REMEMBER the excursion by C.P.R. to Winnipeg, on Tuesday, 20th September. Return tickets only \$22 return. JAMES H. LERSON, C.P.R. Agent, Lindsay.—91-1.

A CHURCH AND SUNDAY SCHOOL ANNIVERSARY will be held at St. Peter's, on Wednesday, Oct. 5th. Tea served from 3 to 6 o'clock, with music, speeches, recitations to follow.

NOTHING LIKE LEATHER.—W. H. Harper, having opened a new harness shop at Oakwood, will have on hand a large stock of ready-made harness, which the public would do well to see before purchasing elsewhere. Call on a specialty. Jobbing promptly attended to. All work guaranteed.—82-4.

We are showing nice fall dress goods at 10c, 12 1/2c, 15c, and 20c. Fall wraps and good quality of cloth and wool. S. S. Ritchie.—91-2.

A STORMY VOYAGE.—The crew who went to Lindsay by the steamer Eva, to see the circus, had a stormy voyage, so there was so strong a gale from the north-west that the waves ran "mountain high." But the Eva is a staunch little boat, and being ably handled, brought her passengers safely to shore, though a few got very wet and a good many were badly frightened.—Fusion Falls Gazette.

A GOOD CITIZEN THROUGH PENNSYLVANIA'S SCOTCHMAN IN HIS ENTERPRISE.—For several weeks past Mr. Sylvester has been trying to obtain good water on the lot upon which he is building his new residence. The difficulties he had to contend with were local springs or leakage of the surface water through the surrounding wet soil, which was so great that the diggers were discouraged, and refused to proceed with the work, although during all this time they had only got down about 25 feet. On Saturday Mr. Sylvester received to drive a tube down through the hard packed, sandy clay. A few minutes before noon, when the men driving the tube with shovels were near the bottom, when to their surprise just as they were about to abandon the tube the tube suddenly went down several inches, a rush of water through the pipe immediately followed. The drill was then inserted in the tube and was pushed down by hand two feet below the water through smooth loose pebbles. The drill was then taken up and other pipes attached to the tube until a height of nearly 20 feet above the surface was reached—the water still forcing out of the top, the depth of water from the surface being 20 feet. We congratulate Mr. Sylvester on his success.

SOMETHING NEW.—Gold dust, corn meal. Try it. To be had at A. CAMPBELL'S.—58-3.

CALL AND SEE our new stock of literary and other lamps. New designs, and very low. A. CAMPBELL.—58-3.

Call and see how we verify the statements we make in the newspapers. S. S. Ritchie.—91-2.

FROM SCHOOL CURRICULUM.—The only change in the old regulations issued by the education department is that, English will not be required from candidates for Third Class certificates.

WRITING WORK for Lindsay Tradesmen will doubtless be finished this winter by the new College Institute. Already orders are given for the stone, which can be finished in winter. Other work can be done in the winter. The money will be put into the pockets of the people.

LITERARY ENTERTAINMENT.—Don't fail to attend the interesting and instructive five lectures entitled "Harmonies of Creation," by Professor Webster, under the auspices of the Lindsay High School Literary Society. Collection taken in aid of Literary Society at the class. A. H. HUBBARD, chairman.

ANOTHER WONDER on Mr. Sylvester's building site was discovered yesterday. The workmen when leveling the grounds, in cutting through a high bank in the north-west corner, suddenly came on a natural excavation about seven feet deep, and eight feet across, filled with water. Now a considerable stream flows constantly from the hole.

IN THE EXTRA SERIES rifle match on the 25th inst., an eye opened righted rifle, Winchester, Baller or Winchester was used. Therefore let Lindsay sportsmen come along and defeat the outsider riflemen. The distance for that match is 200 yards; position of firing, lying down resting the elbow on the ground; ball's eye 8 inches, etc. Come along and win.

BASE BALL.—The Midland Free Press says—"Efforts are being made to arrange for a game between the Midland and Lindsay base ball clubs. The Lindsay club is one of the best in the Midland amateur league. If arrangements can be made the game played at Lindsay, and we are confident the Lindsay boys will give a good account of themselves." New Lindsay show up at once.

THE COAL FIELD.—Nothing is done at present at the coal mine in Rawdon township, which we noticed some weeks ago. We believe further investigation is to be made, to learn whether the deposit is worth mining. An experienced gentleman of Pennsylvania, will visit the place during this month, when perhaps the question of the existence or non-existence of coal will be set at rest.—Campbellford Herald.

GREEN.—Through the good of some property owners, Lindsay seems likely to lose the great gain the workshops should confer on the town.

Just dot it down. We are selling ladies' jersey jackets from \$3.95 up; ladies' blouses, from \$4.00 to \$20.00 each; ladies' dolmans from \$7.00 to \$12.00; new and stylish goods. Ask to see them. S. S. Ritchie.—91-2.

HYMENAL.—Under the marriage heading in another column will be found an announcement of interest to a good many in this town, being the marriage, in Grinnell, Iowa, of a former Lindsay boy, Mr. "Mac" McDonald, to Miss Nellie Tucker, a young lady of Grinnell. "Mac" is now living in Oakwood, Iowa, and his many friends here join with THE WARDER in wishing the young couple success. In referring to the event, the Oakwood Saturday Globe among other things says—"The wedding was the result of many useful and valuable presents. Their future is so good, but certain prosperity, for labor and good sense win it."

A LINDSAY BROTHER HERO PASSES AWAY.—We are called to relate the death of an esteemed young man in the person of Mr. Robert Smyth, Lindsay. Mr. Smyth had been ill for some time, but early Tuesday evening he quietly passed away. This is the second son of this family who just in the prime of life has been called away, within a short time of each other. The funeral will be held at the residence of the deceased, Mr. Robert Smyth, Lindsay, on Friday, the 16th inst., at 10 o'clock. The family have the sympathy of the whole community in their sad bereavement. The local militia, the True Blues, Orange Boys, Orangemen, and the members of the various lodges, will attend the funeral, which will be held at the residence of the deceased, Mr. Robert Smyth, Lindsay, on Friday, the 16th inst., at 10 o'clock.

LOOK OUT for Harry Lindley next week. Chas. Fairbank, Esq., has just returned after a tour of the west.

Mr. Stephenson has been enjoying a visit with friends at Rosedale.

Four good young horses for sale only at THE WARDER OFFICE.—58-11.

W. R. Cavanna's sale at Victoria Road continues. Goods are going rapidly.

Miss Addie Flint, one of the favorites of the stage, will appear with the Harry Lindley Co. next week here. Her popularity is on the increase yearly.

Mr. A. Cass, of Hamilton, having secured a third class certificate, proposes attending the Lindsay Model School this term. We wish him continued success.

The Medical College reopens on Monday, 3rd October. It is expected that there will be an increase in the number of students in the Women's Medical College.

The congregation of the St. John's church Dunfermline holding a grand Harvest Home and thanks giving festival on Tuesday, Sept. 27th. Grand time is expected. Tickets, 25 cents.

Councillor Connolly, while sitting himself in a cab two days on his last, a thoroughly mechanical genius, though lacking in collar bone. But his services will be at the town's disposal by next council meeting.

For good stove wood Messrs. A. W. Parkin and Sons have the finest supply they have held in for years. It is of superior quality. Now before we wash our coats in is the time to lay in a good stock of winter wood.

The natural taste in nature great garden are beginning to appear in all their beauty. Like the plant and herbs the trees have been affected by the drought and are putting on their fall dress nearly a month earlier than they usually do.

Mr. Mallon is getting a steam engine suitable for his wood yard in the East Ward, and all customers will be required to do, is to leave order and length required and Mr. Mallon will be most happy to accommodate. Telephone connection.—63-4.

The big wheel which disturbed Burnham and the first in town on Wednesday, and a fire, which destroyed the whole village of Newburgh, near Napawa, doing \$250,000 damage. The Lindsay Town Council granted the village suffers \$50, though out North, poor settlers are deprived of their all and are never satisfied.

Messrs. A. W. Parkin and Sons are busily engaged completing their shingle mill in town. New and improved machinery is being placed and all will be in working order soon. They are also constructing a new wharf and dredging the river wider along their property. Thus the public will profit by private enterprise.

The Rev. M. L. Parron will occupy the pulpit of the Methodist church next Lord's Day, both in the morning and evening. At the evening service the second of a series of autumnal discourses will be delivered to young men. Subject: "The Grand Terminal."

Philly St. John, Esq., of Hamilton, father of Brock's deputy reeve, was in town this week looking for a house. He purposes moving here to live retired. He is one of Brock's most respected citizens, and a member of the well known St. John family.

The Rev. M. L. Parron will occupy the pulpit of the Methodist church next Lord's Day, both in the morning and evening. At the evening service the second of a series of autumnal discourses will be delivered to young men. Subject: "The Grand Terminal."

Side matches on Friday 30th inst, all day. Everyone will be glad to see Harry Lindley again.

Read THE WARDER'S proposal on the editorial page.

Look out for the new play "Shipwreck on Stony Lake."

Step over from the Fair and attend the Rifle matches on the 25th.
