FLEETWOOD.

Special to The Warder.

THE new fence put up around the Brick Church is a credit to the place the work was done by Robinson Bros., but any work done by them is sure to be done in good style as they are proverbial for being good workmen.

HARVESTING is all done and although the grain is not as heavy as other years, yet it is better than was expected barley is a good color and in some places the grain is plump.

OUR store keeper has got in a good stock of general good which he is selling out very cheap.

THE TEA is to be held in the Brick Church on Monday, Sept. 6th, is going to be a big affair, there is no pains being spared to make it a success.

BEXLEY.

Special to the Warder.

SICKNESS.—There has been a great deal of illness in this neighborhood lately. Mrs. John Peel who was very low and given up by the doctors is now improving nicely.....Mrs. Geo. Peel is also getting around again.....Mr. Coulter who was ill with cholera is convalescent.

MR. H. Brentnell has lost his most valuable horse which received a kick some time ago. It appears Mr. Black's horse broke through the fence and got into Mr. Brentnell's field and gave the horse the fatal blow. The poor animal has suffered for over a month and at last succumbed. Mr. Black has shown great indifference in the matter for he has not even once gone to see it, while at the same time they knew the fact and cause of it.

FIRES are still raging through these parts and much damage is being done.

ESSONVILLE.

Special to The Warder.

HARVESTING is completed and crops are a good average. The land is comparatively new, and although clearing is going ahead fast these last few years, yet the clearings are small in comparison to the western townships, which leave the crops somewhat sheltered, and we had a heavy dew at night during all the hot weather, consequently good crops.

BUSH FIRES has been raging some six or seven miles north east of us; but although there has been some smothering fires in this vicinity, yet they can make no headway in the green hardwood timber, no harm done as yet. We have had no rain here of any account since the first of June.

POTATO crop will be below the average.

SCHOOL AFFAIRS.—Miss Bella Hunt our former teacher, has been unable to return to take charge of the school since holidays owing to the illness of her mother, while we regret very much at loosing Miss Hunt. We must congratulate our trustees on their success in obtaining the service of one equally as good, in the person of Miss Belle Gould.

WHILE we would sympathise with a neighbour who had real grievences, we would advise people not to be so contemptable with their neighbors over mere trifles, when their neighbors are only doing their duty and minding their own business.

LOTUS.

Special to The Warder.

SINCE our last, there has been two new industries started in our village, namely a barber shop and butcher shop, the former being owned and run by Samuel Sheehey, and the latter by Wm. Green & Fred Ferguson. We wish the new firms success.

HARVESTING is all done in this neighborhood, and instead of the reaper, can be heard the whistle of the old wide-awake, and the song of the plow boy, telling us that summer is past and gone and winter with its cold chilling blasts and high snow banks are near.

OUR village is still to the front despite the attempts of some parties to run it down, its industries are increasing, and improvements are being made in it.

MR. Geo. Nicholson, proprietor of the Lotus boot and shoe factory has secured the services of Mr. R. Bancroft, our Post Laureate as clerk and book-keeper, owing to the increase of his work.

VISITORS.—Miss Hannah Bell, daughter of the Rev. A. Bell, Presbyterian Minister, Peterboro, is visiting at Ballyclever..... Miss Graham, of Sallyduff, accompanied by Miss Allin, of Halton, and Miss Frawley, of Pontypool, paid a visit to Poplar cottage last week..... Miss Lena Windell, of Ballyclever, and her neice Miss Bertie Ferguson, of Maple Hall, have returned home from a pleasant visit paid to friends in Western Ontario.

STRANGE disappearance of fifteen pullets, from the residence of one of our residents last week, it is time a trap was set to catch the thief, as this work has been going on for some time.

"Lo unto us a man is given, unto us a son is born," or in other words the wife of Robt. Sheckelton Esq., presented her husband with a young son and heir, on the 24th inst., both parent and child are doing well. We offer our congratulations Robert.

THE regular monthly meeting of the Lotus Rod and Gun club will D.V., be held in the Son's Hall, Lotus, on the evening of Wednesday, 7th Sept., at 7 o'clock p.m. Members are requsted to be present as it is the quarterly meeting.

PENETANGUISHENE.

Special to The Warder.

WHISKEY-TRAMPS.—It is stated that several whiskey-tramps have been doing a big trade in Muskoka. Threats are made on the traders if they return.

EXCURSION.—About 300 went on the excursion from Midland, on Monday of last week, to Owen Sound, on the giant steamer Campana. The voyage going was foggy, and the return trip breezy, which caused a large amount of sea-sickness.

EVANGELIST.—This sect, under the name of "Maruhallites," have struck town. They have not as yet secured many converts.

THREE MORE.—Three more boys were brought to the Reformatory last week by P. Simser, provincial bailiff.

PERSONAL.—Rev. J. Willoughby, of Stouffville, spent a short vacation here... Mr. Hurly, of the Ontario Bank, Lindsay, has been in town spending a few of his holidays.

FINE SHOWER.—We were blessed by a fine shower of rain last week, the first since June last. The grass was almost burnt up, while the leaves were wilting and dropping off the trees. Another fine shower would restore the grass to its growth again.

BIG DRIVE.—Mr. Score, of Toronto, drove here in 12½ hours lately. The drive was made on Yonge-street to Bradford, and from there on the Penetanguishene road.

PUBLIC WORKS.—The Government is spending about five thousand dollars here, in way of building a barn and stables at the Reformatory. A great cleaning and blasting of stones has taken place, and the work is being rushed on with all possible speed.

VISITORS.—Penetang is the chief point on the Georgian Bay for campers to take boat for the islands to the north of the Bay. As the Provincial Reformatory is situated here, it also comes in for a visit from the pleasure seekers, either when they arrive here or when they are on their way home. It is wonderful the effect a few weeks' camp has on these travellers. Each one has the same story and it is about the appetite. When they left home they could eat scarcely anything, now they do not know when to stop.

OAKWOOD.

Special to The Warder.

MR. Editor, seeing nothing from your correspondent's pen for the past four or five weeks, I feel it a duty on my part as a citizen to let the wide world know what a thriving little town this Oakwood is. Why should it not be worthy of note? Just look at its boundaries: it is bounded on the north by the commodious Salvation barracks, on the east by Goose Island, on the south by the elevator, and on the west by the golden rays of the setting sun. Why, sir, all we lack is a few tall chimneys, which no doubt we will have in the near future. They must come, under the N. P.

PROPERTY CHANGED HANDS.—Mr. J. C. Pomeroy, B. A., has sold his property adjoining the high school to the Rev. Mr. Sanderson, for a handsome figure. Mr. Pomeroy and family having moved to Fergus, where he takes charge of the high school. They are very much missed from our circle, as Mr. Pomeroy was a very head worker both in school and out. He was always found among the first to promote all good undertakings beneficial to our town. We wish Mr. Pomeroy and family success in their new home.

OUR public school has been under repairs during the vacation. Mr. George Humphrey, as contractor, has fitted it up in good shape, not only adding to its appearance, but making it comfortable for both teachers and pupils. Our trustees, being far-seeing men, will no doubt take a bird's eye view of the wood sheds.

GORED BY A BULL.—Mr. John Code was severely injured by a bull. The enraged animal came at him with full force, inflicting bad wounds on his body. Dr. Jeffers was called and dressed the wounds. We trust Mr. Code may soon recover from his injuries.

ONE of our thriving merchants, Mr. R. P. Butler, having purchased the white brick block a short time ago, is fitting it up for a general store. After its completion it will be an ornament to our village. He purposes putting in plate glass.

OUR high school opened on Monday, 30th, with a good attendance, with Mr. Hopper, B. A., as principal, and Mr. McIlvinie as assistant. We wish them success in their labors.

WE congratulate Mr. Alfred Lake, our implement agent, on his success this season, having sold a large number of Patterson binders and other implements. Mr. Lake is the right man for the business. His business is rapidly increasing every year. He spares no pains in putting up his machines and implements. Just what the farmers want.

NARROW ESCAPE.—Mrs. John Brown, of Peterboro, who has been visiting at her sister Mrs. R. P. Butler's, for the past few days, met with a misfortune. While descending from a carriage, missing her footing, she fell to the ground, the front wheel passing over her ankles, and only for a bystander the horse would have backed over her. Happy to say, Mrs. Brown is not much the worse.

A VERY interesting and instructive sermon was preached in the Presbyterian church by the Rev. Dr. McTavish, of Lindsay, selecting his text from Chron. I; 17.

GONE WEST.—Miss and Mrs. J. F. Cunnings have gone to Wyoma to spend a couple of months. We will miss Miss Cole very much, especially the choir, as she was always to be found in her position as organist. She will be missed from our circle very much.

MRS. W. Fee, of Lindsay, is spending a short time with her friends before going to Kansas City, where her parents reside.

MR. Doble King and wife, of Sandford, are also visiting friends here.

MISS Hanna, of Port Perry, is visiting at Mrs. Pascoe's.

MR. William Bowes and daughter, of Kansas City, are visiting their many friends in this locality.

MRS. Dr. Rear and daughter, of Toronto, are spending a week or two with her sister, Mrs. A. D. Hogg.

BUSH FIRES STILL RAGING.—We have now to record the loss by fire, of Edward Byan's dwelling-house. No insurance.

TALLMAN BROS., are now rushing things at the mill. The first drive of logs arrived a few days ago being brought by Mr. Peel of Digby. Next.

MASTERS Owen and Willie Stacey have been visiting friends in this vicinity. They took a trip back to the beaver meadows, and report scenery well worthy of an artist's consideration.

To the delight of our juveniles, we were visited by a panorama representing scenes in N.W. Rebellion. Some of our young men got badly left, and of course exhibited feelings suitable to the occasion.

A. B. FIELD, we understand is about departing for a trip to the Metropolis. His successor is not known as yet.

LIFFORD.

Special to The Warder.

SOCIETY.—The M.C. Temperance Society held its regular meeting on Friday evening. The officers were all present, and there was also a fair attendance of members. The members entertained themselves very profitably for a short time with a question drawer, during the course of which the old hall resounded with many a burst of applause. The next meeting will be held on the next fourth Friday, (Sept. 23rd), and there will be a pound social with an admission fee of ten cents.

ALBERT Mills, a young man from this neighborhood, has gone to attend the high school at Lindsay with the intention of fitting himself as a teacher. We join in wishing our young friend every success.

NOT SINCE 1841.—An old and very reliable gentleman, in conversation the other day, told your correspondent that he cannot remember another season that has been so dry as the present one since the year 1841.

We wish her success.

RE-OPENED.—Our school re-opened on the 16th inst., with a very good attendance.

SERVICES.—Divine services are being held in our school house every Tuesday evening, by Rev. Messrs. Thom and Hamilton, of Sunderland. The attendance is very good and seems to be increasing, the school house having been crowded to its utmost capacity last Tuesday evening. Our sincere desire is that they may prove beneficial to all.

PRESENTATION.—Mrs. D. McNabb presented her husband with a fine baby girl a short time ago.

ELIZAVILLE.

Special to The Warder.

THE small boys of our village, a few Sundays ago had their good conduct stripe taken from them, for playing a practical joke on a gentleman caller. For comparison we will liken this young man to Job's illustrious turkey, with the difference, he had a whip instead of the feather. The gobbling capacities of both were equally great. He came out to have some fun, as he occasionally does, and the boys knew it, and hid his whip. Had they been around when he found out his loss, likely as not they would have got whipped. In fact in his terrible wrath, he really thought he could trounce three full grown men. Young man! let me give you some advice. Never let such a temper loose one minute. Never try to fool Manvers girls again, because we will not allow it. Come back on Sunday, and get your whip. Try and comprehend that Cartwright and Manvers, are different townships.

MR. Wm. Fair lost a horse on Saturday last. It dropped dead whilst drawing in a load of peas.

HARVEST is pretty well finished. Grain is yielding better than was expected.

MR. Geo. Rapier's little boy took a fit on Thursday, which he did not get out of for several hours.

ALL hopes has been given up for the recovery of Mr. Albert Preston's youngest child.
