

THE TORONTO DAILY AND WEEKLY MAIL

MARIPOSA GRAIN ELEVATOR. Hogg Bros., of Oakwood, deserve commendation for energy and enterprise in pushing forward to completion a fine grain elevator.

TO TEACHERS AND STUDENTS. Several teachers have asked us to call them copies of THE WARDER as of Victoria county and district surrounding.

THE GRAIN TRADE.

The grain market for the fall of 1887 is now fairly opened, and farmers are realizing more than average prices, as compared with recent years.

SOUTH VICTORIA FAIR.

A few suggestions relative to next year's South Victoria and Lindsay Central Fair may not be out of place.

EDITORIAL NOTES.

North Victoria, Semerville and other fall show reports, will appear in next week's WARDER.

Corrections in paying up small accounts is a habit of many good people. Kindly get over the habit so far as concerns the printer.

Stripes' second article on the "Scott Act" has been received too late for this issue. We almost regret he had not first read "Temperance's" article in this issue.

Lindsay masons and carpenters are working to their utmost capacity to fill contracts. There are several outside skilled tradesmen here too, and others would find lots of work. Good for Lindsay.

Our thanks are cordially extended to the North Ontario Times, Fort Hope Times, and other journals, for fraternal congratulatory notices. Our aim ever has been to treat contemporaries as gentlemen, and we feel therefore pleased to see our efforts recognized so kindly.

Last week we were somewhat late in issuing THE WARDER. This week we are only one day late. Next we hope to be sharp on time. We thank our friends for kindly bearing with the delay; for some of them have moved, and know what ordinary fitting is. We have moved, set up our new press, and changed the size and form of the paper. So under the circumstances the delays are excusable.

A triumph for Lindsay was accomplished at both the Ontario Central Fair at Fort Perry, and at the West Durham Fall Show at Bowmanville recently, by the magnificent display and prize taking by Sylvester Bros.' agricultural implements, made in their extensive works here.

It is cause for regret that they had not their new Steel Binder ready in time to exhibit at Lindsay Central Fair, as that caused them to relinquish their intention of exhibiting at all. However, great things next year may be looked for from that enterprising firm.

Capt. Ross, of this town, who was among the first to lead in the agitation some years ago, in Great Britain, against allowing vessels to go to sea overloaded, is again bestirring himself in regard to protecting the sailors.

The recent foundering and wrecking of vessels on the upper lakes, especially the California, whereby several valuable lives were lost, has caused Capt. Ross to act here as he did in England. He is who led the agitation that finally induced Mr. Pimlico to have the act passed which has saved so many sailors' lives. There seems no doubt the California was overloaded. There is also a suspicion that vessel owners are frequently only too glad to lose unseaworthy craft towards the close of the season.

Public opinion, especially in shipping ports, should at once assert itself against the practice of overloading vessels, and of allowing unseaworthy craft to sail for the rest of this season, as this is the time of heavy storms.

THE ARBITRATION DELEGATION.

LIVERPOOL, Oct. 4.—Sir John Lubbock and Messrs. C. V. Morson and Halley Stewart, all members of Parliament, called here for New York to-day on the steamer City of Chicago. They go to America as members of the international arbitration delegation.

THE FRONTIER AFFAIR.

FAIRBANKS, Oct. 4.—The Municipal Council of Fairbairn propose to grant \$5000 from the widow of the game-keeper Begman, who was recently shot dead on the Franco-German frontier. The grant is being opposed by a protest against the widow's receiving any indemnity from the German Government.

A Sociological Point.

DUBLIN, Oct. 4.—Father O'Leary of St. Louis is delivering an oration on Patrick Sarsfield at Elmwood yesterday, avowed that he was a Socialist and rival of Balfour, as was every Irishman. He denounced the police as the vermin of Ireland, and said they would be driven from the country when they ceased the Government's will.

In Arrears Against General Blaine.

LONDON, Oct. 4.—Advice from Beirut, Afghanistan, says that Omara Khan recently defeated Abu Bakur, one of the Akhund of Herat, and the latter reported the chiefs of the neighboring tribes to punish the victor, and that the whole of Herat has risen against Omara.

Suffocated by Gas.

CHICAGO, Oct. 4.—Edward and Thomas Homan were found dead in bed at their hotel this morning suffocated by gas. They came from Dakota and were en route to Canada. The two were brothers.

Death of the Hon. John B. Finch.

BOSTON, Mass., Oct. 4.—John B. Finch of Nebraska, the well-known temperance advocate, died suddenly in this city last night.

Deaths.

McNALLY.—On 6th October, the wife of S. A. McNally, of an age.

Stratton.—A. Stratton, on Wednesday, 5th October, by Mrs. W. B. Taylor, Methodist clergyman, by Rev. H. Small, Registrar of the Sole, and Miss Eliza Stratton, both of Lincoln.

IMPORTANT ANNOUNCEMENT To the Public.

During our long and active experience we have given our particular attention to the study of Teas and Coffees, and have always tried to keep on hand the best samples of those products the market could supply. Our efforts in this direction have been successful, and we have in consequence received many commendations and constantly increasing support from the public; and these facts have led us to believe that by dealing chiefly in these commodities we will find ample and profitable scope for our means and energies.
