CAMERON.

To the Editor of The Warder. Str,-Kindly permit me a short space in your valuable columns to reply to the chaoxious letter which appeared in THE WARDER of Aug. 20th. from the pen of the Mormon Elder. John Lake. Now sir, it ill become any man, in the capacity of Elder holding as Lake professes, a certificate to preach the Word of God, to slander another of the same profession. It is time the Cameron people sion. It is time the Cameron people should put a stop to all such humbuggery of religion. If the people have been humbugged by Tupper I think they have been doubly so by Lake; if Tupper is a religious tramp Lake may quite easily apply the same to his own name. Lake has, I believe, no home whatever, only where a meal is neceseary to be taken and where night overtakes him; he is then forced to ask for a place of shelter or seek refuge where a man, possessed with less intellect than Lake, would scorn to lay his head. Now sir, with regard to Tupper's relations I have nothing to say more than I never heard him say anything about his own revelations, but I have often heard him talk about Lake's. When Lake dentity farmers, Mr. A. Dunseath, first came to Cameron with McIntosh he also told about his revelations and talking in unknown tongues. Such doctrine as Lake pre-ches should not be tolerated in any Christian land. I by the laying on of hands; this thing he claims to have performed and without ever asking God to do so, but had the power (or claimed to have) of the Most High, and more. If one of
