have gained us one of the largest retail businesses in town. We have nothing to cover up. Our goods are fairly sold to customers under a guarantee, with quality told open and above board. Isn't that better than the ordinary way of trade? What is the ordinary way? Your eyes are your market. If you key and make a miss of it it's your own fault.

#### Not so with our Establishment.

How are we able to do so well for you? Are you curious? Generous dealing counts. We put every help in the way of customers to get the quality, style, prices of goods they are after. With all these peculiar helps to wise buying—

Popoons Social.—A popoors social will be held in the Baptist church vestry ou Monday evening, February 20th. A good programme has been provided and popoors, tea, coffee and cake will be served. All are cordially invited to attend, both old and young. There will be an admission of 10 cents.

Don't fail to be there.

A CASE WAS TRIED in Lindsay this week concerning which considerable interest is manifested. On Sunday, a week ago, Chief Bell arrested a young man, son of John Connolly Esq., one of the most respected citizens of Ops, the charge being an attempt to procure an abortion on a young lady named Miss Callaghan, also of Ops. As the trial was conducted with closed doors the public are not given all the facts; but it seems young Connolly got a prescription from Dr. Kempt and gave the girl the medicine. Judgment has not yet been made public.

THE MANUFACTURERS' LIFE INSURANCE CO.—A GREAT INSURANCE COMPANY.—The interest in life insurance increases with the increase of education on the subject, and the system of insurance is, like any other concern, subject to improvement. The Manufacturers' Life Insurance Company, the most recently organized, presents new features and inducements, and its remerkable success during its brief period of existence attests the public confidence in it. This Company began business less than a year ago, and has the largest capital stock (two million dollars) of any company in the world. So far already \$621,000 has been subscribed and \$126,500 in cash paid up. Though only actually in business five months, yet up to December 29th insurance policies have been issued to the amount of \$2,504,500, representing annual premiums of \$2,000. The business secured for this indicating achievements unprecedented in life insurance, and more than has been accomplished by some companies after years of business. The best moneyed men of the Dominion are represented among the share-holders. This Company claims to be the first to offer to the public a plan whereby the insured can at the age of 65 withdraw all the accumulations attached to his policy. There are numerous other adventages of insurance with his Company which cannot detailed here, but may be learned on application at the local agency of the Company, James Ganton, Inspector; Gronor McHvon, Local Agent.—13-2.

WE ARE GOING TO SELL

#### WORTH OF \$40,000

More or less, for a good deal less than cost

Several reasons prompt us, besides the desire to keep things moving, at a time when nothing but money will move them. We have the goods, the room the people, expenses are going on, we can afford some loss rather than let trade drop.

The heavy trade of the last three months has broken our stock severely. It is'nt a loss to sell fragments of stocks at a loss, but we are talking about more than fragments. We are going to pick out somewhere near a quarter of the store and sell it this month for what it will bring. At the end of the month when another sort of trade begins, we shall have the money to buy the things that begin to be wanted. Room to put them in, and time and attention for business. We shall pick out, whatever we can best let go of course, but things that belong to the weather and time of year, timelest things, movable things, February things, things of all the year and every year.

We take a Single Subject:

## HOSIERY AND GLOVES

In addition to this we, have picked out a larger portion of our Dress Goods which we will sell at amazingly low prices to clear.

A few weeks ago we advertised 3,000 yards of Silk from 25 cents up, goods that were worth three times the price, they remained no time upon our shelves.

Woollens of every description such as
