The bush fires, which have been reging for some time past, doing a great deal of damage to the bush and roads, destroying a number of bridges, are about extinguished by the recent heavy rains.

Crops.—The crops are looking first-rate, The fall wheat gives promise of an excellent crop, while the spring grain appears far above the average, but we must not be too certain just yet, as "There is many a slip between the cup and the lip."

PRHONAL—We are glad to see the face of Rev. Oso. S. Hunt again in this community. He is looking "just splendid," and appears to have been used well, although he has had double work at Montreal Wesleyan Theological College and pastoral work at an outlying mission. He will now again enter into the work of the ministry, this time under many advantages. We also notice with pleasure the return of Rev. J. W. Puffer who has had the pastoral work at Wilberforce. He is also looking as though he enjoyed himself out there, and we hope he will, wherever sent, he able to return again wearing the same jovial, pleasing expression.

DRATH.—We regret to have to report the death of a Mr. Wells, who quite recently came out from England to farm in this country. We heartly give our sympathy to the bereft ones, who so suddenly were brought to suffer the loss of a line band and friend.
