THE ANARCHIST'S APPEAL.

THE SUPREME COURT REFUSES THE WRIT OF ERROR.

Unless the Governor intervenes the Court decreed that the writ be granted. The Anarchists in New York Greatly Excited Over the News.

WASHINGTON, Nov. 2.—The decision of the U.S. Court upon the petition for a writ of error in the case of the Chicago Anarchists was announced this afternoon by Chief Justice Waite in a long and carefully prepared opinion...

They have nothing to say. Chicago, Nov. 2.—The first news of the decision was taken to the County Jail by an Associated Press reporter, Jailer Foltz said: "Well, it is just what we expected."

THE FEELING IN NEW YORK. The Anarchists There Make Dark Threats to the U.S. Supreme Court.

NEW YORK, Nov. 2.—The Anarchists of the United States Supreme Court, feeling to interfere with the hanging of the Chicago bomb throwers.

Otto Finsterlin, who is connected with the Anarchist society in this city, when questioned as to the hanging of their Chicago brethren said: "We have formed a society, composed of a pair of death to kill 100 men for every man of our society that is killed, and in the event of one being struck down in the attempt to do so there are ten others only too ready to take his place."

But the police are watching your movements and will adopt every precaution to prevent a riot, he said.

"Oh, that is all both," he said. "The police know as little about our society as about its objects or about our meetings as do the about the man in the moon. They know of only a few men like Herr Most—men who talk but never act. Besides, will it be surprising to you to know that we have a good many of those very police enrolled in our ranks who will notify us of every secret and every unsanctioned arrangement of police headquarters."

Anthony J. Greig, an Irish-American revolutionary, whose extradition from the U.S. was refused by the English Government and refused by President Arthur, and who became a prominent leader of the Anarchists shortly after, in reply to the reporter's interrogations said: "The Anarchists as a class have for some time past been subject to gross vilification and misrepresentation. Their movements and meetings have been grossly exaggerated and everything unbecomingly and unbecomingly has been credited to them. But in the case of this decision the power of the Anarchists, their numbers and the influence they wield, will become apparent and prove a most formidable menace to the stability of our so-called American institutions. The red flag will not alone be hoisted, but every man, woman and child identified with the movement of these Chicago Anarchists will receive more police protection than did James Curry, the Irish informer, or Secretary Edward Gurney, the assassin of Abraham Lincoln. There are 10,000 Anarchists in this city alone, ready to do and dare and die, if necessary, to avenge the murder of these men, out with it will. We have an eye for an eye and a tooth for a tooth."

Here Most refused to say anything.

No Fear of Open Violence. CHICAGO, Nov. 2.—The streets about the jail are perfectly quiet. No crowds have gathered and no incidents of any sort have yet occurred. The police are prepared for any emergency, though they say they have no fear of any uprising or open violence.

An Old Soldier's EXPERIENCE.

"I wish to express my appreciation of the valuable qualities of Ayer's Cherry Pectoral."

As a cough remedy. "While with Churchill's army, just before the battle of Vicksburg, I contracted a severe cold, which terminated in a dangerous cough. I found no relief till on our march we came to a country store, where, on asking for some remedy, I was urged to try AYER'S CHERRY PECTORAL."

"I did so, and was rightly cured. Since then I have kept the Pectoral constantly by me, for family use, and I have found it to be an invaluable remedy for throat and lung diseases."

Thousands of testimonials testify to the prompt cure of all bronchial and lung affections, by the use of AYER'S CHERRY PECTORAL. Being very palatable, the youngest children take it readily.
