Address and Presentation.

some time foreman on the Warder staff, left town to take up his abode in Smith's in a newspaper. Previous to his departure his fellow workmen presented him with a silver breakfast cruet, accompanied with an address. Mr. Sam Hughes also presented him with a cold confidence of the cold co Falls where he has bought a half-interest in a newspaper. Previous to his departure silver breakfast cruet, accompanied with an address. Mr. Sam Hughes also pres-ented him with a gold scarf pin. Follow-

midst, we wish to express our deep regret. Your removal will be source of deep sorrow to THE WARDER staff in particular and the community in general and we can assure you that you carry the best wishes of all to your future home. Your cheerful presence will be sorely missed on THE WARDER staff and your aid also on the base ball nine where you materially assisted in gaining the recent victory. As a slight token of the estimation in which you are held by us we present you with this silver breakfast cruet, and we all join in wishing you health and success in whatever place you may cast yout lot Signed by THE WARDER Staff.

Mr. Barr made a feeling and suitable

Coroner's Inquest.

under circumstances requiring explanation and investigation. It appears from evid-ence taken that the late Sarah Lowes was the second wife of Jos. G. Lowes to whom she had been married about five months at the time of her death, that shortly after her marriage she had complained of a pain in her cheat, that her husband took her to a doctor in Peterboro who said she had heart disease and was liable to drop off at any time. Rumors had been affoat that the husband had ill-treated the deceased during her litetime but no avidence was steel engraving. brought in substantiating the rumors. On the day of her death, the husband Jos. G, Are the least liable to get out in the morning after some of his children, who were visiting friends there, and on the materials are strictly For neatness, beauty, symmetry, durability and accuracy are

On Monday last Mr. A. A. Barr, for

To A. A. Barr Esq.:

DEAR SIR,—Having learned that you are about to take your departure from our

during her litetime but no evidence was Lowes had gone to the township of Brock his return home on the same night he found his wife in bed and complaining of the pain in her chest and in about an hour's time after that she expired. The

body was viewed by the corner's jury and a post mortem held by Doctor McAlpine, assisted by Dr. Burrows. The report was dust proof than any other well-nourished, healthy woman in an advanced stage of decomposition, large black-vanced stage of decomposition stage of decomposi on any part of the skin. On removing scalp found some effusion of blood on upper and back portion of head, but owing per and back portion of head, but owing to state of decomposition we were unable to say whether from violence or gravitation. On removing the skull bone, found membranes covering the brain healthy, nothing abnormal or unnatural in the coverings or the brain itself. On opening the chest was found and successful the same and some state of the work turned out of his shop.

The display of fruit was good, the apples being particularly fine. Mr. Swain of Mariposa, shows a good collection also Mr. Hanna, of Manvers.

gestion, both lungs collapsed; heart in normal position, the pleural cavities partly filled with blood, about half a pint in each. On opening the heart covering, found it in normal state. The heart completely empty, not even a trace of blood; the valves were all in a healthy condition. Nicuspid and aortic competent, having tested them with water. Mitral appears healthy being well developed. On opening lungs found them very much congested with dark venous blood, discovered a few clots of blood in capillary tubes of left lung left lung being more concepted. left lung, left lung being more congested than the right; this might be due to hyprostatic congestion. No evidence of discusses whatever. On dissecting and removing traches and larynx we noticed that

the cause of death ?" Answer : "It would point to strangulation.
