STALWART, MICH., Dec. 24th, 1887.—To The Editor of The Warder.—DEAR SIR.—I have just become aware that my subscription to THE WARDER has expired, and in remitting for another year, I must express my thanks for the pleasure I have derived from the perusal of the columns of your paper since November 1886. I spent the first twenty years of my life in Durham and Victoria, and still have a deep interest in the welfare of my early friends in these counties. I must congratulate you, on having secured the services of such a number of able correspondents. Their heavy contributions afford me a rare treat each week. I read your political articles with satisfaction, but I must confess, that now as I have become a full citizen of the United States, I regret that you are beginning to occupy an important place in my heart. No wonder either, for all that I know of government or political institutions has been drilled into me since I struck Allegany soil. Of all the valuable features of your paper, the one that interests me most as a teacher, is the attention you give to school items. Apparently a great number of your subscribers and contributors are school teachers. I believe you to be a friend of the teacher, and I hope that for the benefit of the fraternity, you will continue to keep the columns of THE WARDER open for the discussion of educational questions. A county association with THE WARDER for an outlet, would be a boon to the profession. However, I am well satisfied, and wishing THE WARDER a happy and prosperous New Year. I hope to welcome it at my address during 1888. JIM MORROWSBY, Chilpano, Ga., Mich.

SAVY ST. MARK, Mich., Jan. 8.—The first through freight train, containing four, arrived here from Minneapolis at 4 o'clock this afternoon. The train consisted of two engines and nineteen cars. They left Minneapolis Friday afternoon, but met with heavy snow-drifts. On reaching here the train met with an enthusiastic reception, hundreds greeting it at the station with loud cheers. The train was transferred at this point to the Canadian Pacific Railway, who will rush it through to Boston. This opens up the fastest freight passenger route from the Mississippi to New England. Eighty-three cars of flour will follow this contingent in four trains.

The City Dry Goods & Tailoring House, Lindsay

Re-opened under its former Management.

Grit and Perseverance Overcome Difficulties

He who cannot bear the burden and heat of the day is not worth the salt, much less the potatoes.

We are not to be put out of heart by difficulties; they are sent on purpose to try the stuff we are made of, and depend upon it, they do us a world of good. There is a reason why there are bones in our meat, and stones in our land. A world where everything was easy would be a nursery for babies, but not at all a fit place for men. Celery is not sweet till it has felt frost, and men don't come to their perfection till disappointment has dropped a hundred weight or two on their toes. If this is true, and we believe it is, we have certainly experienced the full quota of two hundred weight on our corns, but we are determined the City Store shall succeed and if a large stock of bright and handsome new goods which we offer to sell you at prices low enough to please and even astonish the most economical. If bargains are any inducement we are fully determined to furnish the inducement. We struck the market at a time when the supply far exceeded the demand which means bargains, great big bargains, for all who patronize us. We cordially invite everybody to come and see us, inspect our stock, and compare prices. We shall esteem it a very great pleasure to show you through whether you buy or not.

Merchant Tailoring
This department is still under the management of Mr. Cathro, the peer of them all. As a cutter he gives it his sole and undivided attention. Our stock of English, Irish, Scotch and Canadian Tweeds, Suitings, Trouserings, and Overcoatings is very complete, very choice and all of the newest and latest designs and patterns, handsome and better goods of superior value to any we have ever shown for any previous season and bear in mind that we have a reputation to sustain for artistic cut, skilful workmanship, perfect fit, durable trimmings and exquisite taste displayed in the finish of all our clothing which we cannot afford to jeopardize. For the last 7 years it has been a by word in Lindsay that any man with half an eye for beauty and elegance combined could distinguish at a glance the superiority of City Store garments which are invariably characterized by their artistic cut, perfect fit and city like appearance.

Gent's Furnishings as usual is another hobby with us. Hats & Caps, Shirts, Collars, Ties, Gloves, Socks Hks, etc. We cordially invite every man or boy who is at all in need of a suit, or any part of a suit, to come and interview us, inquire our prices, and examine our handsome new stock. We will always be pleased to show you through whether you buy or not. Full stock of Ladies' Astrachan Mantles and Gent's Fur Coats from \$10 up. Also a job lot of Goat and Fancy Robes all of which we are offering at less than wholesale prices.
