BETHANY. Social to The Warders usually quiet village on Saturday, by the arrest of Albert McFall, one of our most respectable young men on a charge of chicken stealing. His imprisonment, however, was of short duration, as though s much smaller man than the village constable he succeeded in breaking the shackles, which that worthy individual had placed upon him, and made good his escape to the neighboring swamp. Charley seems deeply mortified over the escape of his prisoner, but the general public including even the magistrates appear to be atisfied, at the abrupt manner in which Albert adjourned the court.

MESSRS. Lavery and Solomon made special visit to Millbrook yesterday. The result of which will be duly announceed in a future issue of THE WARDER. Mr. Richardson has been buying and shipping from here immense lots of fat sheep, for which he pays extremely good prices. As a buyer, Isaac is shead of all his competitors.

Mr. and Mrs. Armstrong of Millbrook, have been visiting their numerous friends here during the past week.

There was a very fine attendance of the members and friends of Brereton, of Bethany, who was present by invitation from the society was called upon to deliver his lecture. The Dr. chose for his subject, "the board of health, their establishment, power and utility." The Dr. in commencing referred to the society as being in a very thrifty condi-tion and to the interest manifested by its members saying he knew but few societies of the kind anywhere that have been so successful. The Dr. dwelt considerably on the arduous duties and responsibilities of the medical health officer stating plainly what those duties were and that that officer should receive the sympathy and support of the public in the performance of them. In referring to that terrible disease small pox he said there was but one sure preventive which was pure vac-cine taken directly from the cow, which was a God given preventive, given ex-pressly for that purpose. That from arm to arm was a human means, not divine, The Dr. spoke over an hour and a half and gave a very plain practical discourse which was well received by all present. The meeting was brought to a close by the choir singing "what are you going to do brother" when all went to their homes well pleased with all they heard. Next regular meeting of the society will be held on Friday evening the 9th July when there will be an entertainment given by the members. Admission 10 cents.
