are son and daughter of the late Charles Mitchell, of Eldon Station. By some mysterious process in arithmetic Father McCloskey of the R. C. church at Victoria Road succeeded in making two of the foregoing four. There is a brain-twister for the readers of the Mail to solve. This interesting ceremony was performed in the R. C. church in the morning then the wedding guests returned to Mr. Merry's where they partook an excellent dinner. In the afternoon they drove to Mr. Mitchell's where they enjoyed a refreshing tea specially prepared for the occasion. In the evening they returned to Mr. Merry's where there were about 120 guests assembled. Everybody danced till old Sol appeared above the horizon on the following morning when the party the wedding party excluded dissolved by mutual consent and dispersed to their several homes more than satisfied with the party. On the wedding day a large number of the old people assembled at Mr. Merry's where they partook of an unusually good dinner. We take this opportunity of extending our congratulations to the foregoing parties wishing them health, wealth and that

almost invariable blessing prosperity. Mr. Patrick Byrne, son of Mr. Michael Byrne of this neighborhood is visiting his native home at present. During the last eight years he has been pushing his fortune in Winnipeg where he has been very successful having already succeeded in accumulating a snug fortune. He is now in partnership with his brother Dommen who has also been very successful. He is now engaged in purchasing two car loads of horses which he intends taking to Winnipeg. He will start on his return journey about the 10th of March.

MANSEVILLE. OBITUARY.—We regret to announce the death of Mrs. Albert Ashman of Hartley last Monday at her father's residence here, at the early age of 23 years. Her death was not unexpected.

Mrs. Ashman was daughter of Alex. Macpherson, Esq., of this place. She had been married only a year and was most highly respected, her funeral being extremely large. A husband and infant daughter remain to mourn her loss.

PURCHASE.—Mr. J. C. Smith has purchased a grade Durham bull from Mr. Neil McDonald.

RENTED.—Messrs. Tippard and Oatman of Reach have rented Mr. Neil McDonald's 200 acre farm for a period of years, for \$440 yearly. Mr. McDonald will erect a large frame barn with stone foundation, stables, &c., for his tenants next spring. We welcome both these gentlemen to our locality.

FULFILL.—Rev. Mr. Gilles of St. Andrews here and Rev. Mr. Watson of Beaverton exchanged pulpits last Sunday.

VISITING.—Mrs. W. Murray of Salem, Illinois, recently visiting her sister Mrs. Geo. Campbell of Woodville. She has visited her many friends in this section.

The founder of Manseville, Mr. Wilson, is here on business and pleasure. May he be successful.

SHIPPING.—Mr. Wm. McKee is shipping a car load of rails this week to the western markets.

THINGS we would like to see..... The Government to give us a post office here..... A good shoemaker would do well here.

TOWNS lots for sale here.

MANVERS. Special to The Warder. As Mr. Orris Magill was returning home from the post office the other evening the horse ran away and threw him off, and he had a narrow escape from being killed.

The population is on the increase. The wife of Mr. John Vance gave birth to a young daughter. Mother and child are doing well. Long John thinks he will have to put an addition to his house. The question is who will be the architect?

Mr. A. Minty, our esteemed neighbor, has left off farming, and is going to reside with his son-in-law Mr. F. Beamish.

Mr. Robert Hannah and wife paid a visit to Lindsay, and we suppose from the length of the sleigh that they brought home they had half of Lindsay in it. I dare say Sootheran & Co profited by the visit as spring is returning, and his lordship and lady will want new spring suits.

Thos. Galloway, the great professional clock cleaner, has just returned from an extended tour through Cartwright and Port Perry. Judging from his remarks he is rushing a lively business. We believe Mr. Galloway is a man up in his profession, and will get clocks to clean wherever he goes, as Mr. G. is a great favorite among the fair sex.

THINGS are hard, but it does not prevent a great many of our young folks from launching out into the matrimonial sea.

ISAAC Richardson, of Millbrook, paid our village a visit. He is buying up a lot of cattle to send to Montreal. Poor prices. The wail of every one is hard times.

This cold snap must be the cause of so many weddings. The Burlington correspondent of the West Durham News in last week's paper makes mention of a possible railroad to Bowmanville from Burlington and a canal from Scugog to Burlington. Now for my part I cannot see the feasibility of a road to Bowmanville and a canal to Burlington. What would be of far more use in my humble opinion would be a railroad from Caesars to Burlington through Williamsburg connecting the C. P. R. and the back lakes thereby taking a large amount of trade from the Grand Trunk. This new road would be the making of Williamsburg, it being situated in the centre of a splendid grain growing country a good grain market would be opened here being able to cope with any market in the province. I would like to hear the opinion of anyone who may be interested in this matter.

Quite a few farms are changing hands this spring. Mr. Colin Millar intends to leave the McEachern property after his sale on the 22nd; we hear Mr. A. Carmichael moves in. Mr. Best moves on to the Ray farm in a few days. Mr. Rattanberry, from Sonys, has leased the farms of Mr. Neil McDonald, on the 4th con. Besides these there are a couple of farms in town as yet done nothing with.

Mr. Wm. McKee is delivering a large quantity of rails—and fine ones too—here for shipment to the front, where he obtains good prices.

Mr. Rear, who has been very ill in, we are glad to be able to state, recovering.

A large congregation assembled in the schoolhouse here last Sunday to listen to an eloquent discourse by the Rev. Mr. Watson, of Beaverton.

We are expecting a wedding on the 3rd, and another on the south end of the 4th, if our eyes do not deceive us, and the gods are propitious.

Our license inspector did not appear to good advantage lately. He has been engaged in prosecuting a Mrs. Young, of Portage Road. After summoning witnesses twice he failed to prove that she had been dispensing the "fiery fluid" contrary to law. We would advise our Mr. to be more careful in future when he prosecutes without having some proof to offer. It would be a good idea if he could make arrangements to pay those whom he brought from a distance without putting them to more trouble.

Lorneville is now the only barley market open in the west. The farmers of that locality should thank Bob for that.

There appears to be a great deal of destitution prevailing in this part of the county. It will be a blessing to many when old mother earth puts on her spring dress.

Rev. Mr. Gilles holds service regularly on Sunday evening in the school house, Lorneville. These services are much appreciated by the people in the vicinity.
