The Victoria Warder

FRIDAY, JANUARY 20, 18

The annual meeting of this society has been held for 1866, a report appearing in

To make South Victoria Fair a complete success for 1880 abould now be the aim of everyone in the district. To assist in that and we respectfully suggest that:—

(a) the main half be floored;

(b) the main half be lighted by more

Now, Mr. Kennedy has not, so far as can be learned, expressed his disapproval of the above division of society by Rome and the Ontario government. Therefore is his selection by the people's representa-tives wrong in principle as the law now

We are on record to show that no man, under the old law, should be excluded from an appointment on a high school board because of his being a roman catholie. But we do protest against any man's religion being made the ground for his ont. It is a return to darkageism, a bad precedent, and unfair to the people. There are four high school trustees appointed by town bodies, three of them by the town council and one by the roman catholic separate school board. That gives the roman catholics representation in propertion to their population. The remaining three high school trustees are appointees of the county council, and on any basis, either of education or of numbers, frome is not entitled to a representative.
