BURY S GREEN. Special to the Warder.

HAVING read the malignities of the Post on Mr. Hector Cameron, especially about the vote on the amendment to the Scott act, we waited awhile to see if it would attack the Barren man for his vote at the council meeting, which opposed the Scott act. But alas! no. It posed the Scott sot. But alse! no. It wheeled round, and even offered a lame excuse to justify this vote. Now what we want to know is, if a Grit and Tory do exactly the same thing, is the Grit right and the Tory wrong, or is the Grit excusable because he wants office badly and the Tory wrong because he is in of-

If he does surely he will not need license after so many publications. If it is we take pleasure in in-forming him that it will not be for a good

few years yet. Mn. Walker, who has been very ill, is slowly recovering.

The most worthy Swipes Jr., biographer of "My Dear Sam," has surely mistaken his calling, if he ever had one. No doubt he is a Rep Van Winkle, so that he is lost amidet the great changes in the world. He know the Post is just the same old "granny," so he wishes to bring things to ruit his own deluded pumpkin head by fashioning poetry to suit his own mind, as appeared in last week's issue. It as a great pity that he is the only poet in B. N. A. who discouns his contemptible productions. But we must close, and quote for his good, we hope, "Of him who has little little only is required." May he exercise his "one talent" in better use to himself.
