

The Victoria Warder LOCAL JOTTINGS.

AN EVIL GENIUS.—The above is the title of our new story, commenced this week. Readers say it is an excellent one.

W. C. B. A. M. A.—On August 5th there will be an excursion from Whittby to Peterborough, under the auspices of Whittby Corn and Musical Association.

SPECIAL NOTICE.—Britton Brown, the enterprising young man at the east end of Kent street, has an announcement in another column of special interest to our readers.

FARM INSURANCE.—Don't insure your farm property in any company which asks you to place a separate sum on live stock. It is only a catch to make money out of the farmers. See advt. of London Mutual in another column.—E. S.

CIVIC HOLIDAY.—Lindsay's civic holiday will be on Wednesday, August 11th. The Sons of England will run an excursion to Sturgeon Point and Boboyagon on that date. Other society and private picnics will doubtless also be organized.

OUR NEW STORY.—This week we begin publication of a new story, entitled, "An Evil Genius." Those who have read the serial state it is a very interesting narrative. Readers wishing back copies can obtain a limited number on applying to this office.

ONTARIO BUSINESS COLLEGE.—Mr. J. W. Johnson, F. C. A., principal of Ontario Business College, Belleville, has just returned from a visit to Bermuda in the interest of the college, which is largely patronized by Bermuda students.

A. E. EXCURSION.—The annual excursion of the Peterboro amateur athletic association will be held on 19th of August to Orillia, where cricket, lacrosse and various friendly games will be indulged in. Fares from Lindsay are only 90c, and return. Tickets are on sale at the town and station offices of the G. T. Ry.

MR. WEESE.—We were favored with a call from Mr. G. A. Weese, of Toronto, and proprietor of the "Fair," of this place, on Thursday last. We learn from Mr. Weese that he has leased the warehouse lately occupied by the Kent Spool Thread Co., 34 Colborne street, Toronto, where he intends carrying on a wholesale business.

C. P. R. TELEGRAM CO.—Gen. Manager Homer, of the Canadian Pacific Telegraph Company, states that his company has made a twenty-five year contract with the Postal Telegraph Company and the Mackay-Bennett Cable Company, and that arrangements have also been made to connect with the Baltimore and Ohio system throughout the United States.

LINDSAY DISTRICT FOR EXCURSIONS.—This year more than ever before, have Lindsay district points of beauty been more recognized as suitable for excursions and camping parties. Already have excursions been run here from Peterboro, Orillia, Port Hope, Millbrook, Agincourt, Toronto, Canimington, Oakwood, and various other points. All, we believe, returned pleased with what they saw.

IMPROVING THE TRAIN SERVICE.—When the Smith's Falls line of the Canadian Pacific is completed, instead of Western Ontario passengers going to Ottawa via Carleton Place, they will be transferred at Kemptonville, two miles from Ottawa, to the St. Lawrence and Ottawa line, which is now operated by the Canadian Pacific. The train service on the St. Lawrence and Ottawa will be greatly improved.

CONVICTS IN PETERBORO.—Recently some cowardly second-rate or villainous (deserving a large number of trees, the property of Mr. Dunblie, police magistrate in Peterboro) trees were lashed so as to completely ruin them. Such acts, we once more repeat, injure most seriously the cause they are supposed to vindicate. They lose to the opponents of Mr. Dunblie the sympathy and support of the independent-thinking community.

BOBOYAGON BEATEN ALL HOLLOW.—On Monday afternoon last Mr. P. Meagher, foreman of Irwin's drift, who was hauling in the anchor near Sturgeon Point hotel, he noticed the Sturgeon Point drawing board than usual. The mystery was soon explained when anchor and cable were thrown high in the air with a monster maskstone attached. Then the sport began and ended in a series of nine men who all express willingness to back up the foreman's story. A 38 lb. maskstone was landed having seized the anchor for a bait.

PREPARING FOR BRIGADE CAMP.—In preparation for brigade camp at Kingston on 7th September, Capt. Rowe, of Bowmanville, and Capt. Brown, of Carletonville, have both some weeks since begun drilling their companies. Capt. Brown has more than the full complement of men, and has been obliged to weed out. Capt. Rowe has also enrolled his men, and has had one or two drills. Capt. Hunter made a good turnout on July 1st, and doubtless will have a full complement on 7th Sept. The two Lindsay companies are, we learn, also likely to be well filled. The band will muster 25 instruments. We hope the Victoria companies will not fall behind their Durham brethren in preparatory drilling.

VICTORIA RIFLE ASSOCIATION.—The regular semi-weekly practices of the Victoria county rifle association are very well attended. Our volunteer blood is being worked up, and the "boys of former days" are trying their nerve once more. Theo. S. Williams, a prominent member of Lindsay company in early days, joined in last week's practice, and made a very good score. Mr. Johnson has a knack of doing remarkably well at any 500 yards, and by some frank very badly at 600 yards. Some of the boys suggest that a cut-on flap-pole for the top of the cut-on bankment be ordered, the wooden one having been used last week. Sergt. Williams and Oliver and Dr. Kenney frequently hit the highest possible, at 200 yards; and at 500 and 600, score 20 to 25 out of 30 possible.

"CHUMMERS" BARR AND HUGHES.—The editor of the Post, and his ohm, his boom friend, Sanitary Inspector Hughes, both try to crowd out of their deliberate attempt to discredit on this journal. But as we deal only in facts, they were both squelched. One would think they would have learned by this time to steer clear of contradicting anything in this paper; for if always proved to be correct. We are, however, sorry they did not continue the discussion, for our attention had not commenced to be fired. We wanted to show how Mr. Hughes was led to enter the office of the Post's lowly delving failed to get Mr. Hughes to contradict our statement; how through of law failed to intimidate him; how through of law failed to move that gentleman to "tell a lie for anybody or any reward," but their clear lack down does not give us chance to expose their folly. We have the chance, and will have the pleasure, to expose their folly, and especially the Canadian.

FOR-HUNTERS, ATTENTION!—Duck shooting does not begin till Sept. 1st this year.

BOARD OF EDUCATION.—Owing to there not being a quorum present at regular meeting of the board of education on Tuesday evening no business was transacted.

WOODVILLE DISTRICT NOTES.—John Grant, Esq., Toronto School of Medicine, and Peter McKeown, of Toronto College, are visiting friends in Beaverton this week.

CHANGED HANDS.—Mr. Geo. Stewart, of Valentia, has purchased the celebrated imported Clydevale stallion, "Young Enterprise" from Messrs. Graham & Fair, Cavan, for the sum of \$2,500.00.

BERNIE CAMPBELL.—McMillan and son, not Jack, J. E. Hunt, W. Dundas, J. For, N. McCrimmon and Neil Carmichael are engaged at the Beehive, on Sturgeon lake. The boys will know where to call for lunch during the next two weeks.

WATCH FOR IT.—On the civic holiday, a championship game of base ball will be played in Boboyagon between teams from the Lindsay and Boboyagon four millers. It is understood that both Messrs. J. D. Flavell and M. Boyd are to play.

ROD AND GUN CLUB.—A rod and gun club has been organized in Lindsay, with the object of protecting game and confining hunters to lawful modes and seasons. Duck shooting begins on Sept. 1st and not sooner—a point pot-hunters would do well to remember.

EXCURSION FROM FENELON FALLS.—Last Friday the Fenelon Falls Free Masons held an excursion to Boboyagon, when a most enjoyable time was spent. Among the Lindsay brethren present were Messrs. J. W. Wallace, Geo. Inglis, J. McMillan, L. Archambault and others.

O. B. B. B.—Our Base Ball Boys go to Port Hope today to play ball with the Port Hopes. This will be an interesting game as the latter club have played 11 matches this season and won everything. Report of the day's game will be published at the telegraph office at about half-past seven o'clock.

EXCURSION FROM CARTWRIGHT.—It is understood that arrangements are being made to run an excursion from Cartwright per steamer, on August 24th to attend Foregoing's circus. The co-operation of Foregoing's band is to be sought. There is no doubt of its success. It will reach Lindsay in time to see the procession, and return after the circus is over in the afternoon.

NO. 4 COMPANY, 45TH BATT.—Capt. Wallace requests us to state that No. 4 Co. will muster for drill on Saturday evening, 14th inst., at 7.30 o'clock sharp. Capt. Wallace does not purpose taking any men to camp who have not drilled in preparation for the same. As many more are anxious to go to Kingston than can be taken, he will be obliged to make an early selection of the best men.

ORILLIA VS. LINDSAY RIFLEMEN.—Orillia boasts of a first-class rifle association, and some excellent scores are made by its members. Although we feel sure the riflemen from the handsome little town between the lakes would defeat ours, yet for the good of the cause we respectfully suggest that a friendly match, Orillia vs. Lindsay riflemen, be arranged for an early date. The objects to be attained are practice and friendly association.

NEW DRY GOODS AND CLOTHING STORE.—Messrs. Norman and Alex. McCrimmon, two brothers, well and favorably known in Lindsay and Victoria county, are about opening up in the dry goods and clothing line, on the south-west corner of Kent and William streets in Lindsay. Their stock is entirely new, and is bought at close cash prices; therefor McCrimmon Bros. believe they can surprise people with bargains. Their opening day is Tuesday, August 24th.

THE SHORT LINE.—An Ottawa despatch says:—"The work of construction on the Smith's Falls short line is being rapidly pushed forward. Five thousand laborers are employed between the western junction and St. Anne's. Enormous amounts of supplies are being shipped to points along the line, and many Ottawa firms were the lucky tenderers. The construction of the bridge at Kemptonville is well under way. The stone quarries at Hull are the scene of great activity, as a large quantity of stone work required for the bridge is being obtained there."

RESTORED.—A meeting of the congregation of the Baptist church, Murray street, was held on Monday evening, to consider the resignation of Rev. A. H. Munro, of the pastorate. After discussion it was decided to ask the Rev. Mr. Munro to reconsider his resignation. The London Advertiser of August 2nd says:—"The Rev. A. H. Munro, of Peterboro, has accepted a call to the pastorate of the Centre Street Baptist church, St. Thomas, and will begin his duties in October." The Rev. Mr. Munro sent in his resignation before leaving on his holidays.—[Review.]

"A FOOL AND HIS MONEY."—A "cheap jack" sold a lot of 3c. a dozen watches, etc., to a lot of young men with more money than judgment on the market square last Tuesday evening. The lot square last Tuesday evening. The lot square last Tuesday evening. The lot square last Tuesday evening.

SAD RAILWAY ACCIDENT.—On Monday morning last the 9.15 train from Port Hope was derailed up to the platform, a man named Keefe, carrying a board near the truck, was blown around by the strong wind then prevailing and thrown under the engine, the end of the board having been caught by the front of the boiler. The unfortunate man was thrown backwards and sideways, his right arm being crushed from the hand upward. Dr. Coulter, McAlpine and Poole amputated the arm two inches below the elbow. The patient is reported doing well.

FORBES' CIRCUS AND MENAGERIE.—On Tuesday, August 24th, Forbes' circus and menagerie will show in Lindsay. Particulars will be given in advertisement next week. The street show alone is worth coming miles to see. Few parents consider sufficiently the education of their children from viewing a circus procession, or from an hour or two spent in examining the cages in the menagerie. True it means the outlay of a dollar or two; but few parents, especially children, ever lost money by a careful inspection of such a really good menagerie as Forbes' is. Therefore let parents make up their minds to inconvenience themselves for one day, and bring along all the youngsters, and let us to examine the menagerie which is most excellent in the county. True the circus takes some money out of the country, but it also leaves a large portion of it in the place. My mercantile alive to their interests, they have to be made, and find it profitable to the country and find it profitable to the country and find it profitable to the country.

MOONLIGHT EXCURSION.—On Monday evening there will be a moonlight excursion and garden party under the auspices of St. Paul's Church of England, to Sturgeon Point. A large turnout is expected.

BOARD OF HEALTH MEETING.—A public meeting of the Lindsay Board of Health will be held in the council chamber on Monday evening next at 8 o'clock sharp. The public are respectfully invited to be present. J. W. WALLACE, chairman, Lindsay, 4th August, 1886.

HORSE DROWNED.—On Wednesday afternoon last Mr. Henry Gain, butcher, drove his rig into the river and backed into the stream to wash. The horse backed in further than was intended when he reared, breaking a shaft, which penetrated the animal's side, causing death. Mr. Gain escaped by swimming ashore. The horse was worth \$175.

STURGEON POINT.—Last Saturday evening the City Band went with a party of visitors on the Eva to Sturgeon Point. There also the Esturion with another party was, and there a most enjoyable evening was spent. The guests at the hotel were much pleased with the band. The illustrations too added a charm to the scene.

BOWMANVILLE CAMPER.—The young gentlemen, Messrs. Phillips, Niddery, Cole, Hoide and Elliott, who have been camping on Pleasant Point and the lower lakes for some weeks, have returned. Their tents are now pitched in the camp near Mr. Foley's. To-day they continue up the Scugog to Washburn's Island, thence to Casarea, and home on Saturday.

"FRIEND AFTER FRIEND DEPARTS."—Selling the Grits in North Victoria. Peck, McLaughlin and other gentlemen, was "land of the free" in the immigration work, no one has played a more important part than Mrs. Young, of Portage Road. Indeed of so much value have her services in the premises been considered that it is proposed to recognize her energy in some suitable way.

MASONIC FUNERAL.—On Wednesday last the remains of Mr. Charles H. Lennon, brother of our esteemed citizen, Mr. James H. Lennon, of the C. P. Ry. and the Auction Mart, were interred with Masonic honors. The members of Faithful Brethren and King's Iron Lodges A. F. and M. E., turned out in regalia to pay their last respects to the departed brother. The funeral took place to Riverside Cemetery.

HYMNICAL.—On Wednesday, Aug. 4th Miss A. F. King, favorably known as one of Lindsay's most successful teachers, was invited to sing at the funeral of Adam Carruthers, Esq., B. A., a rising young barrister of Kingston, Ont. The ceremony was performed by Rev. Dr. McTavish, Presbyterian minister. Miss King was assisted by Miss Stalker, St. Thomas; Miss Heister, of Bary; Miss King, her sister, an bridesmaid; while W. J. King and D. J. King sang Mr. Carruthers over the difficulty. Numerous valuable and handsome presents were received by the charming bride. The couple left for Toronto to stay over on the evening train. Mr. Carruthers is gold medalist in classics and an honor man in other departments of Toronto University, as well as gold medalist in Law, an ex-high school master, and one who always took an active interest in gentlemanly athletic sports. We extend to the young couple our sincere congratulations, and wish them success in the Limestone City.

KINMOUNT.

A PICNIC.—Mr. and Mrs. Scott of the Northern Hotel invited a few of their friends and neighbors for a day's pleasure according to arrangement on Wednesday morning the party left Kinmount in carriages, consisting of Mr. Wm. and Miss M. Scott, Mr. and Mrs. W. S. Scott, Mr. and Mrs. Romilson, Master C. Romilson, Miss G. St. George, Mrs. Caldwell, Mr. and Mrs. Cottingham, Mrs. Soward and Messrs. W. and G. Romilson. Some of the expected not putting in an appearance on time the parties started and after a pleasant drive of two hours arrived at Mr. J. Galway's at Mimer's Bay in the township of Lutterworth. After putting up the horses and looking around and seeing the fish, fish did I say? yes there is fine fish in Mimer's Bay, because I have seen some, we commenced to think about something to eat when we heard the sound of carriage wheels, and looking in that direction we saw Mr. Wilson's team coming up full dash and in his carriage were Mr. and Mrs. Arneberg and Miss Soward, and in a few minutes Mr. J. B. Campbell of Port Perry and Mr. James Watson of Kinmount. The party was completed with the exception of Mr. Soward who was called away on important business so therefore he missed a good day's enjoyment. Shortly after call for dinner, and under Mr. Galway's fine young maple grove there was as fine a spread as any person could wish, and if you were not hungry the spread would entice you to eat so you may guess that ample justice was done to that part of the programme. After dinner some went out on the bay in boats, some took a stroll through the woods, while others engaged in a game of croquet and dancing, and the remainder examined Mr. Galway's garden and crops. He has a very fine garden and it has been said that we can't raise fruit in this back country, but if any sceptic will pay a visit to Mr. Galway's he will get the scales taken off his eyes. That gentleman has some very fine fruit trees well loaded with delicious fruit, and as for cabbages, onions, carrots, potatoes and rhubarb I don't believe our old Irish G. Calvert can best Mr. Galway in gardening, and that is saying a good deal. After tea speeches were delivered by Messrs. Watson, Galway, Campbell and Wilson, after which the party returned to Kinmount having spent a pleasant day.
