We regret to announce the death of the infant son of Mr. T. E. Bradburn of Peterboro, late of Lindsay. The sad event occured at the residence of Major Howden, Millbrook.

Considerable friendly rivary win pro-bably exist among the various lodges at Femelon Falls next Friday as to which will turn out most men, which will have the best uniform, which will march best, and which will be the best conducted. Let each try and excel in something; but let all in conduct.

Save Your Cash.

A Dollar Saved is Better than one Earned.

To earn a dollar requires the labor of both head and hands. Now we can give you an infallible rule which, followed, will save you many dollars in one year, and all you have to do is simply to use a little judgment and

On many small items we can save you all the way up from one cent to fifty, and we have decided to make it really worth money to all parties requiring DRY GOODS to pay a visit to our store and fully investigate for themselves. Seasonable precaution has made many men wealthy, but he who experiments equanders his substance. In saving you money, we mean when all things are taken into consideration—quality, price, style, and the many advantages offered by us each week.

Many houses circulate very tempting advertisements as a bait to draw the crowd, such as "Selling at and below cost," "Trade Sales," etc., and when they get the purchaser inside their doors say that the goods advertised are all sold, very sorry, etc., and then they make it appear that all their goods are sold at the same low prices. That this was not the case, many have found when it was too late. The surest way to get the full worth of your money when you buy Goods is to go to a reliable house, where the prices are uniform, where you have confidence in the person who sells, and where you will not be deceived. All readers of this advertisement are referred to our House.

ARE FARMERS PROSPEROUS?—In Victoria they are, at all events. Pass through the country and new barns, new sheds, new stone foundations, new dwellings are seen on all sides. Masons, carpenters, and painters are kept busy; and the country prospers. In all America a tract of land better than is embraced in Mariposa, Ops, Emily, Eldon, Fenelon, and Verulam, would be hard to find. NO. 2, DOBSON'S BLOCK, - KENT ST. LINDSAY

Do You Want

the worth of your Money, and a little over?

Well, you can have it during the next two months. As this is the proper time to move everything out of stock that is not needed for the Fall Trade, and not having sufficient room to store away surplus goods that are not salable during the cold season, it is my wish to clear out all Summer Goods during July and August at prices that will be delightful to my customers.

The intention is not to make money, but to make room for a Fall stock, which is expected to be exceptionally large; and in order to do this my friends and patrons are invited to take advantage of this opportunity, as THE ADVANTAGE WILL BE DECIDEDLY IN THEIR FAVOR.

Ladies', Misses' and Children's Fine Boots and Slippers must go. Cash on the spot to be the essence of the contract.
