is the order of the day. Cash will take anything in stock at very low prices. Call and get more than the worth of your money at the Palace Boot and Shoe Store.

L. MAGUIRE.

PLAIN TALK

We multiply our blooming efforts for Fall as the Season advances.

JUST LOOK,

Note the difference between a July price and an August reduction:

LADIES' PARASOLS

They were a bargain at \$2 and \$3. We will close them out at \$1 and \$2.

"HOW DO THEY DO IT?"

The wonder of the Business fraternity, but we neither explain nor apologise.

NOTHING IS THE MATTER WITH US

but we are determined to keep our stock new and fresh by turning it over quickly. Bargains in all Summer Goods, to clear.

Remnants, Remnants, at Your Own Price

NEW FALL GOODS arriving daily. Newest Styles, and Closest Prices in Town.

JERSEYS, JERSEYS. A beautiful range of Ladies' Jerseys, from \$1 to \$5 each. Do not see our Jerseys. A visit will convince the most skeptical that our statements are correct.

BELLEVOUE

Special to The Warder. Notes.—Though there is yet some grain out, harvest is over in general. A great deal earlier than last year.

LOYALTY.—On reading in the Belfast News, the report of the different Orange processions in Ireland, on the 12th of July, one could not help, but be struck with the idea that Orangemen is not the dying cause that some people represent it to be there. But a flourishing, well-organized body, showing constant improvement, moves in a grand way. May it be still greater both there and here.

ILLNESS.—We are sorry to state, that the youngest child of Mr. Thomas Robertson, has been seriously ill for some time past.

SCHOOL.—Our school opened on the 15th of August, and has progressed favorably since, under the competent tuition of Miss M. Long, teacher.

CAMERON. Special to The Warder.

Mr. J. W. Eyres long a resident of this vicinity is about to remove to Inverdale, Haliburton, Co., to engage in the general store keeping and the saw mill business. We wish Mr. Eyres much success in his new vocation and hope his future career in the Northern Country may be mingled with pleasant reminiscences of Cameron.

Mr. J. W. Martin our village merchant is about to move in a few days to Fenelon Falls, there to open up on a more extensive scale with a large assortment of groceries etc., to meet the growing demands of his many customers.

Choys here have been nearly all housed with the exception of some very late cuts. This being the earliest harvest for these parts in many years, the advantage of which will be beneficial to the farming class in the long fall, to prepare the ground for the coming spring.

Mr. W. Rice and his son Samuel are at present the guest of their relative Mrs. Dewel of the hotel here since his residence in Canada some thirty years ago Mr. Rice has noticed some very marked changes, he living in this section when Lindsay was a mere hamlet.

LITTLE BRITAIN. Special to The Warder.

FIRE.—On Thursday of last week the barn, stables and a quantity of grain belonging to Mr. Curtis Haskill, situated on the south half of lot eleven, in the fourth concession of this township, were burned, besides a valuable team of horses and a threshing machine, the property of Mr. A. Prouse, of Segrave. The origin of the fire is somewhat involved in mystery, but the supposition is that it was by a spark from the engine, it being a steam thrasher that was being used. The fire occurred at noon, when the hands were away to dinner, it being an outlying farm. One man was left in charge when the others went away, and the first intimation he had was to see the flames bursting out. An alarm was given, but from the inflammable nature of the contents little could be saved. Mr. Haskill loses only part of the grain, as he was drawing it away as it was threatened. Mr. Prouse loses his cleaner and a team of horses valued at three hundred dollars, the engine, in fact, of his threshing apparatus, being all that was saved. I have not learned what Mr. Haskill estimates his loss at, but I understand Prouse places his at nine hundred dollars.

BRIDGE.—The contract for building the new bridge was let on Saturday evening. It is to be hoped that the experience gained on the one that was put up last year will stand in good stead now.

CENTRAL MANVERS. Special to The Warder.

Mr. C. Hopwood, of Peterboro, is spending a short vacation in our midst, and is looking much better than when we last saw him.

HARVEST is over, and fall ploughing has commenced. The land is rather too dry to work up good.

Miss Sarah Somerville has returned home, looking well, after a nice vacation in Rochester.

The merry hum of the wide awake intermingled with the wail of the steam whistles, shows that the Messrs. Collins are again thrashing away as usual.

We are pleased to note that the young son of Mr. Geo. Kapler is convalescent. When the child was first taken with the illness it took George just thirty-five minutes to go to Belknap, a distance of four miles and bring the doctor. Pretty fast driving, eh?

You ask the reason why Johnnie Dundas was left on Sunday? Well! now, I won't tell you. But never mind Johnnie, try again some other time.

Mr. James Cowan, Elizaville, has removed on the farm recently purchased from the executor of the late Col. A. T. H. Williams. Happy may his sojourn in the little cottage by the mill be, and prosper his undertakings.

Messrs. Wilson and Johnson's steam thrashers, are again actively engaged separating the grain from the chaff. There is keen competition in the thrashing business this year, but if experience the preference is given, these gentlemen will surely reap the greatest reward.

Miss Maggie Rutherford, is spending her holidays with her parents at Fenelon Falls, that she may have an enjoyable time in the wish of her many friends here.

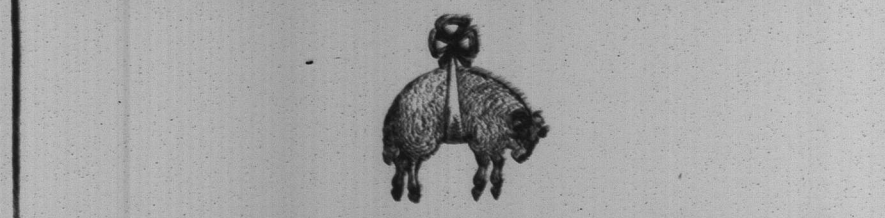

The last regular meeting of the Lifford Temperance Society, was held on Friday evening, Aug. 26th. The weather was splendid, but the attendance less than could have been reasonably expected. This, however, did not tend to diminish very much the interesting programme of the evening.—A question drawn. Some of the questions submitted are indeed worthy of mention, both for their interest and suitability. The one, "Is it right for temperance people to raise barley," knowing that it is used in making intoxicating liquors, was dwelt upon at length by the president and some members, whose remarks summed up were as follows. Since the Divine Creator placed that cere, in the world for use, whole, and full of nutriment to man and beast, blessing the farmers efforts by abundant crops, and commanding good prices, by which they lived and supported their families, and that it was not more liable to be misused than other grains. Therefore, it was perfectly right, even though man did make an improper use of it by manufacturing those intoxicating liquids to which they were so much opposed. The next, "What kind of being inhabit the moon," was readily handled from Fenelon, and intended making the town of Lindsay his future home.

This bee at Mr. Beer's on Saturday last was well attended, and the boys had a good time.

Mr. J. White, Balbyville, has made an agreement with Mr. G. Benson, Elizaville, to work his farm on shares next summer.

The committee appointed to get up the tea at the Brick Church, are using all means within their power to make it a success. Appreciate such endeavors and give your girl an outing boys.

Save Your Cash.

A Dollar Saved is Better than one Earned.

To earn a dollar requires the labor of both head and hands. Now we can give you an infallible rule which, followed, will save you many dollars in one year, and all you have to do is simply to use a little judgment and common sense.

On many small items we can save you all the way up from one cent to fifty, and we have decided to make it really worth money to all parties requiring DRY GOODS to pay a visit to our store and fully investigate for themselves. Seasonable precaution has made many men wealthy, but he who experiments squanders his substance. In saving you money, we mean when all things are taken into consideration—quality, price, style, and the many advantages offered by us each week.

Many houses circulate very tempting advertisements as a bait to draw the crowd, such as "Selling at and below cost," "Trade Sales," etc., and when they get the purchaser inside their doors say that the goods advertised are all sold, very sorry, etc., and then they make it appear that all their goods are sold at the same low prices. That this was not the case, many have found when it was too late. The surest way to get the full worth of your money when you buy goods is to go to a reliable house, where the prices are uniform, where you have confidence in the person who sells, and where you will not be deceived. All readers of this advertisement are referred to our House.

LOCAL JOTTINGS.

URBAN AND SUBURBAN.

300 CHAMBER SETS, must be sold at cost to make room for new stock. A. CAMPBELL.—83-5.

EXTRACT OF BLACKBERRY ROOT.—Sore cure for Diarrhoea, Dysentery, Cholera morbus, and Summer Complaints. 25cts., a bottle at FERRIS'S.—87-4.

CENTRAL FAIR.—This week the handsome posters, turned out in THE WARDER office, announcing the holding of the above Fair, are being posted. The date is Sept. 30, 31 and 2d.

A LADY SERVANT.—Albert Goodall, the young man who was proved by Detective Chalky, while carrying away goods from the store of G. A. West, No. 149 Young street, which he had twice robbed, pleaded guilty before the magistrate Tuesday, and as it was shown that he had previously borne an excellent character, he escaped with a sentence of ten days imprisonment.

SPANISH GINGERBREAD AND CALIFORNIA ROOT BEER.—Manufactured by T. J. Brady, Lindsay. This is a valuable recipe for a cooling and refreshing beverage, and is compounded of ingredients, highly calculated to assist the stomach, and is recommended to persons suffering with dyspepsia or sick headache. It is much used in European countries, and persons having once tasted its virtues will constantly use it as a common drink. For saloons or groceries, no temperance beverage will cost it less.—73-4.

THE CAMBERSETTING AT BOBAYGEON.—By some oversight arrangements were not made by the committee to secure the Bobcaygeon and Palome for the excursion last Friday to the camping ground. As a result very many assembled at 8.30, but there was no steamer till the steamer left at 11.30, her regular time. However, she carried all who remained, at excursion rates. The lecture by Rev. R. A. Stanford was a decided success, but the extremely cold weather prevented hundreds from remaining under canvas who otherwise intended doing so. However a goodly number remained.

PROMPT PAYMENT.—As will be seen by Mr. Butterworth's card in another column, the Lancashire Insurance Company have been exceptionally prompt in settling his claims caused by the recent bush fire. Other companies should follow suit as it is distressing enough for a poor settler to lose all his belongings and perhaps his goods, without having to wait three or four months at this time of the year before he gets his insurance or is in a position to rebuild. Insurance companies would do well to waive their strict rights in such cases. The Lancashire's action is commendable. Mr. Macwood, of Victoria Road, is agent for the Lancashire.

SCHOOLS RE-OPENED.—On Monday, 29th August, (a date well known to the school-boys) a multitude of happy faces beamed once more in our town—after a lapse of about two months from the benches of our high and public schools. Very few are absent. Besides many new students have presented themselves. We are glad Lindsay high school is being recognized and patronized by those desiring sound education, as the new staff, with the thorough headmaster, Mr. Macdonald, are setting to work with renewed vigor. Let us hope that Lindsay high school (collegiate institute) shall be second to none in the province.

CALL AND SEE OUR colored chamber sets, to be sold at cost. A. CAMPBELL.—83-5.

CALL EARLY and get your choice of our 200 chamber sets, to be sold at cost. A. CAMPBELL.—83-5.

HOUSE TO RENT, in Jewett's Terrace: K. D. ORR, Lindsay, 14 July, 1887.—82-4.

WANTED.—Graham & Lee, are prepared to buy first class table butter, and are paying highest market prices in cash.—82-2.

WELL DONE FOR LINDSAY.—At the Dominion rifle matches there are 450 shooting, and Lindsay men have already won 7 prizes.

METHODIST CHURCH, SUNDAY.—A harvest festival will be held in Scotland on Thursday, Sept. 8th, when a grand time may be expected. Dinner served from 12 to 1.30; tea at 4 p.m. Music by Dalrymple choir.

NOTICE.—Having on June 1st, 1887, taken a partner, I have placed all personal and notes due me up to that date in R. H. Hopkins' hands for collection. A prompt settlement will oblige. G. L. COULTER, M. D.—81-4.

WE HAVE SOLD OUR BUSINESS.—Those having accounts and notes, most amicable before Oct. 1st, or accounts will be placed in court. A collector will be found in the old office at a short time to settle accounts. Last notice, BRADBURN & Co.—82-2.

GAS (VITALIZED AIR).—Mr. Neeland extracts teeth for thousands of persons without pain or injury. Numbers are wearing beautiful artificial teeth 16 and 20 years, made by Mr. Neeland and never required one cent worth of repair.—74-4.

THE RYFES ASSOCIATION from Lindsay have done remarkably well at the Dominion matches, Ottawa. Prizes have been won by Messrs. Williamson, Oliver, Robinson, Sylvester and Hughes, and all five are well up, as yet, being among the first 50 for Wimbledon.

NOTHING LIKE LEATHER.—W. H. Harper, having opened a new harness shop at Oakwood, will soon on hand a large stock of ready-made harness, which the public would do well to see before purchasing elsewhere. Callers a specialty. Jobbing promptly attended to. All work guaranteed.—82-4.

WOMEN OF WILSON.—We take the following from the *Warder* correspondence of the Brighton Herald of July 31st:—"We have some news this week, for our new preacher has got married; but alas, to none of the Wooler maids. Dear Mrs. Marvin, you ever were well by criticism, for you must know you are the first minister's bride Wooler ever welcomed. We hope we will like you. Everyone—no, nearly every one—liked Mr. and Mrs. Dunkley so well, now that they have gone; but 'strange we never saw the girls; must till the event voted kind to flow.' That seems to be the way with Wooler. We hope we will prize you in time, and pay your salary, Mr. Marvin."

FIRE.—On Tuesday afternoon residents in the vicinity of the fire hall were aroused by a sudden jerk upon the fire bell, then a rushing of orders to the scene, all anxious to do their duty in this time of need for to do it proved, so the house occupied by Mr. Reynolds, in the neighborhood of the station, had accidentally caught fire. But by the quick action of the firemen the property, which was owned by Mr. Theo. Cull, of Opa, was saved from entire destruction. The house is a wooden one, and the flames spread rapidly; however the main part of the building remains. The loss partially covered by insurance. Mr. Reynolds' loss is great also, as his furniture was either partially burnt or destroyed by water.
