Nothing succeeds like Success

One month of business success since we opened out on the 1st of September. We have found trade good, in fact a portion of the time we were not in readiness to do business, but in spite of the circumstances the public have appreciated our efforts to give them good, new, seasonable goods at prices not reached by the trade in general. The question is repeatedly asked me, "Is this business your own, or are you managing it for other parties?" All I think it necessary for me to say 18, the business is my own, and it is my intention to give the public of Lindsay the best, the newest, the chesp-st goods to be had in the trade. In fact our stock we found too large for our premises which we occupy, and have opened a branch at Penetang, where we have shipped the Goods not required for our Lindsay trade. If capital business experience and careful attention to customers is a proper gauge of whit we can do, we feel sure by trading with us we will are you onside rabe money on your Fall and winter purchases

N. B .- We have a first-class city Carter to our wird red Nothing Dept., who comes to us highly recommend in the information
