Harvest for Dry Goods Buyers

Greatest Genuine Bargains Ever Known in Lindsay.

The Golden Lamb has put on its war paint, and with tomahawk and scalping knife in hand starts on its great Midwinter Clear-

nee Sale.

Not by following its old fogy competitors with a paltry ten per cent, discount, but by a total ignoring of profits. We offer this great inducement in order to clear out our stock before taking our annual inventory; and during the present month you will be offered at the Sign of the Golden Lamb the most astounding and genuine bargains ever seen in any D'y Goods Store in the Town of Lindsay.

OVERCOATS for men and boys; Suits, Pants, Underwear, Mufflers, Caps, etc., and all Winter Goods at such low prices that it will pay any one to buy at this January Sale of the Golden Fleece for another season's wear, even if you are supplied for your present needs.

Imitation is the most sincere flattery. See how some of our competitors will fall into line and how they hurry to dance to the music we play them. They see the handwriting on the wall. With this January sale a cyclone in prices will strike prices for Dry Goods in Lindsay, and cold shudders run down the backs of the cent, per cent, clothiers.

While all our staple lines of merchandise are retailed at a fair marginal profit. We start this sale with one clear and distinct purpose in view, and that is to knock the cent, per cent. way of

purpose in view, and that is to knock the cent. per cent. way of doing business into a cocked hat and build the largest Clothing and Dry Goods business in the County of Victoria on its ruins.

Then just bring on the Cash, If nice goods you wish to buy; For price and good quality This town we do defy.

More or less, for a good deal less than cost

Several reasons prompt us, besides the desire to keep things moving, at a time when nothing but money will move them. We have the goods, the room the people, expenses are going on, we can afford some loss rather than let trade drop.

The heavy trade of the last three months has broken our stock severely. It is nt a loss to sell fragments of stocks at a loss, but we are talking about more than fragments. We are going to pick out somewhere near a quarter of the store and sell it this month for what it will bring. At the end of the month when another sort of trade begins, we shall have the money to buy the things that begin to be wanted. Room to put them in, and time and attention for business. We shall pick out, whatever we can best let go of course, but things that belong to the weather and time of year, timelest things, movable things, February things, things of all the year and every year.

We take a Single Subject:

HOSIERY AND GLOVES In addition to this we have picked out a larger portion of our Dress Goods which we will sell at

amazingly low prices to clear. A few weeks ago we advertised 3,000 yards of Silk from 25 cents up, goods that were worth three times the price, they remained no time upon our shelves.

Woollens of every description such as

CLOUDS, HOODS, LADIES' AND CHILDREN'S VESTS. LADIES' AND CHILDREN'S BLOOMERS

MANTLE CLOTHS we offer at prices that are sure to move them. We shall go through the stores, clear out every sort of goods, and our method all through will be the same as our method to-day. You need not wait for the news. We shall print as fast as we can but the news will be faster

Velvets and Plushes at cost. CLOTHING the same as advertised a week or two ago, and thus the
