A WAY FEELS DAY GOONS CLARK was walking along Kent St. a few days since when he met a friend, who, although employed in a similar capacity, bore the roddy glow of perfect health. Whatever is the matter with you asked the healthy man? In hard plaitive tones the reply came, I am working for a man who never advertises, and looking over the counter looking for customers has contracted my chest and brought on rapid consumption. His friend took him by the hand and said go and ask Mitchell on Kent St. for a job, he is always busy, the only time his chest is troubled with consumption is if he had time. You will get exercise enough there.—10c.

Two doors east of the Day House, Kent St. Lindsay.—50c. MESSRS. MOORE BROS., painters from Lindsay, are putting the finishing strokes on the Baptist church this week. Owing to the unfavorable weather of last week were delayed. Everybody seems satisfied and pleased with the work and the workmen are to be congratulated. Already the neatness and attractiveness of the building are a thing for good in the way of increased congregations and interest.—Fort Perry Standard. THE COLD WEATHER AND THE POOR.—With all these ladies who take interest in work among the poor, meet in the rooms of the Mechanic's Institute, on Wednesday, Nov. 30th, at 1 p.m., in order to see what may be done to promote the welfare of the destitute class during the cold weather. The ladies contribute to the shape of cast off clothing, left at Mr. Gregory's drug store, will be thankfully accepted by the committee and distributed among the needy. A GARDNER township special informs us that one day recently, while Mr. and Mrs. Wood, Mr. and Mrs. McPherson, and Master Charles McPherson, were driving towards Monmouth, and when just at the top of a very steep hill the tongue of the carriage ran through the neck yoke, causing the horse to run away. The two drivers escaped with but few injuries, but the other four were seriously injured especially Mr. Patterson. They will recover. The accident has cast a gloom over the district as all are highly respected. SOME PORT PERRY SEAMEN recently under took to run the Anglo Saxon steamer down to Hill Point. When out a few miles on knowing more than the others, discovered that little water in the boiler. The steamer meanwhile was fifty making things heavy. One of the earliest seamen made a dash and went overboard, trusting to his swimming powers. He escaped. Another scotched himself in the cool house, while a third less important than the others, succeeded after a time in getting water into the boiler, and then "a' west weel." The affair created quite a sensation in the Port. A. H. BRACK, capt. of the Regan Boys' Distributing Home, Toronto, has just passed through this district visiting the large block-out among farmers. He found them well cared for and on the whole giving satisfaction. Mr. Brack wishes us to say they are not reformatory boys or of the criminal class, but are chiefly the sons of widows and the deserving poor. Before coming to this country they were well trained, and are specially selected for Canadian service. Any information respecting the hundreds coming out in the early spring will be given from the above Home, or reference may be made to the Canadian Consul.—H. F. DUFFY, Esq., Gt. North Western Telegraph Co., Toronto; W. Goodrich, Esq., Canada Permanent Building Socy, Toronto and J. Holley, Esq., M.C. say Times office, Toronto. THE EVANGELISTIC MEETINGS conducted by Crossley and Dewey, have been largely attended, and most successful in the purpose for which they are held. Last Sunday evening the church was well filled, and some stood up asking for the prayers of the church. The song sermon on Tuesday evening was a novelty in this town, and was much appreciated. Both the sermons are correct, and profitable, and not only preach, but give the gospel with great power and pathos. They are methodist ministers, who because of their special interest for the worthy are appointed evangelists at the last meeting of their conference. It is expected they will continue their labors here for some time. Next Sunday, they will conduct both services and hold a meeting every evening during the week. Song sermons on Tuesday and Thursday evenings. A DUMB CURATOR.—Recently Mr. Hart, of Newara, made himself famous by catching a wild fox in the open field. Lately, however, it has been crowded in one town. Three swells, my friend Lindsay, were going along east of Hill, when one of them espied a fox lurking in a field between the road and Pines River swamp. Some cattle were also near by. The trio stealthily tied the horse. One retraced for a gun, while the others advanced. The fox was seen, and was shot and blown as if by running. The "hunters" thinking of Mr. Hart's exploit, thought of catching it alive. It allowed them to approach within a few feet. They crept quietly through the fence. One reached forth a stick and tickled the dog's nose. Then the held his suggested itself to him to seize it. He reached forth his hand, tickled his nose, and with heart beating high, was about to seize the fox, when he felt a terrible prod at his chest, and he made a mad dash for the road. The second ripped his nose between, and finally his comrades helped him to throw the dog. Then they made a bolt for the fence, and had barely crossed when the fox dashed against it, knocking off five or six ribs. Forth then a neighbor came up, and the deer knowing him, quietly walked away. It was Mr. Fox's pet brook.

R. BRYAN Esq., Lindsay's coat, coat, lumber and shingle king, is daily receiving fresh cut timber from the mines in Pennsylvania. He having a customer list at Fort Hope. BREVETTES. Look out for our new story "Valerik." BREVETTES has now a Mechanic's Institute. Good for? Mr. Joseph Murphy, of Franklin, visited town last week. Mr. Stewart Payne has rented or sold all his fine farms. Rev. W. Lagan of Fenelon Falls was in Ottawa this week. There is no truth in the report that Lindsay hotels are closed. Remember Jan. Bryson's sale in South Hampton on Nov. 30th. Those wishing a perfect cutter should visit Douglas Sinclair's show rooms. The government has decided to establish a custom house at Fort McLeod. It is rumored that Mr. Scott, of Napanee, will start a paper mill at Fenelon Falls. Mrs. Fort of Bowmanville is a guest under the parental roof of J. B. Koonson Esq. Henceforward all return tickets on the Grand Trunk will be good for thirty days. Fenelon Falls wants, and very properly wants the bridge over the canal constructed. An epidemic of typhoid and malarial fever is prevalent in Ottawa, and the citizens are becoming seriously alarmed. Mr. Joseph Byers has started store at Fenelon Falls near Burnt River P. O., success is sure to attend him. Mrs. Geo. Morrow, of Pullman Ill., is at present on a visit to her father-in-law Mr. Morrow and family in Lindsay. James Varcoe Esq., of Creswell, Mariposa, has sold his property there, and purchased in Lindsay. He moves here on an early date. The members of L. O. L. 567 are requested to be present on Tuesday evening Dec. 13th, as matters of importance will be discussed. J. S. Murphy's Company played here last week to a full house. Murphy himself is fine. Miss Marlowe was a former visitor with several in Lindsay. Wm. McKean Esq., of Kirkfield paid Victoria a flying visit last week. His large railway contract in Maine engrosses his attention. The Peterboro Times seems to be "a-humping." It is issued and delivered before 7 o'clock a.m., has its own telegraph wire and operator, and, in short, is fairly booming. Last week a young man named James Fair was stabbed in Ontario by another named Healy. A warrant for the arrest of Healy was issued, but he escaped. Rev. Hamilton Magahay, son of Samuel Magahay Esq., of Lindsay is on a visit to his parents for a few days. Magahay is stationed at Wilberforce in Monmouth. At the fall meeting of Elgin teachers' association, held a day or two ago, resolutions were passed condemning the utterances of Bishop Cleary regarding the women and girls of Canada. Patients and others afflicted with any chronic disease of the eye and ear, not failing to call on Dr. Potts at the Benson House during his next visit, Nov. 28th and 29th inst. The Oddfellows gave Lindsay another treat on Wednesday evening last. Mrs. Scott Siddons appeared as an entertainer before a grand concert in the Grand Opera. She retains her old time ability. Mr. Monte of Robinson spent Wednesday in Lindsay. Being vice-president of the Mechanic's Institute there he was asked to state his claims to the County Council in session here, for the grant. He is an able speaker. Mr. Scully of Emily called at our office and informed us he must be the person referred to as the "dishonest farmer" in last week's WARDER who was charged with watering his hay. Mr. Scully denies the charge and states that our informant at that time failed to pay for the full weight, but finally did so, and on inspection could show no dampness in the hay. All he threw off was twenty five pounds. THE DEATH OF MR. E. B. BORLAND. Through the kindness of Mr. Fitzgerald, of Fenelon Falls, brother-in-law of deceased, we are permitted to publish the following notice which plainly shows the high standing of Mr. Borland in the west: OFFICE OF H. BOSWORTH & SONS, 302 & 320 EAST WATER ST. MILWAUKEE, WIS., Nov. 7th, 1887. GENTLEMEN:—It is our painful duty to announce to you that Mr. E. B. Borland, who had faithfully served this house as a traveling salesman for a number of years, lost his life on the night of the 29th ultimo by the wreck of the steamer "Verona," which went down during the terrible storm which caused such frightful loss of life and property on Lake Michigan during the close of last month. Mr. Borland's body was picked up by a brave fishermen off Two Rivers on the 23 of this month, and his funeral took place from his home in this city on yesterday. You and we have lost a friend, and we make this announcement in the spirit of our mutual sympathy for his numerous friends and family, and as a tribute to his memory. Yours sincerely, H.
