HUMANE PRINCIPLES ON THE DECLINE.

—After perceiving some of the fallacies indulged in by the manufacturers of Ontario toward the hopest and industrious class we feel it our duty to make a few remarks on the subject if it will not be encroaching on your kindness to ask for them space in your journal. To allude to them all would be foolish in the extreme but we shall mention one which undoub but we shall mention one which undoubtedly has a tendency to deteriorate the advancement and agricultural increase of our country. It is the fraudulent system indulged in by manufacturers and their which is a credit to the young man, it being his first.

Mr. William Corey has been once more made happy by the arrival of a young daughter to cheer him in his old days and keep him awake in his old nights..... Also Mr. Geo. Boman has had an increase marked up to him by the arrival of a young visitor to stay. Peace and presperity on every hand.
