

ANDERSON & NUGENT, Undertakers, Kent St., Lindsay.

The Victoria Warder, FRIDAY, MARCH 19, 1886.

THE VOTERS' LIST DECISIONS.

In deciding a case such as granting enfranchisement to citizens—a grant considered from time immemorial the highest and greatest one could receive...

In respect of responsibility, selections divide actions of the will into three classes.

- 1. Involuntary or instinctive. 2. Voluntary where the choice of motives is involuntary. 3. Voluntary where the choice of motives is voluntary.

Now to arrive at a conclusion, such as would disfranchise or run the risk of disfranchising hundreds of citizens with the possibility of changing for west or west the destinies, may be, of a nation, would and should naturally require most careful deliberation.

But there have been many instances where the action of a man's will has been made subservient not to a healthy exercise of the intellect but rather to an impulsion bordering on caprice.

During the past week Toronto has been the scene of mob law and disorder. From what can be learned it appears that Frank Smith, president of the Toronto Street Car Company...

However, having seen the fallacy of the former as well as the injustice of the impulsive decision regarding the course to be pursued on the first revision, the revising officer for South Victoria is rightly entitled to the credit due any man who admits an error and seeks to rectify the wrong.

We regret that in the discharge of our duty to the enfranchised electors of Victoria as well as to the Liberal Conservative party we have involuntarily offended the revising officer for South Victoria.

We believe in the principle of having each man paid according to his worth, as decided by the proprietor, manager, foreman, or by a combination of these. Further, we think counter for each man's quality, compared any of a few members of the municipal council with unscrupulous justice of the peace, might readily be found to arbitrate in important questions or conflicts between capital and labor.

There never yet was the difficulty that constitutional means could not overcome.

his decisions in his capacity as Judge is necessary then of course that officials will be formally made in the highest court of the realm. But Heaven forbid that such a day shall ever arrive in Victoria.

A VICTORY.

Liberal Conservatives of Victoria! We announce with pleasure that the revising officers for Victoria have altered their first decision vis. to require personal attendance at the first revision on April 6th next.

We feel justly proud of the victory achieved in obtaining a reversal of the first decision re the voters' lists and believe the stand taken by THE WARDER in the premises was in part the cause of the change.

THE FINAL END OF PECK'S BAD BOY.

Judge Dean has been appointed by the Mowat government as the judge of Haliburton county with an additional \$400 in salary.

THE TORONTO STRIKES.

Some are circulating with the evident intent to injure that Mr. Moore and others have inspired and even written some of THE WARDER articles recently.

We learn that a person named Rev. B. Keefe in the employ of the Temperance Alliance has been out in Mariposa conducting himself in a manner to our mind ill becoming one supposed to be a minister of the Gospel laboring in the cause of temperance.

Our attention was called late last week to an insulting article in the Pottery Reviewer about the resolution of the 4th Battalion officers.

LETTER.—In the township of Dotley, on Sunday, 7th March, the wife of Edward Lytle, of a son.

RIEL & CO.

The above firm are hard at work at Ottawa to prove that Sir John A. Macdonald and his ministry are culpable for executing Riel.

EDITORIAL NOTES.

Government steamers are being fitted up to enforce the fishery laws in the Gulf waters.

Electors! Read the letter from an Emily ratepayer. Things do look strange. How the Globe would have howled over such a mistake!

A peculiar and fatal disease has broken out among horses at a Pittsburg township near Kingston.

The Globe Rielite party in Lindsay is not alone in the jailbird business. Their "brethren" in the old county number two ex-convicts in their ranks.

Electors will note that the revising officers require, in cases of income qualification where board is counted part of that income, that the wages shall be at least \$180.

Mr. Meredith favors the appointment by the county council of Registrars thus removing patronage from the local government and placing it more directly in the hands of the people.

Our county as well as Ops and Lindsay councillors should this spring give the subjects "a leading road to Manurewa" and "a leading road to Boboeygon" their earnest attention.

The local legislature has about put in another session and has enacted little of value or importance.

The chief doings of the session were to declare that Riel should not have been hanged, to whitewash and maintain a rebel in the service of the Ontario Government and to reject several useful bills amplying and overruling things county court proceedings.

LORNEVILLE.

Mr. E. Crossberry has sold his fine team for the sum of \$320. Who says it does not pay to raise good stock!

Mr. Wm. Thomas who keeps a fine Berkshire boar had the misfortune to lose a valuable sow and another one not expected to live.

Mr. Barron's private business meeting at Woodville and which ultimately was a public one was planned to take place on the very evening of the meeting of Woodville Literary Society.

LETTER.—In the township of Dotley, on Sunday, 7th March, the wife of Edward Lytle, of a son.

LETTER.—By Rev. A. G. Wilson, at the residence of the bride brother on the 10th of March, 1886, Mr. George E. For to Miss Anne Lytle, of Mariposa.

On Wednesday, March 17th, 1886, at the residence of her son-in-law Mr. Alex. McDonald, Mrs. Ann Martin, in the 74th year of her age.

puted authority whether led by the Globe, Examiner, Riel crew or any other rebellious gang.

The Whitty Chronicle with what, we hope, is not its customary veracity, asserts that Judge Dean is and has been a strong Tory in politics.

LITTLE BRITAIN.

On Thursday afternoon a dwelling house occupied by Mr. John Martin and owned by Mr. John Gleason, situated about three quarters of a mile east from here was burned.

Rev. B. B. Keefe, agent of the Dominion Alliance gave a lecture in the Methodist church on Thursday evening in regard to the enforcing of the Scott Act when it comes in force here.

Mr. S. Metherell left on Monday afternoon for London, England to visit her son Dr. S. A. Metherell, who is practicing there now.

Mr. E. Crossberry has sold his fine team for the sum of \$320. Who says it does not pay to raise good stock!
