FRIDAY, MARCH 26, 1886 S. J. PETTY

On Wednesday evening last about 6 o'clock a wedding party consisting of about 18 single cutters dashed up to the McIntyre House Cannington. Upon enquiry it was found that the hailed from Mariposa. They were greeted by the yell of the small boys. After partaking of tea they again proceeded on their way home amid shouts and snowballs.

Mr. Erastus Wiman and party were entertained at government house last even-ing. When Mr. Bishop, M. P. P., learned of what was going on across the way he sought out Mr. McIntyre, M. P. P., and to him submitted the proposition that this was an additional reason why government house ought to be abolished. Mr. McIntyre, M. P. Mrs. Letitis McQuade, Cartwright, about the first time I spent in the gallery of the Local House at Toronto; it happened to be a government day so that there was not much discussed that day; but it seems to me by the information I got by listening to the members who spoke while I was there that they have had in some time of the past a municipal loan fund in order to help some of the different municipalities, and that they were expected to pay it back at some future time; but quite a number of cities and towns ere long be matrimonially united to a but quite a number of cities and towns young lady of western Ontario, formerly have at this time (February, 1885) failed to de so. I said to the farmers who were there with me, who is to pay these debts! This question is easily answered. As we are seven tenths of the population we must pay that proportion of the debt.
