THE ONTARIO MUTUAL LIFE ASSURANCE COMPANY.

Dominion Deposit \$100,000. The only purely mutual Canadian life company. Total policies in force, Dec. 31, 1885, 6851, covering Assurance for \$5,289,361.71. Its cash income now averages over \$1,000 daily.

The ONTARIO guarantees in plain terms on its policies, under the Company's seal, definite surrender values either in cash or paid-up assurance, thereby enabling a member to know the value of his policy at any time, and withdraw without loss in case of necessity.

A few reasons why the Ontario Mutual should be selected by intending assured: 1. Because of its mutuality. 2. Because of its large and increasing assets. 3. Because its management is prudent, economical and conservative. 4. Because it is a strong, vigorous, and progressive company. 5. Because its surplus dividends have always been exceedingly liberal, thus rapidly reducing the COST of assurance. 6. Because no company has ever excelled the Ontario in the promptness with which it pays its death claims. (The Company has no disputed or retained claims on its books.) And, 7. Because its substantial success in its assurance in the past is the best guarantee of its future greatness and prosperity.

The Victoria Warder

FRIDAY, JULY 2, 1886.

BEAVERTON.

Continued from Fourth Page.

consist of the big crowd. That name must have been given on account of

Edgar, C. O. Mowat, Blake and Cookburn. One big was looking to

utterly in the gathering, viz., the form and face of Cameron of Huron.

The whole surroundings would have suited his face.

The enthusiasm, too, was very weak. Although several lusty fellows

had been placed to advantage in the crowd on purpose to lead the cheers;

and although those on the platform did their parts nobly and well in

clapping and near cheering; still all fell flat. The grits do not like to talk

of Beaver-ton. Even the Canadian Post, Lindsay, that usually does its

readers with the woe utterer by grit stump speakers, last week was

almost "mum" on Beaver-ton. We refrained from mentioning the affair

last week simply because we wished to spare the feelings of the grits and

give them time to rally a bit; and also because we were desirous of being

on the safe side in relation to the facts. Beaver-ton will henceforth be

in black letters in the grit list.

EDITORIAL NOTES.

In the recent controversy the Post figuratively put a chip on his shoulder

and challenged THE WARDER to knock it off. That THE WARDER

very modestly did; whereon the Post, instead of standing his ground and

fighting like a man, took to the woods and got up a tree, from which he

shouted "I meant you were to step on my coat tail." Well, Mr. Post, just lay the tail of that garment in

THE WARDER'S way, and you may calculate your last quarter, it will be stepped on mighty suddenly.

The Globe is enraged. It seems that it was owing partly to instructions from Sir John A. Macdonald

that Archbishop Taschereau of Quebec became cardinal. This annoys

the Globe and the grits. Just think of it! They are ruled by a priest

in Toronto while Sir John, one would infer, rules the pope and the college

of cardinals. No doubt many staunch members of the Reform party are

sick of the priestly rule; but, so long as they are allied with Mowat, Blake, Fraser, Lynch, et al, so long will they

be priest ridden.

The Globe did its best to break up the school children's procession in

Toronto; but though the day, last Thursday, was gloomy, there

were upwards of 6,000 by actual count in the procession. It was one

of the grandest sights Toronto has witnessed. The Globe, however,

gives a mean, lying account of the whole affair; and was very soundly

taken to task by Chairman McMurich—a Liberal Reformer. Every other journal praises the procession,

and the principle. But the Globe has no influence whatever in Toronto, or for that matter, very little

out of Toronto.

After all the hue and cry of the infamous Cameron of Huron, re land

grabbing in the North west, it turns out that the virtuous creature holds

large tracts there himself. So do, or did, Sir Richard Cartwright, Hon. Alex. Mackenzie, and other of the grit

leaders. No one accuses them of doing anything wrong in the matter; but, it is scandalous that hypocrites

such as the grit leaders, should attempt, for partisan purposes, to

make the public believe there was something criminal in connection with

Liberal Conservatives who happen to hold land in the North west purchas-

ed in the regular way. Consistency is not one of the plans in the grit

platform.

Some time ago in Sligo, Ireland, the Roman Catholic Cathedral and the

bishop's residence were defaced and somewhat destroyed by unknown

parties. The government offered a liberal reward for those who did the

mischievous. The cry went up that protestants were the perpetrators of the

deeds; and as a consequence there was great rioting. Protestant homes

and churches were wrecked and acts characteristic of fanatical mobs were

perpetrated. At last it turns out the original acts were performed by

Roman Catholics who did it simply that protestants might be accused and

become the victims of fanaticism. One of the conspirators confessed and

on the arrest of his co-villains some of them confessed their part.

It is now an established maxim as well as plank in grit politics.

(1.) That only grits can buy lots wherever to vote.

(2.) That only grits can own land in the North-West.

(3.) That only grits are entitled to hold the timber in the Saskatchewan valley.

(4.) That only grits can subvert and divide the country in Canada.

(5.) That it is all right for grits to swindle the government out of timber dues.
