CAMERON LAKE.

WE have been blessed with one of the finest springs that ever I have seen, and we have good chance to have a good crop of fall wheat this year. Some farmers have all their spring wheat sown. The clover is growing very well.

As I was standing on the platform at the station in Lindsay two young men of your town thought they would have a little diversion in the way of a Spades, Shovels, Hoes, Forks, free fight, when the conductor of the Victoria train appeared on the scene of action and soon put an end to such work. I think that the manly conduet of this conductor should be commended by all; and his obliging and gentlemanly action in keeping order on his train is worthy of the respect of the travelling public.

We have as much growth now as we had by the 20th of May last year. The fields of clover are covered with

a green mantle already.
