We are not to be put out of heart by difficulties; they are sent on purpose to try the stuff we are made of, and depend upon it, they do us a world of good. There is a reason why there are bones in our meat, and stones in our land. A world where everything was easy would be a nursery for babies, but not at all a fit place for men. Celery is not sweet till it has felt frost and men don't come to their perfections. fit place for men. Celery is not sweet till it has felt frost, and men don't come to their perfection till disappointment has dropped a hundred weight or two on their toes. If this is true, and we believe it is, we have certainly experienced the full quota of two hundred weight on our corns, but we are determined the City Store shall succeed and if a large stock of bright and handsome new goods which we offer to sell you at prices low enough to please and even actorich at prices low enough to please and even astonish the most economical. If bargains are any in-ducement we are fully determined to furnish the inducement. We struck the market at a time when the supply far exceeded the demand which means bargains, great big bargains, for all who patronize us. We cordially invite everybody to come and see us, inspect our stock, and compare prices. We shall esteem it a very great pleasure to show you through whether you buy or not.
